Faith, Hope, and Love in the Technological Society Franz A. Foltz, Frederick A. Foltz, 2018-07-31 Franz and Frederick Foltz examine how modern technology creates an environment that significantly affects Christianity by reducing the mysteries of faith to manageable techniques The body of their work analyzes the effects of technology on the theological virtues of faith hope and love the triad that believers have used for a common narrative to understand and express their thoughts and experiences They begin by looking at how recent developments have brought us into a post truth era by removing words from their context in nature time place and community Popular theologies such as the power of positive thinking the laws of creation the plan for salvation and the prosperity gospel reflect this change by gearing all for efficiently getting what we want and ignoring tradition The authors then examine each of the virtues separately finding that faith has become a risk management tool that depends on confidence in systems rather than personal relationships hope is defined as the expectation that our present desires shall be granted rather than a vision of the future and love has become an intimacy that provides escape from the real world and community rather than a self denying care for them Finally the authors take a look at some appropriate responses *Nothing but Love in God's Water* Robert Darden, 2014-10-21 The first of two volumes chronicling the history and role of music in the African American experience *Nothing but Love in God's Water* explores how songs and singers helped African Americans challenge and overcome slavery subjugation and suppression From the spirituals of southern fields and the ringing chords of black gospel to the protest songs that changed the landscape of labor and the cadences sung before dogs and water cannons in Birmingham sacred song has stood center stage in the African American drama Myriad interviews one of a kind sources and rare or lost recordings are used to examine this enormously persuasive facet of the movement *Nothing but Love in God's Water* explains the historical significance of song and helps us understand how music enabled the civil rights movement to challenge the most powerful nation on the planet **Love in the Time of Horses** Charles Porter, 2021-07-31 A horse story for riders A gun story for shooters A love story for lovers A year in the life of Orin Kraybill and his wife Isabel professional dressage competitors and trainers who follow the horseshow circuit to Florida every winter They are friends with Joel Katz a highly ranked jumper rider and champion sharpshooter whose girlfriend Jane Kline is a concert pianist and fellow shooter The story winds through the big shows and hours of training along with the

unusual atmosphere of gun ranges and cowboy fast draw contests where two brothers from the farms around Belle Glade are Joel's rivals and adversaries Love in the Time of Horses is an inside look at the tony cabalistic world of international horse showing and coaching that returns to Florida every winter for the ruling class and famous to entertain compete and play in the sun parlors of Palm Beach County
