Love In A Major Key:

Mystical Love in the German Baroque Isabella van Elferen, 2009 *Mystical Love in the German Baroque Theology Poetry Music* identifies the cultural and devotional conventions underlying expressions of mystical love in poetry and music of the German baroque. It sheds new light on the seemingly erotic overtones in settings of the Song of Songs and dialogues between Christ and the faithful soul in late 17th and early 18th century cantatas by Heinrich Schütz, Dieterich Buxtehude and Johann Sebastian Bach. While these compositions have been interpreted solely as a secularizing tendency within devotional music of the baroque period, Isabella van Elferen demonstrates that they need to be viewed instead as intensifications of the sacred. Based on a wide selection of previously unedited or translated 17th and 18th century sources, van Elferen describes the history and development of baroque poetic and musical love discourses from Schütz's early works through Buxtehude's cantatas and Bach's cantatas and Passions. This long and multilayered discursive history of these compositions considers the love poetry of Petrarch, European reception of petrarchan imagery and traditions, its effect on the madrigal in Germany, and the role of Catholic medieval mystics in baroque Lutheranism. Van Elferen shows that Bach's compositional technique, based on the emotional characteristics of text and music rather than on the depiction of single words, allows the musical expression of mystical love to correspond closely to contemporary literary and theological conceptions of this affect.

Unlocking Meaning in Art Song Beverly Stein, 2024-08-20 *Unlocking Meaning in Art Song* teaches singers how to analyze songs in order to discover deeper meanings and create more compelling interpretations and performances. The first part of the book introduces important practical skills for analyzing the text as well as key musical elements including melody, rhythm, structure, linear motion, and harmony. The remainder of the book presents an in-depth guided analysis of twenty Schubert songs. The questions and prompts in these chapters allow students, singers, and other readers to discover for themselves the amazing ways in which music and expressive meaning are structured. Songs range from simpler analytical difficulty such as *An die Musik* to medium difficulty such as *Gretchen am Spinnrade* and finally to more complex such as *Erlkönig*. The techniques presented in this book can be applied to all types of songs, allowing singers to build critical skills and artful consciousness.
