**Missing from Haymarket Square** Harriette Gillem Robinet, 2030-12-31 Her loving father's major concern is the struggle for better working conditions in factories and mills Her mother thinks mostly of the terrible injury she has received in a sewing factory Therefore Dinah Bell must care for herself But not only herself She and two other children Austrian immigrants who do not mind that Dinah is the child of former slaves not only work twelve hour days to help support their families with the three dollars a week they each earn but they do even more All five families that depend on them for food live together in one rat and roach infested room in a Chicago tenement The children steal though they hate being thieves Other concerns vanish however when in the spring of 1886 Dinah's father is taken prisoner by the dreaded Pinkertons detectives who help factory owners get rid of unions and their organizers Now Dinah must find where her father is being held and free him On May first there is a march of eighty thousand workers demonstrating for an eight hour day The march is why Mr Noah Bell has been taken prisoner and the march and its aftermath the Haymarket Riot put Dinah in constant danger Yet she is determined to succeed Her father must be freed Once again Harriette Gillem Robinet portrays likeable children with their needs and struggles against a background of real events in American history The result is an exciting story that reveals important truths about the American past

Hubler, 2014-04-29 A significant body of scholarship examines the production of children's literature by women and minorities as well as the representation of gender race and sexuality But few scholars have previously analyzed class in children's literature This definitive collection remedies that by defining and exemplifying historical materialist approaches to

children's literature The introduction of *Little Red Readings* lucidly discusses characteristics of historical materialism the methodological approach to the study of literature and culture first outlined by Karl Marx defining key concepts and analyzing factors that have marginalized this tradition particularly in the United States The thirteen essays here analyze a wide range of texts from children's bibles to *Mary Poppins* to *The Hunger Games* using concepts in historical materialism from class struggle to the commodity Essayists apply the work of Marxist theorists such as Ernst Bloch and Fredric Jameson to children's literature and film Others examine the work of leftist writers in India Germany England and the United States The authors argue that historical materialist methodology is critical to the study of children's literature as children often suffer most from inequality Some of the critics in this collection reveal the ways that literature for children often functions to naturalize capitalist economic and social relations Other critics champion literature that reveals to readers the construction of social reality and point to texts that enable an understanding of the role ordinary people might play in creating a more just future The collection adds substantially to our understanding of the political and class character of children's literature worldwide and contributes to the development of a radical history of children's literature

**The Chicago of Fiction** James A. Kaser, 2011 The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on Chicago centered fiction are available they are of little use to scholars researching works written before the 1980s In *The Chicago of Fiction* A Resource Guide James A. Kaser provides detailed synopses for more than 1,200 works of fiction significantly set in Chicago and published between 1852 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i.e. class ethnicity gender immigrant experience and race The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading particularly since genre juvenile and young adult fiction as well as literary fiction are included
