Missing Pieces Women In Irish History 1since The Famine:

Ireland and Anglo-Irish Relations since 1800: Critical Essays N.C. Fleming, 2017-11-30 The Act of Union coming into effect on 1 January 1801 portended the integration of Ireland into a unified if not necessarily uniform community This volume treats the complexities perspectives methodologies and debates on the themes of the years between 1801 and 1879 Its focus is the making of the Union the Catholic question the age of Daniel O Connell the famine and its consequences emigration and settlement in new lands post famine politics religious awakenings Fenianism the rise of home rule politics and emergent feminism

I Am of Ireland Elizabeth Shannon, 1997 Available for the first time in paperback this book provides an intimate look at the troubles in Northern Ireland In a moving collection of interviews with Irish women Elizabeth Shannon reveals them to be as diverse charming maddening and contradictory as the country itself This new edition expanded and updated contains follow up interviews with many of the same Catholic and Protestant women who were featured in the original edition as well as an analysis of the new women s political movement in Northern Ireland

Women & Irish History Maryann Gialanella Valiulis, Mary O'Dowd, 1997 This volume examines Irish women s many and varied political and public roles from the 18th century through to the 20th century Throughout such an analysis many of the articles raise questions about the traditional historical assumption that women were passive agents in the political narrative From philanthropic work in the 1770s to campaigning against de Valera s constitution in 1937 Irish women have a long history of public action This book challenges historians to open up definitions of state nation citizenship and power which have been central to the debate on Irish history

More Missing Pieces Therese Caherty, 1985 **Ireland and Anglo-Irish Relations Since 1800: Union to the land war** Neil C. Fleming, Alan O'Day, 2008 This landmark series of three volumes brings together selected essays from leading and specialist journals that have made a significant or original contribution to Irish historiography Each volume contains a range of articles reappraising the major political themes of the period but also offering new interpretations on social economic cultural and religious history as well as women s history and historical geography Introductions to each volume explain the specific and wider significance of the articles **Books Ireland**, 2006

The History of the Irish Famine Christine Kinealy, Jason King, Gerard Moran, 2020-06-04 The Great Irish Famine remains one of the most lethal famines in modern world history and a watershed moment in the development of modern Ireland socially politically demographically and culturally In the space of only four years Ireland lost twenty five per cent of its population as a consequence of starvation disease and large scale emigration Certain aspects of the Famine remain contested and controversial for example the issue of the British government s culpability proselytism and the reception of emigrants However recent historiographical focus on this famine has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 The narratives of those who perished those who survived and those who emigrated form an integral part of this history and these volumes will make available for the first time some of the original

documentation relating to an event that changed not only Irish history but the history of the countries to which the emigrants fled Britain the United States Canada and Australia By bringing together letters government reports diaries official documents pamphlets newspaper articles sermons eye witness testimonies poems and novels these volumes will provide a fresh way of understanding Irish history in general and famine and migration in particular Comprehensive editorial apparatus and annotation of the original texts are included along with bibliographies appendices chronologies and indexes that point the way for further study
