Missing Stories Of Strange Disappearances:

Missing People Seth Balfour, 2016-04-18 The Chilling True Stories Of Strange And Unusual Disappearances Unexplained Missing People And Missing Persons Cases Most of us just skip over the info about missing person cases on the news because our reality doesn't involve losing anyone we like or love But for those people whose day starts and ends with a prayer of safe homecoming the reality is cruel sad and dark Not that your reality will be affected if you listen to the missing persons updates but in an era when no child is left behind it's shameful to leave behind someone who somebody cares about Most missing people cases usually end up as murders A large number of them are just people who are trying to escape their life and forge a new identity But the most interesting cases are those with few clues and evidence to never be completely solved the cases remain as mysteries forever One thing's for sure even though they say that the truth always wins missing people cases can prove that with enough planning money and power you can make anybody disappear and get away with it

Missing People Seth Balfour, 2016-04-19 Volume 2 of the Missing People series Mysterious True Stories And Gripping Missing Persons Cases Of The Last Century Where Do Missing People Go Closure People who mysteriously lost someone crave this Whatever happened to their loved ones whether they are still alive somewhere or they died the people they left behind want to know For them knowing the ending no matter how horrible is better than continuously thinking of the terrible things that they might be suffering In the cases that we discuss closure is elusive It's a wonder whether the families will ever find the truth behind these disappearances cases Unexplained disappearances are something not to be taken lightly Just imagine how could someone not be found when in almost all corners authorities and concerned vigilant people are on the lookout If they were murdered then why does the perpetrator have the ability to hide the body without a law enforcers knowledge If they willingly disappeared how come no solid tip was observed Perhaps their disappearances are ought to teach us a lesson that anything can happen to anyone at anytime

Missing Andrew Clark, 2018-04-25 They just vanished disappeared without leaving a trace This book shed lights on some of the most intriguing missing person cases There are countless stories all over the globe of average everyday people suddenly vanishing under the strangest and most inopportune of circumstances These cases have baffled the experts and remained unsolved for decades The missing person cases presented in this book have diverse backgrounds but they are all equally mysterious Here we will dive headfirst into some of the most unusual disappearing acts on record Rational explanations have been put forward for some but many lack any plausible theories whatsoever This book relates the true yet astonishing tales of prime ministers lost at sea esteemed physicists vanishing without a trace great explorers lost in the wilderness From the World War II veteran who seemed to literally disappear into thin air on a bus ride home to the ill fated singer songwriter Connie Converse who right around her 50th birthday decided to pull a Bilbo Baggins Connie's own words on the ones she loved by slipping on her very own ring of invisibility and vanishing out of sight this book takes us through some of the saddest the most intriguing and the most

Mysterious Disappearances in History Enzo George,2019-07-15 In this day and age of technology social media and supervision it s difficult to imagine someone vanishing without a trace This page turner includes famous disappearances such as expedition crews in search of new territory ships going missing in the Bermuda Triangle the lost colony of Roanoke Amelia Earhart and the recent case of Malaysia Airlines Flight 370 As they read this engrossing resource readers can decide were these people s lives tampered with by unexplainable phenomenon *Missing Persons* Victor Ellanos,2016-04-18 The Stunning Cases Of Unsolved Missing People And Mysterious Missing Persons Cases The True Stories Every missing persons case is an agonizing experience The anguish the family has to go through is unimaginable at least The life as they know it stops and stays paused The only time these people feel alive is when they hear news about their missing loved ones Everyday a lot of missing person reports are filed at police stations Some of them include lost children some of them are missing adults

Some are purely by accident while some have a touch of malicious intent as to why the disappearance happened In this book we will have a detailed look at six people who have been living a normal life until they were plucked out from it for unknown reasons What their families have up to now are mere theories Some of them can already be considered dead what with the amount years that passed without solid leads For the cases that have happened recently their families are still hoping living by the belief that one day they will be united Missing People Roger P. Mills,2016-10-18 We often see flyers of missing people many of them are children who perhaps enjoyed too much of their escapade that they were separated from their parents Others were probably adults suffering from a mental condition that rendered them incapable of returning home Other missing people cases however are far more intriguing and creepy For example would you imagine a group of passengers abandoning a ship even though it was still capable of operating If pirates killed them then why would they bother bringing the bodies Another case was about three friends who went missing after talking to a man with blond hair They boarded a boat according to some witnesses but what transpired in the boat is still a mystery Other cases such as a lost plane a missing woman with bipolar disorder and a police cover up on the disappearance of a teenage boy can also be found in this book So if you want to share creepy real life tales to friends during a bonfire session then get ready for some disturbingly weird stories Amazon com Missing Persons -2- Leonard Lowe,2024-08-10 These cases leave you speechless The 411 cases truly give you goosebumps and leave the reader bewildered shaking their head and stunned Exciting I devoured the books everything very exciting eerie and creepy Not just for X Files fans Highly recommended Very exciting I read both the 1st and 2nd parts in one go Some cases read as creepy Why do people always get tired just before they disappear and why do they always take off their shoes Most are found dead miles away Or never again Interesting exciting eerie I stumbled upon the topic Missing 411 rather by chance This book is very interesting exciting eerie and when you see the cases side by side commonalities patterns emerge What could be going on there I have read volumes 1 and 2 and both are fantastic More cases More details Creepier than ever The list of missing people continues And the eeriest cases are yet to come A common feature among many is that the victims behave inexplicably as if something or someone has stolen their sanity They walk flee stumble and run as if in a dream straight into the wilderness and to their doom Who or what could cause this Why do the victims in these cases seemingly lose their minds before they disappear Some of the victims remain missing forever never to be found And this despite extensive search efforts the use of the latest technology helicopters infrared heat sensing cameras drones specialized search dog teams thousands of searchers and weeks of searching with almost every meter being combed step by step in search of the missing or any tiny traces indicating their whereabouts Those who are found again are either so far from where they disappeared that it is not only questionable how they got there but also why they would have traveled such a distance voluntarily or fleeing from what Many however remain missing forever They never reappear Search dogs find no trace as if these people had never existed as if they had been swallowed by the proverbial earth These are their stories

Ambrose Bierce is Missing Joe Nickell, 2021-10-21 What constitutes historical truth is often subject to change Through ingenious detection the accepted wisdom of one generation may become the discredited legend of another or vice versa In this wide ranging study of historical investigation former detective Joe Nickell allows the reader to look over his shoulder as he demonstrates the use of varied techniques in solving some of the world's most perplexing mysteries All the major categories of historical mystery are here ancient riddles biographical enigmas hidden identity fakelore questioned artifacts suspect documents lost texts obscured sources and scientific challenges Each is then illustrated by a complete case from the author's own files Nickell's investigation of the giant Nazca drawings in Peru for example thought by some to provide proof of ancient extraterrestrial visitations uses innovative techniques to reveal a very different origin Other cases concern the 1913 disappearance of writer and journalist Ambrose Bierce the authenticity of the Shroud of Turin the truth about the identity of John Demjanjuk Ivan the Terrible to Polish death camp victims the fate of a lost colonial American text the authenticity of Abraham Lincoln's celebrated Bixby letter and the apparent real life model for a mysterious character in a novel by Nathaniel Hawthorne In reaching his solutions Nickell demonstrates a wide variety of investigative techniques chemical and instrumental analyses physical experimentation a psychological autopsy forensic identification archival research linguistic analysis folklore study and many others His highly readable book will intrigue the scholar and the history buff no less than the mystery lover

Missing People Malcolm Cliver, 2016-03-11 A Stunning Collection Of Missing Persons Cases And Stories Of Missing People And Their Unusual Disappearances People disappear everyday some of them turn up murdered some willingly escaped their current lives while some cases remain to be clouded with mystery Day by day we hear and read about missing people but we take them for granted because none of them are connected to us For the families of the people who disappeared they are constantly hoping that the public would care enough if they happen to see a person who resembles their lost loved one Who knows perhaps if you were just familiar with the case you would be able to identify one missing persons But what happens to these people is mostly unknown Sure we speculate but most of the time we will never really know the truth

Missing Jenny Edkins, 2011-09-06 Stories of the missing offer profound insights into the tension between how political systems see us and how we see each other The search for people who go missing as a result of war political violence genocide or natural disaster reveals how forms of governance that objectify the person are challenged Contemporary political systems treat persons instrumentally as objects to be administered rather than as singular beings the apparatus of government recognizes categories not people In contrast relatives of the missing demand that authorities focus on a particular person families and friends are looking for someone who to them is unique and irreplaceable In Missing Jenny Edkins highlights stories from a range of circumstances that shed light on this critical tension the aftermath of World War II when millions in Europe were displaced the period following the fall of the World Trade Center towers in Manhattan in 2001 and the bombings in London in 2005 searches for military personnel missing in action the thousands of political

disappearances in Latin America and in more quotidian circumstances where people walk out on their families and disappear of their own volition When someone goes missing we often find that we didn't know them as well as we thought there is a sense in which we are missing even to our nearest and dearest and even when we are present not absent In this thought provoking book Edkins investigates what this more profound missingness might mean in political terms *Disappearing Object Phenomenon* Tony Jinks,2016-10-03 Have you ever had your car keys or television remote control inexplicably vanish from under your nose only to reappear months later in another part of the house for no evident reason Most would dismiss it as absent mindedness with perhaps a joking remark about paranormal activity Yet remarkable circumstances surrounding many such accounts suggest that the mysterious disappearance of objects could be more than just one of those things Examining a large selection of fascinating narratives this book reviews the disappearing object phenomenon DOP from a scientific standpoint Both skeptical and supportive perspectives on DOP are considered leading to the conclusion that disappearing appearing and reappearing objects are indicators of a controversial take on the nature of reality

Mysterious Disappearances John Townsend,2004-05-04 This series examines weird and unexplained phenomena including aliens and ghosts Each title ends with an open question and leads the reader to make up his or her own mind
