Mission And Conversion Proselytizing In The Religious History Of The Roman Empire:

Mission and Conversion Martin Goodman, 1994 This book tackles a central problem of comparative religious history proselytizing by Jews and pagans in the ancient world and the origins of missions in the early Church Why did some individuals in the first four centuries of the Christian era believe it desirable to persuade outsiders to join their religious group while others did not In this book the author offers a new hypothesis about the origins of Christian proselytizing arguing that mission is not an inherent religious instinct that in antiquity it was found only sporadically among Jews and pagans and that even Christians rarely stressed its importance in the early centuries Much of the book focusses on the history of Judaism in late antiquity Dr Goodman makes a detailed and radical re evaluation of the evidence for Jewish missionary attitudes in the late Second Temple and Talmudic periods questioning many commonly held assumptions in particular the view that Jews proselytized energetically in the first century CE This leads him on to take issue with the common notion that the early Christian mission to the gentiles imitated or competed with contemporary Jews Finally the author puts forward some novel suggestions as to how the Jewish background to Christianity may nonetheless have contributed to the enthusiastic adoption of universal proselytizing by some followers of Jesus in the apostolic age

Early Christ Groups and Greco-Roman Associations Richard S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough's work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead

Imperial Ideology and Provincial Loyalty in the Roman Empire Clifford Ando, 2013-08-29

The Roman empire remains unique Although Rome claimed to rule the world it did not Rather its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates Moreover the empire created this culture with a bureaucracy smaller than that of a typical late twentieth century research university In approaching this problem Clifford Ando does not ask the ever fashionable question Why did the Roman empire fall Rather he asks Why did the empire last so long Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified This consensus was itself the product of a complex conversation between the central government and its far flung peripheries Ando investigates the mechanisms that sustained this conversation explores its contribution to the legitimation of Roman power and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse Throughout his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber Jürgen Habermas and Pierre Bourdieu

The Spread of Christianity in the First Four Centuries William Vernon Harris, 2005 This collection of essays by contemporary historians considers how after two centuries of scholarship we can best explain Christianity's rise to dominance

The Oxford Handbook of Mission Studies Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology history and methodology of the propagation of Christian faith and the engagement of Christians with cultures religions and societies worldwide It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical evangelical Catholic and Orthodox sources and by a spate of academic works on the topic Western church leaders now apply insights from foreign missions such as inculturation liberation interfaith work and power encounter to today's multicultural societies Meanwhile there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere Therefore this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements In a time of growing recognition of religions more generally this work examines and theorizes the missional dimensions of the world's largest religion its agendas growth outreach role in public life effect on cultures relevance for development and its approaches to other communities

Transcending Mission Michael W Stroope, 2017-03-16 Today the language of mission is in disarray Where do the language and idea of mission come from Do they truly have precedence in the early centuries of the church Michael Stroope investigates these questions and shows how the language of mission is a modern phenomenon that shaped a grand narrative of mission He then offers a way forward Prologue Acknowledgements Introduction the enigma of mission Part 1 Justifying

Dictionary of Paul and His Letters InterVarsity Press, 2023-04-11 In this thoroughly revised and updated edition of a classic reference work topics like Christology justification and hermeneutics receive careful treatment by trusted specialists New topics like politics patronage and different cultural perspectives expand the volume's breadth and usefulness for scholars pastors and students today **Life and Practice in the Early Church** Steve McKinion, 2001-08 A collection of primary texts revealing how early Christians practiced their faith Life and Practice in the Early Church brings together a range of primary texts from the church's first five centuries to demonstrate how early Christians practiced their faith Rather than focusing on theology these original documents shed light on how early believers did church addressing such practical questions as how did the church administer baptism How were sermons delivered How did the early church carry out its missions endeavors Early Christian writings reveal a great deal about the tradition as well as the wider culture in which it developed Far from being monolithic the documents which present the voices of the early church fathers in their own words demonstrate variation and diversity regarding how faith was worked out during the patristic period The texts illuminate who was eligible for baptism what was expected of worshippers how the Eucharist was celebrated and how church offices and their functions were organized Contextual introductions explain practices and their development for those with little prior knowledge of Christian history or tradition The pieces included here all in accessible English translation represent such sources as Justin Martyr Tertullian the Cappadocians Cyril of Jerusalem John Chrysostom and Augustine *Christology from Within and Ahead* Mark L. Y. Chan, 2001 A hermeneutical Christology is developed which takes into account the historical contingency of knowledge Through the proposed models of Christology from within and from ahead it underscores the role of tradition experience and eschatology in the formulation of Christology **A Woman's Place** Carolyn Osiek, 2009-12-01 This focused look at women in the household context discusses the importance of issues of space and visibility in shaping the lives of early Christian women Several aspects of women's everyday existence are investigated including the lives of wives widows women with children female slaves women as patrons household leaders and teachers In addition several key themes emerge hospitality dining practices and the extent of female segregation *Jesus and the Origins of the Gentile Mission* Michael F. Bird, 2006-01-01 Bird argues that Jesus was attempting to achieve and enact the restoration of Israel and in continuity with other strands of Jewish belief Jesus conceived of the restoration of Israel as resulting in the salvation of the gentiles Jesus mission was Israel centric but he espoused a view of restoration that was indebted to certain strands of Israel's sacred traditions where the gentiles are implicit beneficiaries of Israel's salvation Since this restoration was already being partially

realized in Jesus ministry it was becoming possible for gentiles to begin sharing in Israel's salvation in the present. Additionally, Jesus understood himself and his followers to be the new temple and the vanguard of the restored Israel who would appropriate for themselves the role of Israel and the temple in being a light to the nations. Thus, a gentile mission has its germinal roots in the aims and intentions of Jesus and was developed in a transformed situation by adherents of the early Christian movement. *Christianity in Relation to Jews, Greeks, and Romans* Everett Ferguson, 1999. First published in 1999. Routledge is an imprint of Taylor & Francis, an informal company. **Heralds and Community** Bo Young Kang, 2016-08-30. This book is part of the ongoing debate about Paul's understanding of the relationship between his own mission and the church's. While this study endorses some previous scholarship on Paul's silence about the church's proactive evangelism in his letters, it argues that explanations for such silence cannot be adequately made from exegetical conclusions on related texts alone. Rather, this study suggests that constructing a plausible conception of mission as understood by Paul, influenced by the impact of the Jesus tradition and Jewish restoration eschatology, is essential for explaining Paul's thinking. Dr. Kang proposes that Paul's silence regarding congregational evangelism is due to his unique two-pronged conception of mission: one being the event of eschatological heralds, the other being the event of eschatological community. Targums and the Transmission of Scripture Into Judaism and Christianity Robert Hayward, 2010. These essays explore ancient Jewish Bible interpretation preserved in the Aramaic Targums, bringing it into conversation with Rabbinic and Christian scriptural exegesis and setting it in the larger world of ancient translations of the Bible. *Paul and the Mission of the Church* James P. Ware, 2011-07-01. Did Paul urge Christians to engage in mission? What would that have meant in his setting? What should the church be doing now? This essential study examines Paul's letter to the Philippians in its ancient Jewish context, making a convincing case that Paul expected churches to continue the work of spreading the gospel. Published in hardcover by Brill, it is now available as an affordable paperback. The Construct of Identity in Hellenistic Judaism Erich S. Gruen, 2016-09-12. This book collects twenty-two previously published essays and one new one by Erich S. Gruen, who has written extensively on the literature and history of early Judaism and the experience of the Jews in the Greco-Roman world. His many articles on this subject have, however, appeared mostly in conference volumes and *Festschriften* and have therefore not had wide circulation. By putting them together in a single work, this will bring the essays to the attention of a much broader scholarly readership and make them more readily available to students in the fields of ancient history and early Judaism. The pieces are quite varied but develop a number of connected and related themes: Jewish identity in the pagan world, the literary representations by Jews and pagans of one another, the interconnections of Hellenism and Judaism and the Jewish experience under Hellenistic monarchies and the Roman empire. Jews, Christians, and the Roman Empire Natalie B. Dohrmann, Annette Yoshiko Reed, 2013-10-09. In histories of ancient Jews and Judaism, the Roman Empire looms large. For all the attention to the Jewish Revolt and other conflicts, however, there has been less concern for situating Jews within Roman imperial contexts, just

as Jews are frequently dismissed as atypical by scholars of Roman history so Rome remains invisible in many studies of rabbinic and other Jewish sources written under Roman rule Jews Christians and the Roman Empire brings Jewish perspectives to bear on long standing debates concerning Romanization Christianization and late antiquity Focusing on the third to sixth centuries it draws together specialists in Jewish and Christian history law literature poetry and art Perspectives from rabbinic and patristic sources are juxtaposed with evidence from piyyutim documentary papyri and synagogue and church mosaics Through these case studies contributors highlight paradoxes subtleties and ironies of Romanness and imperial power Contributors William Adler Beth A Berkowitz Raanan Boustan Hannah M Cotton Natalie B Dohrmann Paula Fredriksen Oded Irshai Hayim Lapin Joshua Levinson Ophir M n z Manor Annette Yoshiko Reed Hagith Sivan Michael D Swartz Rina Talgam
