and spirituality **American Indians in the Marketplace** Brian C. Hosmer,1999 Although it is usually assumed that Native Americans have lost their cultural identity through modernization some peoples have proved otherwise Brian Hosmer explores what happened when cultural identity and economic opportunity converged among two Native American communities that used community based industries to both generate income and sustain their cultures Comparing a lumber business run by the Menominees of Wisconsin and a salmon cannery established by British Columbian and Alaskan Tsimshian communities known as Metlakatla Hosmer reveals how each tribe responded to market and political forces over fifty years Hosmer s innovative ethnohistory recounts how these Indians used the marketplace to maintain their distinctiveness to a far greater extent than those who became wage earners in the white man s world Hosmer shows that by selectively incorporating elements of American capitalism into their cultural lives the Menominees and Metlakatlans came to view modernization less as a threat to their tribal life than as a means for maintaining their independence These tribes embraced the same market accused of hastening the demise of native societies and became comparatively successful in American terms even as they both honored fundamental values and forged new cultural identities Over time these peoples came to understand how the market worked recognized that the broader economy operated according to market principles and learned how to adjust to it Hosmer reveals how their strategies of purposeful modernization brought relative economic independence and sometimes the respect and cooperation of local and federal governments how it helped chart a middle course between unchecked individuality and a communal ethos that might stifle economic development and how economic development and cultural values ultimately affected one another American Indians in the Marketplace is a story of adaptation that acknowledges the hardship and suffering common to most Indian white contact while emphasizing the benefits of selective modernization accompanied by a constant re invention of tradition It questions the victim thesis of Native American history and shows that native peoples can meet the challenges of surviving in the larger world Women and the White Man's God Myra Rutherdale,2007-10 This book is a critical addition to scholarship in women s Canadian Native and religious studies and contributes to the growing Canadian and international literature on post colonialism and gender R sum de l diteur **The Spirit of Missions** ,1901 Includes the proceedings of the annual meeting of the Society Survey of Conditions of the Indians in the United States United States. Congress. Senate. Committee on Indian Affairs,1929

Mission on the Nass E. Palmer Patterson,1982 Good Intentions Gone Awry Jan Hare,Jean Barman,2011-11-01 Unlike most missionary scholarship that focuses on male missionaries Good Intentions Gone Awry chronicles the experiences of a missionary wife It presents the letters of Emma Crosby wife of the well known Methodist missionary Thomas Crosby who came to Fort Simpson near present day Prince Rupert in 1874 to set up a mission among the Tsimshian people Emma Crosby s letters to family and friends in Ontario shed light on a critical era and bear witness to the contribution of missionary wives They mirror the hardships and isolation she faced as well as her assumptions about the supremacy of Euro Canadian society

and of Christianity They speak to her good intentions and to the factors that caused them to go awry The authors critically represent Emma s sincere convictions towards mission work and the running of the Crosby Girls Home later to become a residential school while at the same time exposing them as a product of the times in which she lived They also examine the roles of Native and mixed race intermediaries who made possible the feats attributed to Thomas Crosby as a heroic male missionary persevering on his own against tremendous odds This book is a valuable contribution to Canadian history and will appeal to readers in women s Canadian Native and religious studies as well as those interested in missiology in the Canadian West

The Many Voyages of Arthur Wellington Clah Peggy Brock, 2011-04-15 First hand accounts of indigenous people s encounters with colonialism are rare A daily diary that extends over fifty years is unparalleled Drawing on her painstaking transcription of Arthur Wellington Clah s diaries Peggy Brock pieces together the many voyages physical cultural and spiritual of a Tsimshian man who moved in both colonial and Aboriginal worlds From his birth in 1831 to his death in 1916 Clah witnessed profound change His diaries reveal the complexities of personal interactions between colonizers and the colonized and the inevitable tensions that arose They also show how Clah s hopes for his people were gradually eroded by the realities of land dispossession interference by the colonial state in cultural and political matters and diminishing economic opportunities Clah s personal journey reflects Tsimshian responses to these changes including modifications to potlatching and the chiefly system that had evolved during the fur trade era Taken together his many voyages offer an unprecedented Aboriginal perspective on colonial relationships as they played out on the Pacific Northwest Coast
