Mistaken Identity Surviving Tragedy And Misdiagnosis:

Mistaken Identity Francine Keane, 2004 In *Mistaken Identity* Francine Keane has told of her challenging journey through almost two decades of depression and anxiety which started with the tragic death of her brother when she was 18 With an incorrect diagnosis she was encouraged to persist with analytical psychotherapy while further losses accumulated the death of her mother from Alzheimer's Disease her second brother from motor neuron disease and finally her father who died in 2003 at the age of 90 In caring for her terminally ill brother and elderly father she explores the importance of being present for those you love during such a precious time Finally after 20 long years a correct diagnosis and treatment has led to the rediscovery of her own creativity and this book was borne of the desire to show how the lives of decent people can be re-written by psychiatry In baring her soul she has attempted to demystify abstract therapeutic concepts and questioned the validity of psychotherapy Through the use of letters poetry and dreams she has presented an experience in which life really does imitate art

implementing and sustaining new practices Finally vested interest groups need to know that the introduction of evidence based practices doesn't mean that what they do now is ineffective This unique and densely informative volume will be welcomed by mental health care professionals and by lawmakers planners administrators and others who are charged with the responsibility of providing effective care to vulnerable populations

JESUS NEVER WASTES PAIN Keturah C. Martin, 2014-05 This book is a credit to Jesus Christ who sustained the author through repeated and prolonged abuses of unmentionable proportions for several decades the 1 purpose of this book is to glorify Jesus who is the Great Physician of impossible shatters abuse and heart shreds even amid emotional comatose and poly fragmented dissociation the 2 purpose of the book is to identify with the broken rejected and abused and to commend you all for your strength and survival It is written as a voice for all the survivors of abuse and for those who may be currently trapped as a victim It is written as a source of inspiration to offer hope to those who are on the healing journey or desire to begin this journey to hope healing and freedom the 3 purpose of the book is as a resource for those who are open minded enough to be willing to learn how to understand and help the broken and abused and receive a deeper comprehension of the realities they face We cannot correctly represent Jesus if we cannot see the abused and brokenhearted through His eyes and heart When we truly see them through His heart and eyes we will be propelled into compassionate action just as Jesus was This book addresses and gives hope for abuse issues and aftermath on every level that many may prefer to shove under the carpet This includes not only the various abuses out there but some of the aftermath such as extreme emotional agony suicide dissociation rejection PTSD and satanic bondage the enemy of our soul loves darkness and delights to feed on the unresolved anguish and footholds that are buried in his closets With God's help the enemy and his tactics must be exposed and those whom he has wounded and or holds captive must be freed for he is defeated through the blood of the Great Physician Jesus Christ
