Mistaken Identities:

Mistaken Identities Cyril Levitt, Scott Davies, Neil McLaughlin, 1999 Political Correctness refers to the initiatives of feminists multiculturalists and postmodernists to promote cultural sensitivity social inclusion and protections against harassment Though the media has covered its more salacious incidences over the past decade the dominant understanding of this controversy as a political war between a stodgy Right and a united Left is misleading In the past five years a new second wave of controversy over political correctness has presented a distinctive set of issues which has unveiled a core of enduring problems that strike at the heart of liberal democracy This book collects the work of seventeen authors all of whom situate themselves somewhere from the center to the left of the political spectrum and who challenge the view of political correctness as a simple square off between leftists and neo conservatives They examine the challenges posed by political correctness to individual rights universalism and equality and science and reason **Mistaken Identities** Abigail Solomon-Godeau, 1993

Mistaken Identity Asad Haider, 2022-03-29 A powerful challenge to the way we understand the politics of race and the history of anti racist struggle Whether class or race is the more important factor in modern politics is a question right at the heart of recent history's most contentious debates Among groups who should readily find common ground there is little agreement To escape this deadlock Asad Haider turns to the rich legacies of the black freedom struggle Drawing on the words and deeds of black revolutionary theorists he argues that identity politics is not synonymous with anti racism but instead amounts to the neutralization of its movements It marks a retreat from the crucial passage of identity to solidarity and from individual recognition to the collective struggle against an oppressive social structure Weaving together autobiographical reflection historical analysis theoretical exegesis and protest reportage **Mistaken Identity** is a passionate call for a new practice of politics beyond colorblind chauvinism and the ideology of race **National Identity in Great**

The Greek Film Musical Lydia Papadimitriou, 2015-04-22 The Greek film musical was the most popular film genre in Greece in the 1960s The songs became instant hits the dances were performed at parties and the fashions were imitated by people of all ages Challenging assumptions that the Greek film musical was a culturally lacking imitation of Hollywood this work examines the genre as a cinematic and historical phenomenon that condensed key social and cultural concerns of its time and contributed to the development of a national popular culture in the light of the rapid Americanization of postwar Greece During two decades characterized by affluence and upward mobility in Greek society the musical expressed and reinforced the optimism of the times while capturing the tensions and contradictions that emerged as a result of rapid social changes Beginning with an introduction to modern Greece and cultural identity the book locates the genre in its historical context and argues that it consists of different layers of cultural appropriation and transformation that redefine traditionally fixed notions of identity Old Greek cinema is examined the Greek musical is defined and a number of key films are analyzed with particular emphasis on the style and structure of the musical numbers The work concludes with a filmography of Greek musicals lists of the annual outputs of the production companies Finos Films Karagiannis Karatzopoulos Klak Films and Damaskinos Michailidis a glossary and bibliographies in English Greek and French

Brown Threat Kumarini Silva, 2016-11-01 What is brown in and beyond the context of American identity politics How has the concept changed since 9 11 In the most sustained examination of these questions to date Kumarini Silva argues that brown is no longer conceived of solely as a cultural ethnic or political identity Instead after 9 11 the Patriot Act and the wars in Iran Iraq and Afghanistan it has also become a concept and indeed a strategy of identification one rooted in xenophobic imperialistic and racist ideologies to target those who do not neatly fit or subscribe to ideas of nationhood Interweaving personal narratives ethnographic research analyses of popular events like the Miss America pageant and films and TV shows such as the Harold and Kumar franchise and Black-ish Silva maps junctures where the ideological political and mediated terrain intersect resulting in an appetite for all things brown especially South Asian brown by U S consumers while political and nationalist discourses and legal structures immigration emigration migration outsourcing incarceration conspire to control brown bodies both within and outside the United States Silva explores this contradictory relationship between representation and reality arguing that the representation mediates and manages the anxieties that come from contemporary global realities in which brown spaces like India Pakistan and the Middle East pose key economic security and political challenges to the United States While racism is hardly new what makes this iteration of brown new is that anyone or any group at any time can be branded as deviant as a threat

After 69 CE - Writing Civil War in Flavian Rome Lauren Donovan Ginsberg, Darcy Anne Krasne, 2018-12-17 The fall of Nero and the civil wars of 69 CE ushered in an era scarred by the recent conflicts Flavian literature also inherited a rich tradition of narrating nefas from its predecessors who had confronted and commemorated the traumas of Pharsalus and Actium Despite the present surge of scholarly interest in both Flavian literary studies and Roman civil war literature however the Flavian contribution to Rome's literature of bellum civile remains understudied This volume shines a spotlight on these neglected voices In the wake of 69 CE writing civil war became an inescapable project for Flavian Rome from Statius's fraternas acies and Silius's suicidal Saguntines to the internecine narratives detailed in Josephus's Bellum Iudaicum and woven into Frontinus's exempla Flavian authors preoccupation with civil war transcends genre and subject matter This book provides an important new chapter in the study of Roman civil war literature by investigating the multi faceted Flavian response to this persistent and prominent theme
