Mithraic Art A Search For Unpublished And Unidentified Monuments:

Mithraic Art Al. N. Oikonomidēs, 1975 **The Mind of Mithraists** Luther H. Martin, 2014-11-20 The Roman cult of Mithras was the most widely dispersed and densely distributed cult throughout the expanse of the Roman Empire from the end of the first until the fourth century AD rivaling the early growth and development of Christianity during the same period As its membership was largely drawn from the ranks of the military its spread but not its popularity is attributable largely to military deployments and re deployments Although mithraists left behind no written archival evidence there is an abundance of iconographic finds The only characteristic common to all Mithraic temples were the fundamental architecture of their design and the cult image of Mithras slaying a bull How were these two features so faithfully transmitted through the Empire by a non centralized non hierarchical religious movement The Minds of Mithraists Historical and Cognitive Studies in the Roman Cult of Mithras addresses these questions as well as the relationship of Mithraism to Christianity explanations of the significance of the tauroctony and of the rituals enacted in the mithraea and explanations for the spread of Mithraism and for its resistance in a few places The unifying theme throughout is an investigation of the mind of those engaged in the cult practices of this widespread ancient religion These investigations represent traditional historical methods as well as more recent studies employing the insights of the cognitive sciences demonstrating that cognitive historiography is a valuable methodological tool *Mithras-Orion* Michael Speidel, 2015-08-24 Preliminary material INTRODUCTION THE BULL SLAYING SCENE AS A SERIES OF EQUATORIAL CONSTELLATIONS MITHRAS ORION THE IMAGE OF THE HEAVENS AND THE CULT ICON GREEK HERO ROMAN GOD CONCLUSION ABBREVIATIONS BIBLIOGRAPHY INDEX

Visualising a Sacred City Ben Quash, Aaron Rosen, Chloe Reddaway, 2016-11-25 William Blake famously imagined Jerusalem builded here in London But Blake was not the first or the last to visualise a shimmering new metropolis on the banks of the River Thames For example the Romans erected a temple to Mithras in their ancient city of Londinium medieval Londoners created Temple Church in memory of the Holy Sepulchre in which Jesus was buried and Christopher Wren reshaped the skyline of the entire city with his visionary dome and spires after the Great Fire of London in 1666 In the modern period the fabric of London has been rewoven in the image of its many immigrants from the Caribbean South Asia Eastern Europe and elsewhere While previous books have examined literary depictions of the city this is the first examination of the religious imaginary of the metropolis through the prism of the visual arts Adopting a broad multicultural and multi faith perspective and making space for practitioners as well as scholars its topics range from ancient archaeological remains and Victorian murals and cemeteries to contemporary documentaries and political cartoons **Mithras** Andrew Fear, 2022-06-24 Mithras explores the history and practices of the ancient mystery religion Mithraism looking at both literary and material evidence for the god Mithras and the reception and allure of his mysteries in the present The genesis and spread of Mithraism remain highly controversial This book examines our current state of knowledge on the pre classical Indo

Iranian god Mitra and argues that Mithraism was a product of Mitra's encounter with the religious thought of the classical world. It then charts the life history of Mithraism in the Roman Empire, exploring the social background of its initiates and the reasons for their attraction to the religion. The rituals and beliefs of the cult are as mysterious as its origins. In studying Mithraic caves and paintings found in some Mithraic temples, we can better understand and reconstruct the rituals the Mithraists practiced. While bull slaying or tauroctony lies at the core of the Mithraic mythos, this volume explores other incidents in the god's life depicted in ancient art, including his miraculous birth and his banquet with the sun, as well as the disconcerting lion-headed enveloped god. After a fall from grace in the post-classical world, Mithras has resurrected himself in the present, establishing himself as one of the most recognisable if elusive gods of antiquity. Mithras provides a fascinating study of this complex god that will be of interest to scholars and students of Roman and Late Antique religion, mystery cults as well as those working on society and religion in antiquity more broadly.

Alternative Voices Oliver Freiberger, Magnus Eichtler, Afe Adogame, 2013-07-17. When scholarship presents the histories, belief systems and ritual patterns of specific religious groups, it often privileges victorious and elite fractions of those communities to the detriment and neglect of alternative, dissonant and resurgent voices. The contributions in this volume, which include case studies on various religious and academic contexts, illustrate the importance of listening to those alternative voices for the study of religion.

Wealth, Aristocracy And Royal Propaganda Under the Hellenistic Kingdom of the Mithradatids in the Central Black Sea Region of Turkey Deniz Burcu Erciyas, 2006. This study of the reign of Mithradates VI (120-63 BC) attempts to combine the history of the belligerent Roman Empire and the indomitable kingdom of Pontus with the archaeology of the Turkish Black Sea region.

Religious Rivalries and the Struggle for Success in Caesarea Maritima Terence L. Donaldson, 2000-05-11. We know how the story of the Roman Empire ended with the triumph of Christianity and the eventual Christianization of the Roman Mediterranean. But how would religious life have appeared to an observer at a time when the conversion of the emperor was only a Christian pipe dream? And how would it have appeared in one particular city rather than in the Roman Empire as a whole? This volume takes a detailed look at the religious dimension of life in one particular Roman city, Caesarea Maritima, on the Mediterranean coast of Judea. Caesarea was marked by a complex religious identity from the outset. Over time, other religious groups, including Christianity, Mithraism and Samaritanism, found a home in the city where they jostled with each other and with those already present for position, influence and the means of survival. Written by a team of seasoned scholars and promising newcomers, this book brings a new perspective to the study of religion in antiquity. Along with the deliberate goal to understand religion as an urban phenomenon, *Religious Rivalries and the Struggle for Success in Caesarea Maritima* studies religious groups as part of the dynamic process of social interaction, spanning a spectrum from coexistence through competition and rivalry to open conflict. The cumulative result is a fresh and fascinating look at one of antiquity's most interesting cities.

The Foreign Policy of Mithridates VI Eupator, King of Pontus B.C. McGing, 2018-07-17. This book

is about the clash of the Hellenistic world with the Romans about a late Hellenistic king a dominant figure of the first century B C who refused to accept his inclusion in the Roman sphere of control and attempted to assert his political independence A subsidiary theme is the espousal of hellenism by a non Greek dynasty The work examines first the early history of Pontus and then analyses carefully the events of Mithridates Eupator s reign for what they reveal of his foreign policy Attention is focused on diplomacy strategy propaganda support rather than on military details There is no substantial study of Mithridates in English and really only one in any language Reinach s famous work of 1890 Since then new inscriptions and coins have come to light new methods and approaches devised This book is intended as a contribution to the filling of a large scholarly gap The Adepts in the Eastern Esoteric Tradition: Venerated teachers of the Jains, Sikhs, and Parsis Manly
