Embracing the Darkness John Callow,2017-10-30 As dusk fell on a misty evening in 1521 Martin Luther hiding from his enemies at Wartburg Castle found himself seemingly tormented by demons hurling walnuts at his bedroom window In a fit of rage the great reformer threw at the Devil the inkwell from which he was preparing his colossal translation of the Bible A belief like Luther s in the supernatural and in black magic has been central to European cultural life for 3000 years From the Salem witch trials to the macabre novels of Dennis Wheatley from the sadistic persecution of eccentric village women to the seductive sorceresses of TV s Charmed and from Derek Jarman s punk film Jubilee to Ken Russell s The Devils John Callow brings the twilight world of the witch mage and necromancer to vivid and fascinating life He takes us into a shadowy landscape where in an age before modern drugs the onset of sudden illness was readily explained by malevolent spellcasting And where dark winding country lanes could terrify by night as the hoot of an owl or shriek of a fox became the desolate cries of unseen spirits Witchcraft has profoundly shaped the western imagination and endures in the forms of modern day Wicca and paganism Embracing the Darkness is an enthralling account of this fascinating aspect of the western cultural experience

Gandhi Marg ,1962 **Mushrooms, Myth and Mithras** Carl Ruck,2021-02-24 This illustrated book traces the history of an unlikely force in the shaping of Western civilization the use of psychedelic mushrooms namely by a secret society called the cult of Mithras Nero was the first emperor to be initiated by the group s magical dinners and most of his successors embraced the ritual as a source of spiritual transcendence The cult was officially banned after the Conversion but aspects of their rituals were assimilated or co opted by Christianity and the brotherhoods persist today as secret societies such as the Freemasons This is a fascinating exploration of a powerful force kept behind the scenes for thousands of years
