jumpers and big bows to their shoes were already on familiar terms with one of the junior ship's officers and their laughter which would soon become one of those unending oceanic accompaniments that make land so pleasant again was already competing with the noise of the crew. Everybody boasted aloud that they fed you really well on the *Murmania* and hoped silently that perhaps the sense of being imprisoned in a decaying hot water bottle or whatever more or less apt comparison was invented to suggest atmosphere below decks would pass away in the fresh Atlantic breezes. Indeed it might be said except in the case of a few ivory faced ladies already lying back with the professional aloofness of those who are a prey to chronic headaches that outwardly optimism was rampant.

Le Cousin Pons is one of the last of the 94 novels and short stories that make up Honoré de Balzac's *Comédie humaine*. Begun in 1846 as a novella, it was envisaged as one part of a diptych: *Les Parents pauvres* (The Poor Relations) along with *La Cousine Bette*. *Cousin Bette* The book was originally published as a serial in *Le Constitutionnel* but during 1847 it grew into a full length novel with a male poor relation Pons as its subject. *La Cousine Bette* describes a female poor relation.

Collected Works of Honore de Balzac. Illustrated Honore de Balzac, 2021-10-07

Owing to his keen observation of detail and unfiltered representation of society, Balzac is regarded as one of the founders of realism in European literature. Balzac sought to present his characters as real people, neither fully good nor fully evil, but completely human. His labyrinthine city provided a literary model used later by English novelist Charles Dickens and Russian author Fyodor Dostoevsky. The novel sequence *La Comédie humaine*, which presents a panorama of post-Napoleonic French life, is generally viewed as his magnum opus.
