**Jamgon Mipam** Douglas Duckworth, Jamgon Mipham, Mipam Rinpoche, 2011-12-20 Jamgon Mipam 1846-1912 is one of the most extraordinary figures in the history of Tibet. Monk, mystic and brilliant philosopher, he shaped the trajectory of Tibetan Buddhism's Nyingma school. This introduction provides a most concise entrée to this great luminary's life and work. The first section gives a general context for understanding this remarkable individual who though he spent the greater part of his life in solitary retreat became one of the greatest scholars of his age. Part Two gives an overview of Mipam's interpretation of Buddhism, examining his major themes and devoting particular attention to his articulation of the Buddhist conception of emptiness. Part Three presents a representative sampling of Mipam's writings. Tibetan Literature Leonard van der Kuip, James Burnell Robinson, Paul Harrison, 1996-01-01 Tibetan Literature addresses the immense variety of Tibet's literary heritage. An introductory essay by the editors attempts to assess the overall nature of literature in Tibet and to understand some of the ways in which it may be analyzed into genres. The remainder of the book contains articles by nearly thirty scholars from America, Europe and Asia, each of whom addresses an important genre of Tibetan literature. These articles are distributed among eight major rubrics: two on history and biography, six on canonical and quasi-canonical texts, four on philosophical literature, four on literature on the paths, four on ritual, four on literary arts, four on non-literary arts and sciences, and two on guidebooks and reference works. **Mipham's Dialectics and the Debates on Emptiness** Karma Phuntsho, 2005-03-31 This is an introduction to the Buddhist philosophy of Emptiness. Useful for scholars of Tibetan studies and Buddhist philosophy. Explores the theories of Emptiness in an easy narrative style. This is a compelling account of Emptiness. **Ancient Wisdom for Westerners** Marilyn Magazin, 2022-04-07 A clear and concise introduction into the ancient and profound tradition of Tibetan Medicine. The holistic system of Tibetan medicine has proven over centuries to be extremely effective and complementary to modern Western medicine, especially for chronic diseases. One of the most striking differences between modern Western medicine and Tibetan medicine is how Tibetan medicine looks at health and disease from the energetic point of view as well from an anatomic and physiological one. Tibetan medicine thus provides the answers to many questions about the human body and disease that can not be explained in terms of modern medical teachings. *Ancient Wisdom for Westerners* explores the origins of Tibetan medicine and outlines Tibetan Buddhist terms. It offers explanations to the primary causes and conditions that give rise to sickness, how to avoid and treat them, and how to prevent them from reoccurring. It explains how the three subtle energies of Tibetan medicine are responsible for all bodily functions and gives examples of how nutrition and behaviour are conducive to good health. It also details accurate diagnostic methods, some of which are particularly useful for babies and small children. *Wheel of Initiation* Julie Tallard Johnson, 2010-07-12 A guide to personal spiritual initiation through the transformation of habitual patterns, apathy and resistance. Based on the Native American medicine wheel, the Vedic wheel, and the universal initiatory mandala. Enables readers from any tradition to

initiate themselves through practices of thought transformation narrative medicine meditation exercises rituals and journaling Facilitates breaking through personal and societal illusions that perpetuate resistance and apathy Intentions and spiritual principles meditation and contemplation ritual and risk taking are the conditions that comprise an initiated life Regrettably in modern society we do not have rites of initiation that break through the personal and societal illusions that instill and perpetuate negative habits that keep us in states of resistance Lacking initiation practices we often remain trapped in ways of being in the world that were formed by our past conditions and attachments We tend to identify too strongly with the status quo which must be challenged to prevent stagnation and to encourage happiness and authenticity Julie Tallard Johnson shows how to become initiated into an authentic life through practices of thought transformation cultivating attention journaling storytelling and rituals found in the four directions of the universal mandala She begins the Wheel of Initiation in the South where initiates set their intentions then moves into the West where they free themselves from habitual patterns and core beliefs then into the North the direction of cultivating attention and unity and finishes in the East the direction of regeneration and initiation Drawing upon the life experiences of those who have successfully navigated the wheel Johnson demonstrates that once fears assumptions and ingrained beliefs are confronted and transformed initiates emerge ready to reenter society with renewed energy and vision that will enrich their own lives and their communities **The**
