*Alcohol in the Writings of Herman Melville* Corey Evan Thompson, 2015-05-11 In early to mid 19th century America there were growing debates concerning the social acceptability of alcohol and its consumption Temperance reformers publicly decried the evils of liquor and America's greatest authors began to write works of temperance fiction stories that urged Americans to refrain from imbibing Herman Melville was born in an era when drunkenness was part of daily life for American men but came of age at a time when the temperance movement had gained social and literary momentum This first full length analysis of alcohol and intoxication in Melville's novels short fiction and poetry shows how he entered the debate in the latter half of the 19th century Throughout his work he cautions readers to avoid alcohol and consistently illustrates negative outcomes of drinking **What is Symbolism?** Henri Peyre, 2010-03-14 This book centers on the revolutionary

French symbolist movement of the last part of the 19th century translated by Emmett Parker Peyre gets to the heart of the subject through provocative lines **Hawthorne and Melville** Jana L. Argersinger, Leland S. Person, 2008 Herman Melville and Nathaniel Hawthorne met in 1850 and enjoyed for sixteen months an intense but brief friendship Taking advantage of new interpretive tools such as queer theory globalist studies political and social ideology marketplace analysis psychoanalytical and philosophical applications to literature masculinist theory and critical studies of race the twelve essays in this book focus on a number of provocative personal professional and literary ambiguities existing between the two writers Jana L Argersinger and Leland S Person introduce the volume with a lively summary of the known biographical facts of the two writers relationship and an overview of the relevant scholarship to date Some of the essays that follow broach the possibility of sexual dimensions to the relationship a question that looms like a grand hooded phantom over the field of Melville Hawthorne studies Questions of influence Hawthorne's on Moby Dick and Pierre and Melville's on The Blithedale Romance to mention only the most obvious instances are also discussed Other topics covered include professional competitiveness Melville's search for a father figure masculine ambivalence in the marketplace and political literary aspects of nationalism transcendentalism race and other defining issues of Hawthorne and Melville's times Roughly half of the essays focus on biographical issues the others take literary perspectives The essays are informed by a variety of critical approaches as well as by new historical insights and new understandings of the possibilities that existed for male friendships in nineteenth century American culture Rendered Obsolete Jamie L. Jones, 2023-08-10 Through the mid nineteenth century

the US whaling industry helped drive industrialization and urbanization providing whale oil to lubricate and illuminate the country The Pennsylvania petroleum boom of the 1860s brought cheap and plentiful petroleum into the market decimating whale oil's popularity Here from our modern age of fossil fuels Jamie L Jones uses literary and cultural history to show how the whaling industry held firm in US popular culture even as it slid into obsolescence Jones shows just how instrumental whaling was to the very idea of energy in American culture and how it came to mean a fusion of labor production and the circulation of power She argues that dying industries exert real force on environmental perceptions and cultural imaginations Analyzing a vast archive that includes novels periodicals artifacts from whaling ships tourist attractions and even whale carcasses Jones explores the histories of race labor and energy consumption in the nineteenth century United States through the lens of the whaling industry's legacy In terms of how they view power Americans are she argues still living in the shadow of the whale

Solitude and Society in the Works of Herman Melville and Edith Wharton Linda C. Cahir, 1999-02-28

The interplay between solitude and society was a particularly persistent theme in nineteenth century American literature though writers approached this theme in different ways Poe explored the metaphysical significance of isolation and held solitude in high esteem Hawthorne viewed the theme in moral terms and examined the obligation of each individual to the larger community and Emerson maintained that the contradictory states of self reliance and solidarity are fundamental to human happiness Herman Melville emerged with an ontological response to this issue Questioning the nature of being he argued that humans are essentially isolated creatures While he grants that we are free to choose how we conduct our lives whether in solitude or in society we cannot escape the essential condition of our alienation Thus in *Moby Dick* he coins the term *Isolato* to signify the inherent separateness of all individuals Writing some fifty years later Edith Wharton reached the same conclusion This book argues that Wharton's views on solitude and society were strongly parallel to those of Melville Scholars have generally held that Wharton was primarily influenced by the great English French and Russian writers of the nineteenth century and that with the exception of Walt Whitman Ralph Waldo Emerson and Henry James she neglected the influence of American literature almost entirely This study demonstrates that Wharton read a significant portion of Melville's writings that she reflected on the nature and achievement of his works and that her consideration of his importance emerged during very significant moments in her life when she was forced to grapple with her own place as an individual in relation to a larger community Though Melville and Wharton initially seem disparate this book shows that they had much in common By studying the two authors side by side this volume reveals that they shared a similar way of seeing the world particularly with respect to their considerations of solitude and society Through their solitary characters Melville and Wharton question the relationship of self and society and thus engage a universal problem of special interest to the nineteenth century *What to*
