Phoenicians and Carthaginians in the Western Mediterranean Giovanna Pisano, 1999 *Tra Cartagine e Roma* Salvatore De Vincenzo, 2012-12-06 This work investigates the Carthaginian territories in Sicily from the period of Punic settlement of the western portion of the island in the 6th century BC through the creation of the Roman province and the Augustan administration It analyzes fundamental questions regarding the Punic and Roman presence in Sicily Specific areas of emphasis include topography town planning fortifications residential architecture temples and necropolises *Colonial Religion and Indigenous Society in the Archaic Western Mediterranean, C. 750-400 BCE* Lela Manning Urquhart, 2010 This project examines the long term responses of indigenous societies in Sicily and Sardinia to colonial religion in the ancient western Mediterranean It conducts a comparative analysis of religious developments among indigenous Greek and Phoenician communities between the 8th and 5th centuries BC It shows that while indigenous communities near Greek colonies in Sicily integrated Greek style material culture and practices into their religious lives those near Phoenician colonies in Sardinia and Sicily showed much less interest in Phoenician material culture and religion This contrast is then explained in terms of the greater social accessibility and more communal features of Greek polis religion which made its practices and material culture broadly attractive across cultural divides in a time of rapid social change *Rivista di studi fenici*, 2013 *La ceramica fenicia di Sardegna* Lorenza Campanella, 2000 *The Rough Guide to Sardinia* Robert Andrews, 2004 This guide to Sardinia opens with a 16 page section featuring photography of the island s highlights from the beaches of the southern coast to the evocative prehistoric ruins of

the nuraghi The following chapters provide informative accounts of all the sights from the lively capital of Cagliari to the Smerelda coast There are reviews of the best places to eat drink and sleep in every region and practical advice on exploring the island whether by bicycle car boat or on foot Finally there is comprehensive coverage of Sardinia s history culture art and festivals

Archäologische Studien in Kontaktzonen der antiken Welt Roald F. Docter,1998 *Beyond the Homeland* Claudia Sagona,2008 Despite the flurry of research on aspects of Phoenician culture encompassing their socio economic developments and the mechanics of their settlement of Mediterranean coastal lands the fundamental issue of dating Phoenician achievements remains quite fluid A range of criteria textual sources artefact analysis stratigraphic data and increasingly radiocarbon readings provide a bewildering and sometimes conflicting picture of Phoenician chronology which in many respects remains tenuous and free floating Owing to the nature of Phoenician colonisation its chronology is often compartmentalised into discrete regional units This volume brings together a number of essays focusing squarely on the chronology of the Phoenician Punic world ranging from the homeland to the western settlements The essays are written by specialists in their field who have encapsulated the chronological framework and the problems therein for regions touched by Phoenicians interests A benchmark study Beyond the Homeland will be of value not only to Phoenician Punic scholars but also to those in related fields who need an accessible study in English to navigate the chronological complexities of the field
