Poland Hungary and Czechoslovakia **Holocaust Literature** David G. Roskies, Naomi Diamant, 2012 A comprehensive assessment of Holocaust literature from World War II to the present day *The Shriek of Silence* David Patterson, 2021-12-14 In the Holocaust novel silence is always a character and the word is always its subject matter So writes David Patterson in this profound and original study of more than thirty important writers Contrary to existing views he argues the Holocaust novel is not an attempt to depict an unimaginable reality or an ineffable horror It is rather an endeavor to fetch the word from silence and restore it to meaning to resurrect the human soul to regenerate the relation between the self and God the self and other the self and itself This book is less a critical study in the usual sense than an impassioned meditation on the deeper sources of the Holocaust novel Among the authors examined are Elie Wiesel Arnost Lustig Aharon Appelfeld Katzetnik 135633 Primo Levi Yehuda Amichai Piotr Rawicz A Anatoli Saul Bellow I B Singer Anna Langfus Rachmil Bryks and Ilse Aichinger The Shriek of Silence is a first in several respects the first to examine the Holocaust novels in their original languages the first to articulate a theoretical basis for its approach and the first phenomenological investigation one that attempts to penetrate the process of creation for these novelists Organized along conceptual lines the book examines the word in exile the themes of death of the father and the child transformations of the self and the implications of the reader Its philosophical foundations are Rosenzweig Buber Neher and Levinas Its critical approach is shaped by Bakhtin The novelists of the Holocaust in witnessing through their words regain their voices and in so doing are reborn By probing the depths of their struggle Patterson s study draws us too toward a higher understanding perhaps even our own rebirth **The Holocaust Novel** Efraim Sicher, 2013-10-31 The first comprehensive study of Holocaust literature as a major postwar literary genre The Holocaust Novel provides an ideal student guide to the powerful and moving works written in response to this historical tragedy This student friendly volume answers a dire need for readers to understand a genre in which boundaries and often blurred between history fiction autobiography and memoir Other essential features for students here include an annotated bibliography chronology and further reading list Major texts discussed include such widely taught works as Night Maus The Shawl Schindler s List Sophie s Choice White Noise and Time s Arrow **By Words Alone** Sidra DeKoven Ezrahi, 2008-10-03 The creative literature that evolved from the Holocaust constitutes an unprecedented encounter between art and life Those who wrote about the Holocaust were forced to extend the limits of their imaginations to encompass unspeakably violent extremes of human behavior The result as Ezrahi shows in By Words Alone is a body of literature that transcends national and cultural boundaries and shares a spectrum of attitudes toward the concentration camps and the world beyond toward the past and the future The World Reacts to the Holocaust David S. Wyman, Charles H. Rosenzweig, 1996-09-24 Among the issues examined are the extent of the human destruction the degree of collaboration Jewish reactions and efforts to save the Jews
