Unmasking the Pain Poetry Journal Alicia Brennen, 2006-12-06 The purpose of Unmasking The Pain is not to male bash or take revenge on the men who have hurt me Its true purpose is to help men and women alike confront the issues in their lives that prevent them from experiencing healthy happy secure mature relationships I have tried to sound off to other women but I find that too many are in denial and are still trying to cover up the reality of their own pain Many times by the time you finish sharing with them the women friends are off gossiping about your problem with others rather than sitting with you holding your hand and walking with you through the pain I tried to tell the men in my life what pain they were causing but they did not want to take responsibility for their behavior and blamed me for everything I even bared my soul early in a new relationship I guess hoping he would understand what I had been through and not hurt me too However my sounding board soon became my dartboard as he very quickly inflicted new hurt upon old unhealed wounds It was then that I woke up to the reality that hurting people unwilling to confront what ails them are incapable of loving only hurting And so I write I write for myself It only took a little over a week to express myself in these words but this book represents over twenty years of hurt and pain that I carried all bottled up inside Writing this book has served as a much needed release valve as I found that expressing my pain in this way provided good therapy for a wounded heart I call it my 11 day Therapeutic Wonder I write for all my children Andrew Zoe Destiny and the yet unborn Danielle born 2002 I do not want my son to become the kind of men expressed in these pages Neither do I want my daughters to experience this kind of pain at the hands of emotionally crippled men So if I can help them to make good choices from an early age then my labor would not have been in vain Also I hope to influence other fathers and mothers to commit to raising emotionally healthy sons and daughters After all it may be one of their children who has a relationship with one of mine I write for the next generation The women of the generation before me are not talking No one ever told me about the hurts and pain And no one ever told me how to get over Many of them have not gotten over themselves living lives of bitterness and anger denying the existence of pain buried and suppressed for years on end And until they are willing to confront their own issues and deal

with the bad choices of the past they will continue on in their emotionally crippled state They need healing too I write because I want to be a stepping stone and not a stumbling block to the generation of younger women who are hurting today and in need of answers Sometimes just knowing that you are not alone is the first in the step towards healing I write because raw naked emotions like love and pain scare people We cannot run away from who we really are Our ability to love and experience emotions like joy and pain is what separates us from the lower animal order They make us human And when we deny and suppress these feelings we become inhumane I write because I want to open wounds unmask pain and confront issues that we do not want to address And until we women and men begin to look at ourselves and this pattern of destructive behavior constantly being played out in our adulthives we will never heal and experience the joy of happy relationships rich in positive emotions Healthy relationships we can model for our children I write because I want to end the Cycle of Abuse This book is more than a book of poetry The book is deliberately designed as a help tool and is divided into two sections Poetic Expressions and Private Journal Poetic Expressions is where I took the time I needed to express myself Private Journey is to give you an opportunity to express yourself in response to eac *Be Good, Be Nice, Just Don't Be Stupid* , The Nice Lady,Lulu Enterprises Inc.,2004-04 If your man is cheating you need to know The Nice Lady has taken her twenty years of investigative experience put it in the form of practical advice with a slightly off the wall edge and written this book to help you investigate your cheating man **Colorado Bodyguard** Cindi Myers,2015-07-21 Sophie Montgomery s sister was missing and her trail stopped dead in the Black Canyon which was firmly in Rand Knightbridge s jurisdiction Part of the Ranger Brigade he could lead Sophie on a search deep into this remote part of Colorado Although afraid to disappoint the desperate beauty Rand couldn t ignore her determination But it was clear she needed protecting after shots rang out and Sophie barely escaped with her life Page 4 of cover **Catalog of Copyright Entries** Library of Congress. Copyright Office,1957 **How To Cheat With Statistics - And Get Away With It: From Data Snooping Over Kitchen Sink Regression To "Creative Reporting"** Gunter Meissner,2022-09-02 The book explains how to identify and catch statistical cheaters The author came across many weaknesses and flaws in statistics through 30 years of teaching These weaknesses allow a malevolent researcher to manipulate the inputs the calculations and the reporting of results to derive a desired outcome This book should be valuable to everyone who wants to gain a deeper understanding of the weaknesses in statistics and learn how to evaluate statistical research to catch a statistical cheater The math is explained in simple terms and should be easy to follow In addition the book comes with 18 Excel spreadsheets and 7 Python codes There are also questions and problems at the end of each chapter which should facilitate the usage in a classroom Answers to the questions and problems are available to instructors upon request *Renegade Robot* Tom Lichtenberg,2010-07-31 It s the end of the world as we know it when the dreaded Singularity finally occurs and happens to be captured live on tape by agents of the Frantic News Network which freaks out as usual and causes a lot of trouble for the mild mannered nanobot exterminator who happens to

Lane,2017-07-19 The African American actors and actresses whose names have shone brightly on Broadway marquees earned their place in history not only through hard work perseverance and talent but also because of the legacy left by those who came before them Like the doors of many professions those of the theater world were shut to minorities for decades While the Civil War may have freed the slaves it

was not until the Civil Rights Movement of the 1960s that the playing field began to level In this remarkable book theater producer and historian Stewart F Lane uses words and pictures to capture this tumultuous century and to highlight the rocky road that black actors have travelled to reach recognition on the Great White Way After the Civil War the popularity of the minstrel shows grew by leaps and bounds throughout the country African Americans were portrayed by whites who would entertain audiences in black face While the depiction of blacks was highly demeaning it opened the door to African American performers and by the late 1800s a number of them were playing to full houses By the 1920s the Jazz Age was in full swing allowing black musicians and composers to reach wider audiences And in the thirties musicals such as George Gershwin's Porgy and Bess and Eubie Blake's Swing It opened the door a little wider As the years passed black performers continued to gain ground In the 1940s Broadway productions of Cabin in the Sky Carmen Jones and St Louis Woman enabled African Americans to demonstrate a fuller range of talents and Paul Robeson reached national prominence in his awarding winning portrayal of Othello By the 1950s and 60s more black actors including Ruby Dee Ossie Davis and Sidney Poitier had found their voices on stage and black playwrights and directors had begun to make their marks Black Broadway provides an entertaining poignant history of a Broadway of which few are aware By focusing a spotlight on both performers long forgotten and on those whom we still hold dear this unique book offers a story well worth telling **Devils and Their**

Master Leo Spaziano, 2010-10 Prince of Peace Tom Kingery, 2021-07-12 The birth of Christ is not only about the coming of the Messiah to the world it is the Incarnation By striving to understand Christ we can understand what it is to be a follower of Jesus Exploring the idea of the Incarnation also helps us get a grip on why God came in human form and what our purpose is as we respond with faith in Him That is just one of the many insights from Tom Kingery a United Methodist pastor in his sixth book about Christian life Like a photo album each Christmas message in the Bible gives us part of the whole picture While we may not ever get the entire picture we can see enough of it to know what we are looking at and what we are called on to do because of it Most of the sermons in this book were offered as a series of messages during the weeks up to and including Christmas Eve and Christmas Day Kingery presents them as different parts of a gallery of images and impressions encouraging you to enjoy the offerings and as you move closer to the Lord *Stop Laughing* Kim Peckham, 2008 Kim Peckham confronts life's many quirks with lighthearted insight and a twist of wisdom I've prayed for God to stop me from saying anything unkind I'm not sure how that sort of prayer gets answered Will I wake up one morning talking like Jimmy Carter Or will God take the easy way out and just wire my jaw shut Worry is a part of life Especially if you're a church greeter during cold and flu season I have 100 billion brain cells My question is What do they do with their time They certainly aren't remembering where I left my cell phone SUFFER THE LITTLE CHILDREN UNLESS YOU CAN AFFORD A SITTER Solomon forgot to mention that a wife who is more precious than rubies is a wife who can tell you where you left your car keys There was no money in the Garden of Eden Which was fine because Adam would have been stumped for a place to keep
