Our Accustomed Discourse On The Antique:

Our Accustomed Discourse on the Antique Clifford M. Brown, 1993 Despite educational efforts the majority of Americans are still under the misconception that they are not at risk from HIV AIDS infection In addition the federal government only spends 2% of the total designated federal AIDS funding toward prevention Thus information in respect to AIDS and health communication in any comprehensive nature is almost nonexistent This book aims to rectify the situation by presenting detailed analysis and actions necessary to confront the AIDS pandemic on every level of the communication realm Contributors are experienced researchers educators government officials and physicians They examine the issue from a number of standpoints including communication adolescent medicine public administration psychology journalism audiology speech and language pathology neurological surgery preventive medicine and public health

Festive Funerals in Early Modern Italy Minou Schraven, 2017-07-05 Celebrated at the heart of a notoriously unstable period the Vacant See papal funerals in early modern Rome easily fell prey to ceremonial chaos and disorder Charged with maintaining decorum papal Masters of Ceremonies supervised all aspects of the funeral from the correct handling of the papal body to the construction of the funeral apparato the temporary decorations used during the funeral masses in St Peter's The visual and liturgical centre of this apparato was the chapelle ardente or castrum doloris a baldachin like structure standing over the body of the deceased decorated with coats of arms precious textiles and hundreds of burning candles Drawing from printed festival books and previously unpublished sources such as ceremonial diaries and diplomatic correspondence this book offers the first comprehensive overview of the development of early modern funeral apparati What was their function in funeral liturgy and early modern festival culture at large How did the papal funeral apparati compare to those of cardinals the Spanish and French monarchy and the Medici court in Florence And most importantly how did contemporaries perceive and judge them By the late sixteenth century new trends in conspicuous commemoration had rendered the traditional papal funeral apparati in St Peter's obsolete The author shows how papal families wishing to honor their uncles according to the new standards needed to invent ceremonial opportunities from scratch showing off dynastic resilience while modelling the deceased's memoria after carefully constructed ideals of post Tridentine sainthood

Our Accustomed Discourse on the Antique Clifford M. Brown, 2020-09-29 First Published in 1993 Including a guide to the collecting of this historical data in the latter part of the sixteenth century between 1550 and 1575 this work includes the relationship between Cesare Gonzago and Gerolamo Garimberto and their evaluations on antiquities and archaeological advisings

Jacopo Strada and Cultural Patronage at The Imperial Court (2 Vols.) Dirk Jacob Jansen, 2019-02-26 In *Jacopo Strada and Cultural Patronage at the Imperial Court* Antiquity as Innovation Dirk Jansen provides a survey of the life and career of the antiquary architect and courtier Jacopo Strada Mantua 1515 Vienna 1588 His manifold activities also as a publisher and as an agent and artistic and scholarly advisor of powerful patrons such as Hans Jakob Fugger the Duke of Bavaria and the Emperors Ferdinand I and

Maximilian II are examined in detail and studied within the context of the cosmopolitan learned and courtly environments in which he moved These volumes offer a substantial reassessment of Strada s importance as an agent of change transmitting the ideas and artistic language of the Italian Renaissance to the North The Mirror of Confusion Andrew M.

Kirk,2015-12-22 How did English dramatists portray the neighboring domain of France and its history in their plays The study examines a selection of Shakespearean and other history plays the French tragedies of George Chapman Christopher Marlowe s revealing historical tragedy The Massacre at Paris and several literary and nonliterary historical texts The result is a unique and timely contribution to our understanding of how cultural differences influenced the historical perspectives of English dramatists as well as how Renaissance plays shaped and were shaped by their historical material Drawing on the insights of cultural studies historiography and ethnography this study re examines the historical representation of a neglected yet influential part of early modern Europe and the paradoxical relationship between English writers and their French subject matter Although information about France and French history was becoming increasingly available in England at the end of the sixteenth century for English writers France remained a distant land its history and people misunderstood and misrepresented **The Reception of Ancient Egypt in Venice, 1400-1800** Sabine

Herrmann,2024-06-04 This book examines for the first time how ancient Egypt is reflected in early modern Venetian sources As a center of the printing industry Venice was an important hub for the accumulation and dissemination of direct information on the Near East and the Levant Therefore ancient Egypt played a significant role in the cultural memory of Venice due to the lagoon city s religious and mercantile orientation towards the East The book explores how the acquisition selection and interpretation of Egyptian objects took shape in Venice and which actors were involved in the circulation of knowledge about ancient Egypt Venice can be used as a lens through which to understand the reception of ancient Egypt in the early modern period Meaningful and partly unpublished sources from primarily Italian archives highlight the visual imagination of ancient Egypt and its lexicographical codification The author draws upon these sources to examine the Venetian image of ancient Egypt in the early modern period and the epistemic change that accompanied it *Receptions of Antiquity, Constructions of Gender in European Art, 1300-1600* ,2015-06-24 *Receptions of Antiquity Constructions of Gender in European Art 1300 1600* presents scholarship in classical reception at its nexus with art history and gender studies It considers the ways that artists patrons collectors and viewers in late medieval and early modern Europe used ancient Greek and Roman art texts myths and history to interact with and shape notions of gender The essays examine Giotto s Arena Chapel frescoes Michelangelo s Medici Chapel personifications Giulio Romano s decoration of the Palazzo del Te and other famous and lesser known sculptures paintings engravings book illustrations and domestic objects as well as displays of ancient art Visual responses to antiquity in this era the volume demonstrates bore a complex and significant relationship to the construction of and challenges to contemporary gender norms *Private Collectors in Mantua, 1500-1630* Guido

Rebecchini,2002 Case studies of private art collections recorded during the sixteenth and early seventeenth centuries in Mantua This work seeks to show how the collectors taste changed during this period and how these changes are reflected in the collections display and also seeks to contribute to the understanding of the original context of works of art in sixteenth and early seventeenth century private houses in a courtly city

Paolo Giovio T. C. Price Zimmerman,1995-11-13 Best known for his sweeping narrative Histories of His Own Times and for his portrait museum on Lake Como the Italian bishop and historian Paolo Giovio 1486 1552 had contact with many of the protagonists of the great events he so vividly described the wars of France Germany and Spain and the sack of Rome He used the information he gleaned from his contacts to carry on an extensive correspondence that became a kind of proto journalism With his interests in history literature geography exploration medicine and the arts this man reflects almost the entire spectrum of High Renaissance civilization In a biography surveying both Giovio s life and his works T C Price Zimmermann examines the historian as a figure formed by fifteenth century humanism who was caught in the changing temper of the Counter Reformation Giovio s Histories remained a widely used account of the wars of Italy for nearly two hundred and fifty years although his objectivity was often questioned owing to the patronage he received Following Burckhardt who began to restore Giovio s reputation more than a century ago Zimmermann reveals a conscientious independent minded historian and an astute commentator on the entire Mediterranean world the first to integrate the contemporary history of the Muslim nations with that of Europe east and west The book also stresses the important contributions Giovio made to the ethos of the Renaissance through his biographies and famous portrait museum both tributes to the emerging sense of individual human personality

Antiquities in Motion Barbara Furlotti,2019-06-18 An exciting new approach to understand the trade of antiquities in early modern Rome traces the journey of objects from discovery to display Barbara Furlotti presents a dynamic interpretation of the early modern market for antiquities relying on the innovative notion of archaeological finds as mobile items She reconstructs the journey of ancient objects from digging sites to venues where they were sold such as Roman marketplaces and antiquarians storage spaces to sculptors workshops where they were restored and to Italian and other European collections where they arrived after complicated and costly travel over land and sea She shifts the attention away from collectors to peasants with shovels dealers and middlemen and restorers who unearthed cleaned up and repaired or remade objects recuperating the role these actors played in Rome s socioeconomic structure Furlotti also examines the changes in economic value meaning and appearance that antiquities underwent as they moved throughout their journeys and as they reached the locations in which they were displayed Drawing on vast unpublished archival material she offers answers to novel questions How were antiquities excavated How and where were they traded How were laws about the ownership of ancient finds made followed and evaded

To Have and to Hold Philipp Blom,2004-06-01 This curiously

moving history traces the development of collections since the Renaissance through lively portraits of famous collectors The New Yorker From amassing sacred relics to collecting celebrity memorabilia the impulse to hoard has gripped humankind throughout the centuries But what is it that drives people to possess objects that have no conceivable use To Have and To Hold is a captivating tour of collectors and their treasures from medieval times to the present from a cabinet containing unicorn horns and a Tsar s collection of teeth to the macabre art of embalmer Dr Frederick Ruysch the fabled castle of William Randolph Hearst and the truly preoccupied men who stockpile food wrappers and plastic cups An engrossing story of the collector as bridegroom deliriously obsessively happy wed to his possessions till death do us part Wry history Blom s formidable research is an example of the collector s art in itself The New York Times Book Review An admirable attempt to chart the history of an obsession Publishers Weekly An impressive wide ranging book Christopher Tayler Sunday Telegraph Blom s literary cabinet is full of pungent biographies Times Literary Supplement Provocative stimulating and entertaining Huge questions are thrown up on every page of the book but it is also full of jokes unusual and very welcome in a work of such impressive scholarship and elegance of style a sparkling discursive and eclectic book Independent on Sunday Throughout these well documented stories Blom probes the heart and soul of collecting s appeal An intellectual journey worth taking Booklist

Encyclopedia of the History of Classical Archaeology Nancy Thomson de Grummond, 2015-05-11 With 1 125 entries and 170 contributors this is the first encyclopedia on the history of classical archaeology It focuses on Greek and Roman material but also covers the prehistoric and semi historical cultures of the Bronze Age Aegean the Etruscans and manifestations of Greek and Roman culture in Europe and Asia Minor The Encyclopedia of the History of Classical Archaeology includes entries on individuals whose activities influenced the knowledge of sites and monuments in their own time articles on famous monuments and sites as seen changed and interpreted through time and entries on major works of art excavated from the Renaissance to the present day as well as works known in the Middle Ages As the definitive source on a comparatively new discipline the history of archaeology these finely illustrated volumes will be useful to students and scholars in archaeology the classics history topography and art and architectural history

Machiavelli - The First Century Sydney Anglo, 2005-06-23 Between 1513 and 1525 Niccol Machiavelli wrote a series of works dealing with political military and historical matters One of these the Arte della guerra was published in 1521 but the rest of his major writings were not published until 1531 2 nearly five years after his death They continued to be reissued regularly well into the early seventeenth century The popularity of Machiavelli s books the variety of his themes the different contexts within which he was studied the range of readers interests and the fact that his name entered the vocabulary of every European language all make his early reception a fruitful field of enquiry Historians of ideas have tended to tidy up the past in order to make it comprehensible but Sydney Anglo is concerned with heterogeneity and with the often irrational and emotional aspects of sixteenth century thought Basing his research entirely upon primary sources he quotes extensively in the conviction that in a

battle of words the words themselves and their tone convey more than summaries of intellectual abstractions Authors hostile enthusiastic and indifferent are closely examined and many different contexts political and intellectual are considered Sometimes Machiavelli was influential sometimes not but in this history of his reception silences often prove significant Written in a lively and trenchant style this new interpretation of the impact of Machievalli is an original contribution of high quality by a leading expert in the field of Renaissance studies *A Companion to the Early Modern Cardinal* Mary Hollingsworth, Miles Pattenden, Arnold Witte, 2019-12-30 *A Companion to the Early Modern Cardinal* is the first comprehensive overview of its subject in English or any language Cardinals are best known as the pope's electors but in the centuries from 1400 to 1800 they were so much more pastors inquisitors diplomats bureaucrats statesmen saints entrepreneurs and investors patrons of the arts of music literature and science Thirty five essays explain their social background positions and roles in Rome and beyond and what they meant for wider society This volume shows the impact which those men who took up the purple had in their respective fields and how their tenure of office shaped the entangled histories of Rome and the Catholic Church from a European and global perspective *Mapping The Faerie Queene* Wayne Erickson, 2013-10-28 This book analyzes the Faerie Queene's setting examining Spenser's quest structures and his ideas about epic romance and history Critics almost invariably treat Spenser's Faeryland as coextensive with the world of the poem but this is not the case rather Faeryland is part of an epic cosmos reaching from heaven and the abode of the classical deities to demonic underground realms Spenser situates Faeryland within a specific spatial and temporal terrestrial geography in which locations outside Faeryland represent various heroic settings in political history The politico historical world built around Faeryland is ripe for analysis by contemporary historicist critics Spenser uses political geography in conjunction with the time inclusive medium of Faeryland to coordinate several transhistorical quests that create a pattern of temporal mediations among sixth century British 16th century English and biblical and prophetic versions of history He juxtaposes chronicle history empirical historiography and cultural myth while manipulating genre to create a world capable of accommodating his grand romantic epic design In mapping the world of *The Faerie Queene* the book provides a widened context for Spenser's quest structures a significant contribution to the study of the poem's relation to history and a new perspective from which to view Spenser's debts to classical epic Italian romantic epic and his native medieval inheritance Index Bibliography **Music and Culture in Late Renaissance Italy** Iain Fenlon, 2002-12-05 Explores the role of music in the cultural religious and political upheavals of late Renaissance Italy revealing how musical activity of all kinds was instrumentalized by those in power Italian culture did not lose its vigour after 1530 but underwent a transformation *Lavinia Fontana's Mythological Paintings* Liana De Girolami Cheney, 2020-08-18 This volume investigates emblematic and art historical issues in Lavinia Fontana's mythological paintings Fontana is the first female painter of the sixteenth century in Italy to depict female nudes as well as mythological and emblematic paintings associated with concepts of beauty and

wisdom Her paintings reveal an appropriation of the antique a fusion between patronage and culture and a humanistic pursuit of Mannerist conceits Fontana s secular imagery provides a challenging paragone with the male tradition of history painting during the sixteenth century and paves the way for new subjects to be depicted and interpreted by female painters of the seventeenth century

Reading the Renaissance Jonathan Hart,2019-06-04 Approaching the Renaissance from many perspectives historicism genre studies close reading anthropology feminism new historicism cultural materialism and postmodernism these original essays explore the boundaries between genre and gender languages and literatures reading and criticism the Renaissance and the Middle Ages the early modern and the post modern world and theater They offer a new way of looking at the Renaissance and at literature and history generally through the lens of cultural pluralism which reflects the changing nature of Western society The collection reveals that the study of literature should take into account its cultural context and that it is enriched by an examination of other literatures

Sexuality and Gender in the English Renaissance Lloyd Davis,2019-05-30 First published in 1998 This anthology comprises a diverse range of historical treatises and tracts that discuss and debate gender and sexual relations in early modern England Combining complete texts and extracts many hitherto unavailable in modern editions the collection focuses on prevailing conceptions of sexuality and gender in major areas and institutions of Tudor and Stuart society A broad selection of religious sermons moral handbooks household manuals midwifery and legal textbooks ballads and chapbooks has been chosen
