Peasant Protests And Uprisings In Tokugawa Japan

William M. Tsutsui

Peasant Protests And Uprisings In Tokugawa Japan:

Peasant Protests and Uprisings in Tokugawa Japan Stephen Vlastos, 1986 The Japanese peasant has been thought of as an obedient and passive subject of the feudal ruling class Yet Tokugawa villagers frequently engaged in unlawful and disruptive protests Moreover the frequency and intensity of the peasants collective action increased markedly at the end of the Tokugawa period Stephen Vlastos s examination of the changing patterns of peasant protest in the Fukushima area shows that peasant mobilization was restricted both ideologically and organizationally and that peasants did not become a prime moving force in the Meiji Restoration *Peasant Uprisings in Japan* Anne Walthall, 1991-12-15 Combining translations of five peasant narratives with critical commentary on their provenance and implications for historical study this book illuminates the life of the peasantry in Tokugawa Japan *The Japanese Economy in the Tokugawa Era, 1600-1868* Michael Smitka, 1998-04-01 Makes Japanese sources accessible in English Although much of the work on Japanese economic history is inaccessible to Westerners many of Japan s leading economic historians have published widely in English Combined with the work of Western economists who can utilize Japanese language sources this series assembles a wide range of English language articles on the key issues in Japanese economic development Individual volumes cover the interwar period postwar reconstruction and growth the textile industry demographics agriculture trade and the rise of commerce and protoindustry in the Tokugawa era An information packed classroom and research resource An introductory essay in each volume discusses the significance of the articles compares various economic development in Japan with those in other countries and puts studies in the context of similar studies in Europe A versatile research resource this 7 volume set is a veritable gold mine of hard to find information and data from diverse sources and a godsend to everyone interested in comparative economic and social history Professors will appreciate the collection because it gives them instant access to less familiar English language sources and is an easy way to introduce students to doing their own research Students will appreciate the many articles as a mother lode of information for reports and papers Researchers will be pleased by the coverage of more than three centuries of Japanese history and life *The Making of Modern Japan* Marius B. Jansen, 2009-07-01 Magisterial in vision sweeping in scope this monumental work presents a seamless account of Japanese society during the modern era from 1600 to the present A distillation of more than fifty years engagement with Japan and its history it is the crowning work of our leading interpreter of the modern Japanese experience Since 1600 Japan has undergone three periods of wrenching social and institutional change following the imposition of hegemonic order on feudal society by the Tokugawa shogun the opening of Japan s ports by Commodore Perry and defeat in World War II *The Making of Modern Japan* charts these changes the social engineering begun with the founding of the shogunate in 1600 the emergence of village and castle towns with consumer populations and the diffusion of samurai values in the culture Marius Jansen covers the making of the modern state the adaptation of Western models growing international trade the broadening opportunity in Japanese society with

industrialization and the postwar occupation reforms imposed by General MacArthur Throughout the book gives voice to the individuals and views that have shaped the actions and beliefs of the Japanese with writers artists and thinkers as well as political leaders given their due The story this book tells though marked by profound changes is also one of remarkable consistency in which continuities outweigh upheavals in the development of society and successive waves of outside influence have only served to strengthen a sense of what is unique and native to Japanese experience The Making of Modern Japan takes us to the core of this experience as it illuminates one of the contemporary world's most compelling transformations

Japanese History & Culture from Ancient to Modern Times John W. Dower, 1986 **The Postwar Developments of Japanese Studies in the United States** Helen Hardacre, 1998 This volume of twelve essays with useful bibliographies in the fields of history art religion literature anthropology political science and law documents the history of United States scholarship on Japan since 1945

The Pursuit of Power in Modern Japan 1825-1995 Chushichi Tsuzuki, 2000-04-13 This new history of modern Japan covers its remarkable transformation from a small country on the fringe of international politics to the major world power it is today Professor Tsuzuki traces Japan's pursuit of power first by military and then by economic means from her attempts to replace China at the centre of the Confucian Middle Kingdom through the Meiji nationalist response to the inroads of nineteenth century western imperialism and on to the post war US-Japanese alliance powering the economic miracle of the last half of the twentieth century He examines Japan's political intellectual and industrial development throughout the last two centuries with special attention to the wars that were fought and argues that the history of Japan's modernization was closely linked to the growth of Japan's own imperialism Tsuzuki goes on to reveal how some of the factors which contributed to remaking Japan as an economic giant have also been responsible for her recent economic and political difficulties

Voices of Early Modern Japan Constantine N. Vaporis, 2020-11-26 In this newly revised and updated 2nd edition of *Voices of Early Modern Japan* Constantine Nomikos Vaporis offers an accessible collection of annotated historical documents of an extraordinary period in Japanese history ranging from the unification of warring states under Tokugawa Ieyasu in the early seventeenth century to the overthrow of the shogunate just after the opening of Japan by the West in the mid nineteenth century Through close examination of primary sources from The Great Peace this fascinating textbook offers fresh insights into the Tokugawa era its political institutions rigid class hierarchy artistic and material culture religious life and more demonstrating what historians can uncover from the words of ordinary people New features include An expanded section on religion morality and ethics A new selection of maps and visual documents Sources from government documents and household records to diaries and personal correspondence translated and examined in light of the latest scholarship Updated references for student projects and research assignments The first edition of *Voices of Early Modern Japan* was the winner of the 2013 Franklin R Buchanan Prize for Curricular Materials This fully revised textbook will prove a comprehensive resource for teachers and students of

East Asian Studies history culture and anthropology A Companion to Japanese History William M. Tsutsui, 2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan's history. Composed of 30 chapters written by an international group of scholars, it combines traditional perspectives with the most recent scholarly concerns. Supplements a chronological survey with targeted thematic analyses. Presents stimulating interventions into individual controversies.

Rethinking Japan: Social sciences, ideology & thought Adriana Boscaro, Franco Gatti, Massimo Raveri, 1990 First Published in 1995 Routledge is an imprint of Taylor Francis, an information company.

The Meiji Restoration Robert Hellyer, Harald Fuess, 2020-05-07 In world history, the Meiji Restoration of 1868 ranks as a revolutionary watershed on a par with the American and French Revolutions. In this volume, leading historians from North America, Europe, and Japan employ global history in novel ways to offer fresh economic, social, political, cultural, and military perspectives on the Meiji Restoration and the subsequent creation of the modern Japanese nation-state. Seamlessly mixing meta and micro history, the authors examine how the Japanese state and Japanese people engaged with global trends of the early nineteenth century. They also explore the internal military conflicts that marked the 1860s and the process of reconciliation after 1868. They conclude with discussions of how new political, cultural, and diplomatic institutions were created as Japan emerged as a global nation defined in multiple ways by its place in the world.

Punishment and Power in the Making of Modern Japan Daniel V. Botsman, 2013-10-24 The kinds of punishment used in a society have long been considered an important criterion in judging whether a society is civilized or barbaric, advanced or backward, modern or premodern. Focusing on Japan and the dramatic revolution in punishments that occurred after the Meiji Restoration, Daniel Botsman asks how such distinctions have affected our understanding of the past and contributed in turn to the proliferation of new kinds of barbarity in the modern world. While there is no denying the ferocity of many of the penal practices in use during the Tokugawa period, 1600-1868, this book begins by showing that these formed part of a sophisticated system of order that did have its limits. Botsman then demonstrates that although significant innovations occurred later in the period, they did not fit smoothly into the modernization process. Instead, he argues, the Western powers forced a break with the past by using the specter of Oriental barbarism to justify their own aggressive expansion into East Asia. The ensuing changes were not simply imposed from outside; however, the Meiji regime soon realized that the modern prison could serve not only as a symbol of Japan's international progress but also as a powerful domestic tool. The first English language study of the history of punishment in Japan, the book concludes by examining how modern ideas about progress and civilization shaped penal practices in Japan's own colonial empire.

Japanese Studies from Pre-History to 1990 Richard Perren, 1992

Japan Mikiso Hane, 2013-09-01 What is a shogun? Who were the samurai and what is the warrior code? What lies behind the Japanese work ethic? From the ancient tea ceremony to the boom and subsequent downturn of its economic prosperity, this uniquely concise introduction to Japan and its history surveys nearly 10,000 years of society, culture, economics, and politics. Balancing

economic and political information with new insights into the twin spheres of art and religion Mikiso Hane offers authoritative coverage of all aspects of Japanese life With a particular focus on the key events of the last 200 years the author also pays special attention to the changing conditions of those whose history has been so frequently neglected the women the peasants and the lowest order of untouchables Well rounded and enlightening this informative account of Japan and its people will be greatly appreciated by historians students and all those with an interest in this diverse and enigmatic country

Modern Japan Mikiso Hane, 2018-03-09 Integrating political events with cultural economic and intellectual movements Modern Japan provides a balanced and authoritative survey of modern Japanese history A summary of Japan's early history emphasizing institutions and systems that influenced Japanese society provides a well rounded introduction to this essential volume which focuses on the Tokugawa period to the present The fifth edition of Modern Japan is updated throughout to include the latest information on Japan's international relations including secret diplomatic correspondence recently disclosed on WikiLeaks This edition brings Japanese history up to date in the post 9 11 era detailing current issues such as the impact of the Gulf Wars on Japanese international relations the March 2011 earthquake tsunami and subsequent nuclear accident the recent tumultuous change of political leadership and Japan's current economic and global status An updated chronological chart list of prime ministers and bibliography are also included

Modern Japan Elise Tipton, 2017-09-19 This thoroughly revised and updated third edition of Modern Japan provides a concise and fascinating introduction to the social cultural and political history of modern Japan Ranging from the Tokugawa period to the present day Tipton links everyday lives with major historical developments charting the country's evolution into a modernized economic and political world power Drawing on the latest research the book features new material on the global financial crisis the Fukushima nuclear disaster and continuing political instability While retaining analysis of women's issues minorities and popular culture this third edition's expanded coverage of Japan's role in the Second World War life in the empire and the history of science medicine and technology contributes to a sense of the complexity and diversity of modern Japan Including an updated chronology glossary and guide to further reading as well as new maps and illustrations to help students to engage directly with the subject matter this highly accessible and comprehensive textbook is an essential resource for students scholars and teachers of Japanese history politics culture and society

Treacherous Women of Imperial Japan Helene Bowen Raddeker, 2014-04-08 Kanno Suga and Kaneko Fumika were both found guilty on different occasions in 1911 and 1926 of conspiring to assassinate the Japanese emperor Kanno was executed and Kaneko hanged herself whilst in prison but both women maintained their defiance of the state even in the face of death Through examination of their own life stories and writings Helene Bowen Raddeker brings to life the women's own interpretations of their lives and their attitudes to death with the associations of political martyrdom heroism and notions of immortality She finds that their self presentations became weapons in an ideological war of words about social and political realities and their deaths were a means of self

empowerment within their historical context **Public Spheres and Collective Identities** Walter Lippmann, Wolfgang Schluchter, 2018-04-17 Today it is assumed that we understand contemporary nationalism and nation building Researchers rarely consider the very different traditions from which such state building emerged Instead there is almost too much discussion of the global village with its supposed uniformity and inevitable trajectories We need to view modernity as something other than a single condition with a preordained future New visions of a modern civilization are emerging throughout the world calling for a far reaching appraisal of the older visions of modernization Following Eisenstadt's and Schluchter's introduction Bjorn Wittrock explores the varieties and transitions of early modern societies noting that only by looking at societies collective identities and their modes of mediating in the public sphere can the distinguishing factors between modernity be appreciated Sheldon Pollock discusses the use of vernacular language in India through its literary culture and polity 1000-1500 Sanjay Subrahmanyam sums up major developments in the recent historiography of South Asia from 1400 to 1750 David L Howell focuses on the boundaries of the early modern Japanese state including its political boundaries and the boundaries of collective identity and social status Mary Elizabeth Berry examines public life in authoritarian Japan Frederic Wakeman Jr probes the boundaries of the political game and how they were affected by the increased political centralization that developed after the disorder of the Ming-Qing transition during the seventeenth century Alexander Woodside discusses territorial order and collective identity tensions in Confucian Asia Bernhard Giesen argues that the French Enlightenment can be described as an extension of absolutist court culture Finally essay Victor Perez Diaz examines the state and public sphere in Spain during the Ancient Regime contrasting two ideal types of states a nomocratic model and a teleocratic model This volume addresses cultural and political practices not only from outside the European and American spheres but also over long periods of time in which the internal dynamics of other civilizations become visible Its broad ranging use of empirical materials enables us to think comparatively and historically about the ways in which different modernities took shape *The Military Revolution and Political Change* Brian Downing, 2020-12-08 To examine the long run origins of democracy and dictatorship Brian Downing focuses on the importance of medieval political configurations and of military modernization in the early modern period He maintains that in late medieval times an array of constitutional arrangements distinguished Western Europe from other parts of the world and predisposed it toward liberal democracy He then looks at how medieval constitutionalism was affected by the military revolution of the early modern era the shift from small decentralized feudal levies to large standing armies Downing won the American Political Science Association's Gabriel Almond Award for the dissertation on which this book was based *Buddhist Responses to Globalization* Leah Kalmanson, James Mark Shields, 2014-07-22 This interdisciplinary collection of essays highlights the relevance of Buddhist doctrine and practice to issues of globalization From various philosophical religious historical and political perspectives the authors show that Buddhism arguably the world's first transnational religion is a rich resource for

navigating today's interconnected world Buddhist Responses to Globalization addresses globalization as a contemporary phenomenon marked by economic cultural and political deterritorialization and also proposes concrete strategies for improving global conditions in light of these facts Topics include Buddhist analyses of both capitalist and materialist economies Buddhist religious syncretism in highly multicultural areas such as Honolulu the changing face of Buddhism through the work of public intellectuals such as Alice Walker and Buddhist responses to a range of issues including reparations and restorative justice economic inequality spirituality and political activism cultural homogenization and nihilism and feminist critique In short the book looks to bring Buddhist ideas and practices into direct and meaningful yet critical engagement with both the facts and theories of globalization

Eventually, you will agreed discover a additional experience and carrying out by spending more cash. still when? reach you assume that you require to acquire those all needs similar to having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more more or less the globe, experience, some places, with history, amusement, and a lot more?

It is your certainly own time to measure reviewing habit. among guides you could enjoy now is **Peasant Protests And Uprisings In Tokugawa Japan** below.
