Puttering About In A Small Land:

Puttering about in a Small Land Philip K. Dick, 2014 When Roger and Virginia Lindhal enroll their son Gregg in Mrs Alt's Los Padres Valley School in the mountains of Southern California their marriage is already in deep trouble Then the Lindhals meet Chic and Liz Bonner whose two sons also board at Mrs Alt's school The meeting is a catalyst for a complicated series of emotions and traumas set against the backdrop of suburban Los Angeles in the early 1950s As Roger Virginia Chic and Liz orbit each other in ever decaying circles their lives threaten to run out of control *Pink Beam* Lord R, 2007-07-01 A study of the novels and short stories of science fiction writer Philip K Dick 1928 1982 with presentation of a literary chronology of his career *Dreaming Suburbia* Amy Maria Kenyon, 2004-09-17 A multifaceted cultural study of suburbanization in the United States and Detroit in particular during the postwar suburban boom *Dreaming Suburbia* is a cultural and historical interpretation of the political economy of postwar American suburbanization Questions of race class and gender are explored through novels film television and social criticism where suburbia features as a central theme Although suburbanization had important implications for cities and for the geopolitics of race critical considerations of race and urban culture often receive insufficient attention in cultural studies of suburbia This book puts these questions back in the frame by focusing on Detroit Dearborn and Ford history and the local suburbs of Inkster and Garden City Covering such topics as the political and cultural economy of suburban sprawl the interdependence of city and suburb and local acts of violence and crises during the 1967 riots the text examines the making of a physical place its cultural effects and social exclusions The perspectives of cultural history American studies social science and urban studies give *Dreaming Suburbia* an interdisciplinary appeal **The Twisted Worlds of Philip K. Dick** Umberto Rossi, 2014-01-10 Philip K Dick was one of the most popular science fiction novelists of the 20th century but the contradictory and wily writer has troubled critics who attempt encompassing explanations of his work This book examines Dick's writing through the lens of ontological uncertainty providing a comparative map of his oeuvre tracing both the interior connections between books and his allusive intertextuality Topics covered include time travel alternate worlds androids and simulacra finite subjective realities and schizophrenia Twenty novels are explored in detail including titles that have received scant critical attention Some of his most important short stories and two of his realist novels are also examined providing a general introduction to Dick's body of work **Outside the Human Aquarium** Brian M. Stableford, 1995-01-01 Brian Stableford's essays cover Edmond Hamilton Leigh Brackett Kurt Vonnegut Barry Malzberg Robert Silverberg Mack Reynolds Clark Ashton Smith Philip K Dick David H Keller Theodore Sturgeon and Stanley G Weinbaum [Aliens Among Us](#) Gardner Dozois, Jack Dann, 2013-03-15 Look closely They're here In this thought provoking collection of short stories some of the most ingenious talents in science fiction explore the secret lives of the aliens who walk among us *The Other Celia* by Theodore Sturgeon *Residuals* by Paul J McAuley *Kim Newman Eight O'Clock in the Morning* by Ray Nelson *Expendable* by Philip K Dick *The Reality Trip* by Robert Silverberg *Decency* by Robert

Encyclopedia of Science Fiction George Mann,2012-03-01 This encyclopedia is the most up to date concise clear and affordable guide to all aspects of science fiction from its background to generic themes and devices from authors established and new to films Science fiction has evolved into one of the most popular cutting edge and exciting fiction genres with a proliferation of modern and classic authors themes and ideas movies TV series and awards Arranged in an A Z format and featuring a comprehensive index and cross referencing system The Mammoth Encyclopedia of Science Fiction is also the most accessible and easy to use encyclopedia of its kind currently available **Philip K. Dick** Laurent Queyssi, Mauro

Marchesi,2019-01-01 One of the greatest writers in science fiction history Philip K Dick is mostly remembered for such works as Blade Runner Minority Report and Total Recall His dark fascinating work centered on alternate universes and shifting realities in worlds often governed by monopolistic corporations and authoritarian governments His own life story seems a tussle with reality cycling through five marriages and becoming increasingly disjointed with fits of paranoia and hallucinations fueled by abuse of drugs meant to stabilize him His dramatic story is presented unvarnished in this biography

Philip K Dick Christopher Palmer,2003-03-01 Once the sole possession of fans and buffs the SF author Philip K Dick is now finding a much wider audience as the success of the films Blade Runner and Minority Report shows The kind of world he predicted in his funny and frightening novels and stories is coming closer to most of us shifting realities unstable relations uncertain moralities Philip K Dick Exhilaration and Terror of the Postmodern examines a wide range of Dick s work including his short stories and posthumously published realist novels Christopher Palmer analyses the puzzling and dazzling effects of Dick s fiction and argues that at its heart is a clash between exhilarating possibilities of transformation and a frightening lack of ethical certainties Dick s work is seen as the inscription of his own historical predicament the clash between humanism and postmodernism being played out in the complex forms of the fiction The problem is never resolved but Dick s ways of imagining it become steadily more ingenious and challenging Philip K. Dick David Sandner,Donald E. Palumbo,C.W.

Sullivan III,2020-03-10 Philip K Dick was a visionary writer of science fiction His works speak to contemporary fears of being continually watched by technology and the paranoia of modern life in which we watch ourselves and lose our sense of identity Since his death in 1982 Dick s writing remain frighteningly relevant to 21st century audiences Dick spent his life in near poverty and it was only after his death that he gained popular and critical recognition In this new collection of essays interviews and talks Philip K Dick is rediscovered Concentrating both on recent critical studies and on reassessing his legacy in light of his new status as a major American author these essays explore just what happened culturally and critically to

precipitate his extraordinary rise in reputation The essays look for his traces in the places he lived in the SF community he came from and in his influence on contemporary American literature and culture and beyond
