Quacks Of Old London 1928:

Quacks of Old London C. J. S. Thompson, 2013-10 This is a new release of the original 1928 edition **Bulletin of the New York Academy of Medicine**, 1929 Issues for 1925-37 include the academy's Annual report for 1924-36 **From Hogarth to Rowlandson** Fiona Haslam, 1996-01-01 Elizabeth A. Kaye specializes in communications as part of her coaching and consulting practice She has edited *Requirements for Certification* since the 2000-01 edition Medical Fringe and Medical Orthodoxy 1750-1850 W. F. Bynum, Roy Porter, 2018-12-07 First published in 1987 Even as the professionalism of medicine progressed many sufferers continued to rely on what would now be termed fringe practitioners quacks backstreet surgeons bone setters Thomsonian botanists holists and naturalists Many types of fringe medicine were popular in particular circles or reflected the political or religious preoccupations of their practitioners Anti-establishment radicals might favour natural medicine Christian Scientists would reject the medical aid Physical Puritans would concentrate on homeopathy hydropathy and vegetarianism to create health rather than counter disease Some diseases particularly venereal ones allowed practitioners to play unscrupulously on the guilt of their patients The end of the period saw professionalism establish itself in many areas for example with the foundation in 1852 of the Pharmaceutical Society and conflicts of fringe and orthodoxy became the fiercer The essays collected in this volume all present new research on this fascinating and diverse period in the history of medicine *The Toadstool Millionaires* James Harvey Young, 2015-03-08 Contents Preface Acknowledgments Part One Early Days Part Two Heyday Part Three Themes Part Four Legislation Part Five Epilogue Index Originally published in 1961 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Diary of Edmund Harrold, Wigmaker of Manchester 1712-15 Craig Horner, 2017-05-15 The survival of Edmund Harrold's diary for the years 1712-1715 is a remarkable piece of luck for historians Not only are such diaries for the middling sort rare for this period but few provide so candid an insight into the everyday concerns and troubles of early eighteenth-century life Providing a full transcription of the diary with a substantial introduction and scholarly references this edition the first since a partial transcription in the nineteenth century offers a unique insight into both a troubled individual and the society in which he lived and worked Born in 1678 Edmund Harrold seems to have worked his whole life in Manchester as a barber and wigmaker with a sideline in book-dealing The period covered by his diary although short is rich in its insights into his life and thoughts It lays open his struggles with alcohol his attitudes to and frequency of marital sex his reactions to the death of his three wives and 5 children and his religious meditations upon these and other subjects The diary also relates the ups and downs of his business together with the day to

day realities of a provincial barber from cutting hair to wig making to unblocking the nipples of wet nurses the only medical service he records performing What emerges from the these pages is a fascinating snapshot into the social professional and private life of an impoverished inhabitant of Manchester during a period of profound social and economic change It is impossible to read the diary without developing some sense of empathy with this troubled man but more than this it puts flesh onto the bones of history reminding us that the people we read about and study were all individuals *The Social History of Language* Peter Burke,Roy Porter,1987-10-22 This volume of essays brings together work by social historians of Britain France and Italy **England in the Restoration and Early Eighteenth Century** Hugh Thomas Swedenberg,1972-01-01 George Fox's 'Book of Miracles' George Fox,2012-03-08 A fascinating insight into a period of religious revolution in Britain and into the development of a new faith *New Letters to the Tatler and Spectator* Richmond P. Bond,2014-06-23 Ninety six letters to the Tatler and the Spectator representing what is probably the largest extant body of unpublished material relating directly to the two journals appeared for the first time in print in this book The original letters were not published in the Tatler or the Spectator but they were preserved by the editors and eventually found their way into the Marlborough and the Tickell collections They have been prepared for publication and edited with notes and an introduction by an authority in the field of early periodicals The letters will be of especial interest to students of early eighteenth century England for few literary forms more clearly reflect the times in which they are written than the letter particularly the letter to the editor A wide range of writers is represented the inarticulate and the witty the serving maid and the gentleman Subject matter is equally diverse including such topics as women s petticoats free thinking the state lottery the nuisance of a smoking wife cock throwing and Platonic love Why the letters were not published in the Tatler or the Spectator is a matter for conjecture Some of them were apparently used by Addison or Steele as topics for essays Occasionally a letter was received or rewritten by the editors and printed in an altered form Whatever the reason for their survival these letters will be of value to students of language and literary journalism social conditions and popular philosophy
