

Qualitative Research And Evaluation In Group Care

Bonnie L. Yegidis, Robert W. Weinbach

Qualitative Research And Evaluation In Group Care:

Qualitative Research and Evaluation in Group Care Rivka Anne Eisikovits, Yitzhak Kashti, 1987 In this informative volume a selection of qualitative studies on group care serves to illuminate the intricacies of life in group care environments The high quality contributions illustrate the variety of styles in qualitative research as well as the social functions it can play from factual description to social warning

People Care in Institutions Yochanan Wozner, 1990 This analysis of direct care institutions focuses on the organization and culture of the institution rather than its given psychological or educational approach It features practical strategies for the organization of institutional settings and suggests a scheme for quality of life

Forty Years of Research, Policy and Practice in Children's Services Nick Axford, Vashti Berry, Michael Little, Louise Morpeth, 2005-06-24 Founded in 1963 Dartington Social Research Unit conducts scientific research into child development within the context of children's services with a view to informing interventions for children in need Originating from a festschrift to celebrate the work of Roger Bullock one of Dartington's first researchers and a Fellow of the Centre for Social Policy this book from a prestigious author team examines developments in children's services over the past forty years providing a context for future policy making Ten key areas are covered including foster care and family support while two overview chapters explore 40 years of Social Research and Gaps in the Knowledge and Future Challenges

Research Methods for Social Workers Bonnie L. Yegidis, Robert W. Weinbach, 2002 This research methods text for social work is accessible to students in level and writing style and its paperback format makes it less expensive than most texts on the market The authors are social work instructors who understand the realities of social work practice and have included many social work practice examples The text is ideal for a one semester or quarter research methods course for undergraduate or graduate students with little or no prior knowledge of research In response to reviewers and students the fourth edition infuses content in three major areas First qualitative research methods are discussed and appropriate examples are offered throughout the book not just in a single chapter Secondly research to evaluate practice while still the focus of the last two chapters is discussed alongside research for building a professional knowledge base at many points throughout the text Third discussion of ethical issues appears in many other places besides Chapter 2 It receives special emphasis in the discussions of program evaluations and single system research

Enhancing Primary Care of Elderly People F. Ellen Netting, Frank G. Williams, 2014-02-25 This important work offers the first detailed analysis of recent changes in health care for the elderly The contributors examine primary care in urban suburban and rural settings and show what makes each of these successful care providers

Policy, Program Evaluation, and Research in Disability Julie Ann Racino, 2023-07-28 Explore case studies from the 1980s and 1990s that highlight the progress of community programs for people with disabilities Policy Program Evaluation and Research in Disability Community Support for All is an essential research reference on how community support systems can greatly assist people with diverse disabilities to live fuller lives outside of institutions Based on

qualitative research methods Policy Program Evaluation and Research in Disability reflects over a decade of technical assistance and research in state regional and local communities throughout the United States Community service managers policy makers researchers activists individuals with disabilities and their families will benefit from the numerous studies that promote a better quality of life for those living with disabilities Structured around the support and empowerment paradigm which strives to enhance the independence of people with disabilities Policy Program Evaluation and Research in Disability offers studies that combine in depth qualitative research approaches for use with field practicums research internships and professional development You will examine studies that cover several different types of community support systems in the fields of mental health mental retardation brain injury physical and multiple disabilities In Policy Program Evaluation and Research in Disability some of the topics you will read about include public policies to support changes in communities and governmental programs advocating for statewide changes in housing and community support programs national regional and local studies of organizations and innovations supporting people with disabilities working for the inclusion of individuals with disabilities in public schools and communities agencies as supporters and funders of personal choice self advocacy and services to families case studies on community integration that show people with disabilities living successful lives personal assistance services as described by leading consumer experts and advocates maximizing the personal futures of people with disabilities through supported employment housing and community living With Policy Program Evaluation and Research in Disability you will gain an in depth look at the programs and policies available to people with disabilities and the emerging trends directions and recommendations for these programs An excellent guide and research tool this book challenges you to reach to another level of advocacy and not to settle for the status quo when it comes to bringing interdependence to everyone

Current Index to Journals in Education ,1998 **Handbook for Practice Learning in Social Work and Social Care**
Joyce Lishman,2007-05-15 This substantially revised expanded and updated edition of the popular Handbook of Theory for Practice Teachers is a comprehensive summary of the theory knowledge research and evidence relating to practice learning in social care focussing on knowledge based practice with a focus on improving outcomes Qualitative Research Practice
