

COLLABORATIVE LEARNING

Collaborative learning occurs when learners work together to achieve an educational objective.

DEFINITION

"Collaborative learning is an educational approach to teaching and learning that involves groups of learners working together to solve a problem, complete a task, or create a product." (Laal and Laal, 2012. p. 491).

BENEFITS

- **Communication Skills:** students express their views and discuss ideas regarding tasks, timelines and objectives. This enhances their listening and communication skills.
- **Conflict Resolution Skills:** when students encounter differences in opinions, they learn how to handle those disagreements in a constructive manner.
