Teachers College Columbia University LL AAHE-ERIC/higher Education Research Report ,1978 *Challenges and Opportunities of Educational Leadership Research and Practice* Alex J. Bowers, Alan R. Shoho, Bruce G. Barnett, 2015-09-01 As the sixth volume in the International Research on School Leadership series the contributing authors in this volume consider the history challenges and opportunities of the field of research and practice in educational leadership and administration in schools and districts Ten years after the work of Firestone and Riehl 2005 and their contributing authors our aim with the present volume was to summarize and update the work of the field and provide a space to consider the multiple futures of educational leadership in schools and districts as both challenges and opportunities The first decade of the twenty first century brought significant critiques challenges and competition to the research and practice of training leaders and administrators of schools and districts around the world Congruently the field experienced significant growth and change as multiple new sub domains flourished and were founded Thus in this volume we were delighted to include excellent chapters from multiple authors that considered the duality of the challenges and opportunities of The work of the field of educational leadership and administration research to date The opportunities and challenges of new visions of leadership in traditional and non traditional schools The evolving state of research evidence in educational leadership and the increasing sophistication of multiple methodologies including qualitative research quantitative modeling the ability to test theory and the increasing opportunities brought on by the intersection of data research and practice The preparation of educational leaders And the emerging trends in the professional development of school leaders The authors of the nine chapters in the present book volume took on this challenge of confronting the duality of not only including the past as we look to the future but also the duality of the critique of the field in the midst of exciting and significant progress in our knowledge and understanding of leadership in schools In the first section of the book Chapters 2 3 and 4 the authors examine the interplay of educational leadership research and theory as it relates to reform in schools especially as it relates to serving historically underserved populations globally In section 2 Chapters 5 and 6 the authors highlight the importance of methodological considerations in school leadership research as a means to understand theory and practice as well as providing interesting avenues that point to multiple exciting future possibilities through relying on current innovations noted within the chapters Section 3 Chapters 7 and 8 examine the research and practice of school leadership preparation especially as it relates to university district partnerships and non traditional school settings And in the final chapter Chapter 9 our capstone contributor provides a means to link the present volume with the past writings on these topics while also providing a lens to view the exciting possibilities and promises of the multiple futures of the field of educational leadership research and practice *The Quest to Define Collegiate Desegregation* M. Christopher Brown II, 1999-05-30 In 1954 the United States Supreme Court's ruling in *Brown v Board of Education Topeka* 347 U S 483 overturned the prevailing doctrine of separate but equal introduced by *Plessy v Ferguson* 163 U S 537 fifty eight years prior By the time *Brown* was decided many states

had created dual collegiate structures of public education most of which operated exclusively for Caucasians in one system and African Americans in the other Although Brown focused national attention on desegregation in primary and secondary public education the issue of disestablishing dual systems of public higher education would come to the forefront two years later in *Florida ex rel Hawkins v Board of Control* 350 U S 413 1956 However the pressure to dismantle dual systems of public education was not extended to higher education until the passage of the Civil Rights Act of 1964 Despite Title VI of this Act which stated that No person in the United States shall on the ground of race color or national origin be excluded from participation in or be denied the benefits of or be subjected to discrimination under any program or activity receiving Federal financial assistance nineteen states continued to operate dual systems of public higher education The Quest to Define Collegiate Desegregation explores the evolution of the legal standard for collegiate desegregation after *Adams v Richardson* 351 F2d 636 D C Cir 1972
