**Tomáš Peráček, Fátima Castro
MOREIRA**

Quantitative Methods For Busin Ess Fourt:

Quantitative Methods in Comparative Law Pier G. Monateri, Mauro Balestrieri, 2023-11-03 This invaluable and timely book provides a comprehensive Conflict Prevention and Friction Analysis CPFA Model for researching comparative law in our increasingly technology led legal and economic order It provides an in depth examination of practical case studies showcasing the real world application of quantitative methods and theoretical approaches for analysing legal issues

Doctrina et Usu in Business Law Tomáš Peráček, Fátima Castro MOREIRA , 2023-01-12 This volume contains the scientific papers presented at the Twelfth International Conference Challenges of Business Law in the Third Millennium that was held on 25 November 2022 in online format on Zoom The conference is organized each year by the Society of Juridical and Administrative Sciences The scientific studies included in this volume are grouped into three chapters Business Interactions Specific to Public Law Private Law and Business Law an Essential Duo Modern Developers of Business Law International Law and European Union Law The present volume is addressed to practitioners researchers students and PhD candidates in juridical sciences who are interested in recent developments and prospects for development in the field of business law at international and national level

ECRM 2023 22nd European Conference on Research Methods in Business and Management Academic Conferences and Publishing Limited, 2023-09-06 **Proceedings of the 1st Brawijaya International Conference on Business and Law (BICoBL 2022)** Adi Kusumaningrum, Airin Liemanto, 2023-08-28 This is an open access book The advancement of science is an important basic for the country s development It should be supported by the analysis which could provide solutions of various problems and phenomena happened in society One of the problems amidst the problems around the world is how to resolve the economics and social problem as a result of the COVID 19 Pandemic The complex problems due to pandemic are not merely believed to be bias if it is solved by a science so that it needs collaboration of other social sciences Due to these issues of social science we are conducting the 1st Brawijaya International Conference on Business and Law BICoBL 2022 on the 27th of October 2022 in Bogor The theme of the conference entitles Collaboration of Business and Law After Pandemic to Enhance Sustainable Development We are looking forward to having you in our conference

Practice and Theory in Comparative Law Maurice Adams, Jacco Bomhoff, 2012-07-05 A collection of essays exploring the gap between theory and practice in comparative legal studies

Management Education in Historical Perspective Lars Engwall, Vera Zamagni, 1998 This book traces the main historical events that have shaped present day management education in a representative sample of European countries and in Japan

The Empirical Curriculum Clifford Adelman, 2004 **New Legal Approaches to Studying the Court of Justice** Claire Kilpatrick, Joanne Scott, 2020-12-16 At the beginning of 2015 the Court of Justice opened its archives which created a new and challenging primary source for those studying the Court of Justice the dossiers de proc dure which contain much more than the contemporary documents published by the Court This volume includes five chapters which analyse the

activities of the Court of Justice from a highly diverse range of non doctrinal perspectives However they also highlight significant new developments at the Court itself which attract attention and deserve analysis Thus the idea behind this volume is to make available new tools and approaches through which the activities of the Court of Justice can be studied It shows a more intense engagement with scholars across disciplines to reflect on law and courts with the Court of Justice as a central focus and new methods such as network citation analysis and sources such as the Court s archives being discovered and developed It also shows a more intense and deeply knowledgeable engagement with EU law and the Court of Justice by non legal scholars such as the new sociologies and histories of the Court of Justice These and other new approaches have spawned productive and ongoing conversations across disciplines

The More Economic Approach to EU Antitrust

Law Anne C Witt,2016-11-17 In the late 1990s the European Commission embarked on a long process of introducing a more economic approach to EU Antitrust law One by one it reviewed its approach to all three pillars of EU Antitrust Law starting with Article 101 TFEU moving on to EU merger control and concluding the process with Article 102 TFEU Its aim was to make EU antitrust law more compatible with contemporary economic thinking On the basis of an extensive empirical analysis of the Commission s main enforcement tools this book establishes the changes that the more economic approach has made to the Commission s enforcement practice over the past fifteen years It demonstrates that the more economic approach not only introduced modern economic assessment tools to the Commission s analyses but fundamentally changed the Commission s interpretation of the law Emulating one of the key credos of the US Antitrust Revolution thirty years earlier the Commission reinterpreted the EU antitrust rules as aiming at the enhancement of economic consumer welfare only and amended its understanding of key legal concepts accordingly This book argues that the Commission s new understanding of the law has many benefits Its key principles are logical translate well into workable legal concepts and promise a great degree of accuracy However it also has a number of serious drawbacks as it stands Most worryingly its revised interpretation of the law is to large extents incompatible with the case law of the European Court of Justice which has not been swayed by the exclusive consumer welfare aim This situation is undesirable from the point of view of legal certainty and the rule of law

Routledge Handbook of Corporate Law Roman Tomasic,2016-11-10 The Routledge Handbook of Corporate Law provides an accessible overview of current research in the field from an international and comparative perspective In recent years there has been an explosion of corporate law research as this area of law continues to develop rapidly throughout the world Traditionally Anglo American corporate law theory has dominated debates and publications however this handbook readdresses the balance by exploring the treatment of corporate law in both Europe and Asia as well developments in the US and UK Bringing together a wide range of key thinkers in the field this volume is divided into three main parts Thinking about corporate law Corporate law principles and governance Some cross cultural comparisons Providing up to date and authoritative articles covering all the key aspects of corporate law this reference work is essential reading for advanced

students scholars and practitioners in the field
