Redevelopment Housing Activities in California ,1994 **California Supreme Court Decides to Eliminate Redevelopment Agencies** Tarnvir Hundal,2014 This project consists of a study of the Redevelopment Agencies RDAs throughout California and the most recent actions from the Supreme Court shutting down more than 400 RDAs Prior to the dissolution RDAs received over 5 billion in property tax revenues annually and had tens of billions of dollars of outstanding bonds contracts and loans O Malley 3 Due to the most recent ruling by the California Supreme Court approximately 400 RDAs has been eliminated leaving many questions unanswered The purpose of RDAs was to promote local economic development in blighted urban areas Redevelopment activities create jobs and expand businesses opportunities provide housing for families most in need and help reduce crime However many state audits throughout California concluded cities were not spending the RDAs funds correctly On December 29 2011 the Supreme Court upheld its decision in the California Redevelopment Association v Ann Matosantos case finding Assembly Bill X1 26 AB X1 26 This meant RDAs throughout California had to freeze any new debt loans grants or acquiring any new assets or new contracts O Malley 9 The primary role of the successor agency is to make sure payments and any pending obligations with projects must be paid An Oversight Board consist of seven members to assist as the successor agency With the elimination of the redevelopment agencies leaves many worries for cities to see growth and job increases without the assistances of the state End Or Means? Who Will Redevelop Redevelopment? Tim Kowal,2006 Although California s redevelopment law is among the strictest in the nation from a layperson s perspective redevelopment agencies RDAs appear to be no more obstructed from their projects in California as they would be in say Connecticut This article addresses a sort of tragedy of the commons problem applied to redevelopment If redevelopment powers are over harvested such as to instigate serious political revolt against them they will become barren and useless and will no longer be available for the purposes for which they were intended and for which they are still needed Even assuming that redevelopment is efficacious and necessary restrictions on redevelopment ought not be vacuous In a post Kelo society redevelopment finds itself in danger of being neutered of its ability to do what it is truly meant to do to overcome market failure in urban areas and restore and preserve the vitality of our communities If redevelopment agencies abuse their powers by manipulating the market rather than facilitating it they expose themselves to political attack in an already volatile property rights climate We are in need of reform that reminds RDAs why they exist in the first place market facilitation not revenue generation The problem cannot be properly addressed at the local level In the example of 99 Cents Only Stores v Lancaster Redevelopment Agency it became clear that unscrupulous businesses will employ hostage taker strategies to capture the RDA s eminent domain power Cities are left resorting to economically cogent yet legally pathetic claims such as future blight in order to appease 800 pound gorillas such as Costco or Wal Mart Thus it is not enough simply for local governments to self regulate their use of eminent domain it must be regulated from without Because an ill conceived redevelopment regime allows rent seekers to blackmail cities and entices cities to use coercive bargaining and offend landowners sensibilities RDAs are in danger of ruining the tools it needs to achieve the purpose of true blight removal the purpose for which it was designed Thus without careful review RDAs threaten to kill the golden goose The solution is to remove the blight in our redevelopment law and redevelop
