Reflections On A Politically Skeptical Era:

Reflections on Politically Skeptical Era (Clt) Dennis Hume Wrong, a welcome and scholarly contribution to Political Science reference collections and reading lists The Bookwatch All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequalities and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in shaping his own thought and how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes *Reflections on a Politically Skeptical Era* is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process Dennis H Wrong is the author of several books including two essay collections containing articles first published in cultural intellectual political and scholarly journals in the United States Canada and Britain several of which he has served as an editor or editor in chief He has taught sociology at Princeton Rutgers Brown the University of Toronto the New School for Social Research Graduate Faculty and for most of his career at New York University He is currently retired and lives in Princeton

Reflections on a Politically Skeptical Era Dennis Wrong, 2017 All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequality and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in

shaping his own thought and how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes *Reflections on a Politically Skeptical Era* is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process Provided by publisher

The Persistence of Particular Things Dennis Hume Wrong, Humans form theories and general laws that can be applied to common social experience This is balanced by a will to define events and conditions particular to specific times places and individuals Dennis H Wrong argues that the scientific standard of universal laws and propositions has only limited relevance to human historical phenomena The Anatomy of the Case Study Gary Thomas, Kevin Myers, 2015-05-20 This sharp stimulating title provides a structure for thinking about analysing and designing case study It explores the historical theoretical and practical bones of modern case study research offering to social scientists a framework for understanding and working with this form of inquiry Using detailed analysis of examples taken from across the social sciences Thomas and Myers set out and then work through an intricate typology of case study design to answer questions such as How is a case study constructed What are the required inherent components of case study Can a coherent structure be applied to this form of inquiry The book grounds complex theoretical insights in real world research and includes an extended example that has been annotated line by line to take the reader through each step of understanding and conducting research using case study

Towards a Sociology of Nursing Ricardo A. Ayala, 2019-08-20 Towards a Sociology of Nursing offers fresh insights from recent research into the nursing profession Nurses represent an important part of the professionally trained female workforce and being a middle class profession changes in nursing reflect changes of many working women worldwide Scholarship addressing these changes however often consists of narratives of nurses talking about themselves which can be enriched by a sociological background that foregrounds hypotheses In this book Ricardo A Ayala problematises the realities which inform affect and shape nursing offering new perspectives on the consequences of those social realities for the nursing profession and society more broadly He draws on extensive field research with nurses in the workplace spending time with them interviewing key actors and reading and analysing documents critically through a distinctive sociological lens

Annual Review of Sociology Individuals, 2005-08 The 17 articles of this collection present the current state of research on various questions in the field written by scholars at American universities The collection begins with an overview of the work and career of James S Coleman d 1995 by Peter V Marsden sociology Harvard U A sampling of other topics featured includes identity politi Choice, 2007 The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976 Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable

transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China *The Politics and Ethics of Identity* Richard Ned Lebow, 2012-08-30 Challenges the notion of consistent unitary identities arguing that we are multiple changing selves shaped by social contexts and processes *Triggered: A Decade of Outrage, Fear, and Political Mania* Philip Stengel, 2025-04-14 From 2015 to 2025 America experienced a cultural and psychological upheaval that redefined its political identity Triggered investigates this decade of instability focusing on the emotional overreaction known as Trump Derangement Syndrome TDS not as a slur but as a measurable phenomenon Blending investigative journalism academic research and firsthand accounts author Philip Stengel examines how media amplification elite panic social media algorithms and grassroots activism contributed to a cycle of outrage Through figures like Dr Lena Vasquez a clinical psychologist analyzing public response Mark Ellison a CNN producer caught in the ratings war and activist Susan Hargrove whose personal life collapsed under political obsession this book explores how politics became personal and how that shift fractured trust in institutions media and even family This is not a defense of Trump It is an analysis of what his presence revealed about America's cultural fault lines *Intellectuals and the Crisis of Politics in the Interwar Period and Beyond* Balázs Trencsényi, 2025-01-31 This volume offers a broad ranging and comprehensive analysis of the history and theory of the political idea of crisis from the interwar period through to the present day It considers how the multiple crises of civilization capitalism social cohesion liberalism democracy socialism and the nation state were conceptualized how these spheres of crisis became entangled and who the intellectuals politicians and experts were who employed these discourses Intellectuals and the Crisis of Politics in the Interwar Period and Beyond maps the range of meanings the term crisis has borne and the roles it has performed across disciplines and countries de-centering the dominant narrative that takes Western European positions and developments as normative It especially focuses on the historical roots of two key contemporary contesters of liberal democracy neoliberalism and populism and presents an innovative analysis of the roots of contemporary illiberalism in Europe Bringing these ideas into the present day Balázs Trencsényi offers ideas on how a reflective and self-critical liberal democratic political position could be defined and defended in our current predicament which is increasingly compared to the interwar period and is often described as a polycrisis **The Media and Political Process** Dr Eric Louw, 2005-04-18 Has the mediaization of politics played any role in encouraging a growing cynicism and disillusionment with political processes in Western democracies This

book examines the increasingly topical subject of the political process and assesses The nature of the relationship between mass media and the political process The impact of media ization on existing political frameworks The implications of media ized politics Eric Louw uses a number of case studies including political celebrity war and terrorism to provide a media studies perspective on how media workers journalists public affairs officers spin doctors impact upon the political process The book also considers the media s role in promoting a range of twentieth century ideologies and emerging dominant discourses It will be important reading for students of Media Politics Cultural Studies Journalism and Public Relations

Book Review Index, 2004 Every 3rd issue is a quarterly cumulation The Media and Political Process Eric Louw, 2010-02-17 How have professional communicators transformed the business of politics How do political bodies use the media to sell domestic and foreign policies to the public This fully revised new edition of The Media and Political Process assesses the impact of spin doctoring and media activity in liberal democracies that are just as concerned with impression management and public relations as with policy Political processes never stand still and this revised second edition explores the mediatization of the political process in light of recent developments from Vladimir Putin s growth into a political celebrity to the activities of spin doctors in the 2008 US Presidential Elections Providing a comprehensive overview of the evolution operation and terminology of political communication this text is an accessible lively resource for students of political communication and media and politics and will be important further reading for students of journalism public relations and cultural studies The British National Bibliography Arthur James Wells, 2003 **Leaders from the 1960s** David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period Skepticism and Political Thought in the Seventeenth and Eighteenth Centuries John Christian Laursen, Gianni Paganini, 2015-01-01 Published by the University of Toronto Press in association with the UCLA Center for Seventeenth and Eighteenth Century Studies and the William Andrews Clark Memorial Library Welfare Reform and Political Theory Lawrence M. Mead, Christopher Beem, 2006-01-05 During

the 1990s both the United States and Britain shifted from entitlement to work based systems for supporting their poor citizens Much research has examined the implications of welfare reform for the economic well being of the poor but the new legislation also affects our view of democracy and how it ought to function By eliminating entitlement and setting behavioral conditions on aid welfare reform challenges our understanding of citizenship political equality and the role of the state In Welfare Reform and Political Theory editors Lawrence Mead and Christopher Beem have assembled an accomplished list of political theorists social policy experts and legal scholars to address how welfare reform has affected core concepts of political theory and our understanding of democracy itself Welfare Reform and Political Theory is unified by a common set of questions The contributors come from across the political spectrum each bringing different perspectives to bear Carole Pateman argues that welfare reform has compromised the very tenets of democracy by tying the idea of citizenship to participation in the marketplace But William Galston writes that American citizenship has in some respects always been conditioned on good behavior work requirements continue that tradition by promoting individual responsibility and self reliance values essential to a well functioning democracy Desmond King suggests that work requirements draw invidious distinctions among citizens and therefore destroy political equality Amy Wax on the other hand contends that ending entitlement does not harm notions of equality but promotes them by ensuring that no one is rewarded for idleness Christopher Beem argues that entitlement welfare served a social function acknowledging the social value of care that has been lost in the movement towards conditional benefits Stuart White writes that work requirements can be accepted only subject to certain conditions while Lawrence Mead argues that concerns about justice must be addressed only after recipients are working Alan Deacon is well to the left of Joel Schartz but both say government may actively promote virtue through social policy a stance some other contributors reject The move to work centered welfare in the 1990s represented not just a change in government policy but a philosophical change in the way people perceived government its functions and its relationship with citizens Welfare Reform and Political Theory offers a long overdue theoretical reexamination of democracy and citizenship in a workfare society

Imagination and Politics in Seventeenth-century England Todd Wayne Butler, 2008 Grounded in the language of early moderns themselves this study proposes a new epistemology of early modern politics which sees human thought as a precursor to political action In analyzing a wide variety of seventeenth century English texts including the writings of Francis Bacon and Thomas Hobbes Caroline Court masques and the poetry and prose of John Milton Todd Butler reveals an early modern English society deeply concerned with the fundamentally imaginative nature of politics [The Princeton Encyclopedia of Poetry and Poetics](#) Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, 2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty first century Through three editions over more than four decades The Princeton Encyclopedia of Poetry and Poetics has built an unrivaled reputation as the most comprehensive and authoritative reference for students scholars and poets on

all aspects of its subject history movements genres prosody rhetorical devices critical terms and more Now this landmark work has been thoroughly revised and updated for the twenty first century Compiled by an entirely new team of editors the fourth edition the first new edition in almost twenty years reflects recent changes in literary and cultural studies providing up to date coverage and giving greater attention to the international aspects of poetry all while preserving the best of the previous volumes At well over a million words and more than 1 000 entries the Encyclopedia has unparalleled breadth and depth Entries range in length from brief paragraphs to major essays of 15 000 words offering a more thorough treatment including expert synthesis and indispensable bibliographies than conventional handbooks or dictionaries This is a book that no reader or writer of poetry will want to be without Thoroughly revised and updated by a new editorial team for twenty first century students scholars and poets More than 250 new entries cover recent terms movements and related topics Broader international coverage includes articles on the poetries of more than 110 nations regions and languages Expanded coverage of poetries of the non Western and developing worlds Updated bibliographies and cross references New easier to use page design Fully indexed for the first time
