

Life, Birth and Death in Democritus. Atomistic Reflections Between Physics and Ethics*

MIRIAM CAMPOLINA DINIZ PEIXOTO

/ Federal University of Minas Gerais /

Judging by the series of texts concerning the subject of life, birth and death in Democritus, we find, in his reflections and enquiries, his interest in the way men of his time faced the processes of birth and death. His reflections include a wide range of perspectives and aspects that include examining human behaviour in the face of death and investigating how it reveals a certain temperament or inclination, inquiring about the nature of these processes and extending the analyses of the processes of birth and death to whole beings through the couple generation-corruption. Democritus' physical doctrine postulates that birth/generation and death/corruption are truly no more than just aggregation and separation of substances or primary elements. In this exposition, we intend to examine the main theses and arguments which appear in all testimonies and fragments through which

Birth and Death Kath Woodward, Sophie Woodward, 2019-12-05 Usually conceived in opposition to each other birth as a hopeful beginning death as an ending this

book brings them into dialogue with each other to argue that both are central to our experiences of being in the world and part of living. Written by two authors, this book takes an intergenerational approach to highlight the connections and disconnections between birth and death. Adopting a relational approach allows the book to explore birth and death through the key relationships that constitute them: personal and social, private and public, the affective and social norms, the actual and the virtual, and the ordinary and profound. Of interest to academics and students in the fields of feminism, phenomenology, and the life course, the book will also be of relevance to policy makers in the areas of birth activism and end of life care. Drawing from personal stories, everyday life, and publicly contested examples, the book will also be of interest to a more general readership as it engages with questions we all at some point will grapple with.

Theology and Issues of Life and Death

John Heywood Thomas, Susan F Parsons, 2014-01-30. He has written studies of Tillich as well as of Kierkegaard. *What I Don't Know about Death*. C. W. Huntington, 2021-09-07. A tenured professor of Eastern Religions and novelist accustomed to vigorous health receives a terminal diagnosis in the winter; between terms and by summer his cancer has run its course. In between, he takes to his keyboard to plumb the foundations of all the Buddhist teachings and meditation he has spent a lifetime pursuing to see how much has really penetrated his being. In this book, readers can join his journey of traversing the gap between knowledge and true wisdom.

The Life of Sir Walter Raleigh from His Birth to His Death on the Scaffold ... William Oldys, 1740. *Birth to Psychic Life* Albert Ciccone, Marc Lhopital, 2022-03-30. Based on rich clinical experience and on theory from numerous psychoanalytical works, this book explores and analyzes the emergence and development of the psychic life. *Birth to Psychic Life* explores the genesis of the psychic apparatus, reconstructs the development of subjectivity with its ups and downs in babies as in all subjects, and studies the relationship between mental states at the dawn of psychic life and those characteristic of psychopathology. The book refers to Freudian, Kleinian, and post-Kleinian works proposing articulations between the different theoretical models. The referenced works' contributions to the understanding of early psychic disorders as well as to the implications of infantile psychic suffering in adulthood are essential. The authors identify the three psychic constellations recognized by many that accompany the psychic birth and suggest new, more adequate names in view of current works on subjectivity: the auto-sensual position, the symbiotic position, and the depressive position. Many other new and original proposals are developed by the authors. Providing tools to think about the processes of psychic growth, this book will be of interest to all psychoanalysts and psychotherapists working with infants and interested in the impact of early psychic development throughout life.

Unbroken Communion

Kathleen Anne McManus, 2004-01-01. The reality of suffering is the greatest challenge to faith in the goodness of creation and the possibility of salvation. Edward Schillebeeckx not only takes this into account but dialectically incorporates the reality of suffering into a theology generally defined by its focus on the interrelated themes of creation, salvation, and eschatological hope. In *Unbroken Communion*, Kathleen Anne McManus O.P. traces the origins of Schillebeeckx's thought, its development, and its consequences.

Schillebeeckx grounds his entire theological project in the promise of a divine human future made visible in creation and entrusted to human freedom Because suffering is so tangibly present in human experience it provides the means dialectically of imaging the horizon of our hope It is thus that Schillebeeckx turns suffering into hope Birth, Death, and Femininity Sara Heinämaa,2010-10-25 Issues surrounding birth and death have been fundamental for Western philosophy as well as for individual existence The contributors to this volume unravel the gendered aspects of the classical philosophical discourses on death bringing in discussions about birth creativity and the entire chain of human activity By linking their work to major thinkers such as Heidegger Nietzsche Beauvoir and Arendt and to major philosophical currents such as ancient philosophy existentialism phenomenology and social and political philosophy they challenge prevailing feminist articulations of birth and death These philosophical reflections add an important sexual dimension to current thinking on identity temporality and community Samsara - The Wheel of Birth, Death and Rebirth Rebecca Harrison,2019-10-30 Along comes a global pandemic coronavirus COVID 19 and our world is turned upside down Can the idea of samsara shed any light on all this terrible suffering turmoil and change Are we all travelling around the ever turning cycle of samsara being born dying then reborn again and again and again Does our life the things that happen to us and our death have any meaning What do Hinduism Buddhism and samsara tell us about suffering life and death Could spiritual dimensions exist or do we live in a purely material universe What is consciousness and does it die when our bodies die Are rebirth or reincarnation even possible Can we have spirituality without religion What if anything might spirituality or religion mean in a turbulent and unpredictable twenty first century Do mysticism psychedelics science and quantum physics offer clues to any of these questions Take a journey with the author through the fascinating cultures of Nepal India Bali and Cambodia and explore their rich traditions of Hinduism Buddhism and samsara Part exploration of spirituality and religion part travel adventure to places of astonishing diversity this book will get you thinking about your own beliefs life and death and where those might fit in to a bigger picture **Time's Reflection** Pasquale De Marco,2025-07-10 Prepare to embark on an extraordinary intellectual odyssey as you delve into the enigmatic nature of time This comprehensive exploration unveils the multifaceted dimensions of time its profound impact on human consciousness history culture and the pursuit of meaning Through a series of thought provoking essays and insightful reflections this book challenges conventional wisdom and invites you to re examine your understanding of time Discover the paradoxes and complexities that surround this fundamental aspect of reality from its perceived linearity to its subjective and elusive nature Unravel the intricate relationship between time and consciousness exploring how our perception memories and anticipations mold our experience of time Delve into the psychological and neurological underpinnings of time perception uncovering the factors that influence our sense of duration and sequence Explore the interplay between time and human existence examining how our cultural social and individual experiences shape our relationship with time Consider the role of time in shaping our life narratives our pursuit of happiness and our attempts
