Reflective Cycle highlights six key steps that must be carried out sequentially and can be continuously repeated to make a progressive cycle.

01. Description

Where were you? Why were you there? What role did you and others play in the event?

02. Feelings

What were you thinking before and during the event? How do you feel about the event?

03. Evaluation

Make quality judgment from an unbiased perspective.

04. Analysis

Analyze your actions and how those of others may have influenced your decisions.

05. Conclusion

What are the key takeaways from this event? What could you have done differently?

06. Action plan

Based on what you've learned from this event, what will you do when a similar situation arises in the future?

Reflective Learning For Social Work:

Reflective Practice in Social Work Christine Knott, Terry Scragg, 2013-08-12 Reflective practice is a key element of learning and development on social work courses and it is an important aspect of social work practice This accessible and introductory text explores a range of approaches to reflective practice that will help students become more confident in answering the question what is reflective practice There are sections on writing reflective journals communicating well with service users and carers and reflective practice while on placements Written in three parts this essential guide starts with a broad exploration of reflection drawing on key texts that have informed its development It then moves on to real practice issues including the management of social work practice and interprofessional working Finally part three looks at maintaining reflective practice and how to use these skills during your time as a social worker Fully updated with the Professional Capabilities Framework this third edition is a must have for all social work students at the beginning of their careers

Reflective Learning for Social Work Nick Gould, Imogen Taylor, 2017-03-02 Since the publication of Donald Schon's *The Reflective Practitioner* in 1983 there has been a dramatic growth of research and writing developing the concept of reflective learning Surprisingly there has been little application of concepts of reflective learning to social work education This volume makes accessible for the first time to a social work readership a book which focuses on reflective learning in social work brings together material on reflective learning from both academic and practice settings creates a seminal text for educators and trainers in universities and practice settings has relevance to an international readership with contributions from the UK USA Canada and Australia

Handbook of Reflection and Reflective Inquiry Nona Lyons, 2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it's necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire the *Handbook of Reflection and Reflective Inquiry* presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau's wide awakes an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the *Handbook* analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the *Handbook of*

Reflection and Reflective Inquiry an invaluable teaching tool for challenging times *Reflective Learning for Social Work* Nick Gould, Imogen Taylor, 1996 The 1st volume to bring to a social work readership a book which focuses on reflective learning in social work this text brings together conceptual research and case material on reflective learning from academic and practice settings **Reflective Reader: Social Work and Human Development** Karin Crawford, 2006-06-27 This book is an original way to introduce students and practitioners to reflective learning and knowledge based practice both of which are key aspects of a social worker's role Readers will consider the impact of social work practice from a life course perspective by using extracts from topical research theory academic texts and national strategy and policy Numerous activities prompt personal reflection and help readers to develop skills in critical analysis as well as providing ways in which they can evidence the impact this learning has on their professional development **Handbook for Practice Learning in Social Work and Social Care** Joyce Lishman, 2007-05-15 This substantially revised expanded and updated edition of the popular Handbook of Theory for Practice Teachers is a comprehensive summary of the theory knowledge research and evidence relating to practice learning in social care focussing on knowledge based practice with a focus on improving outcomes Social Work, Critical Reflection and the Learning Organization Dr Mark Baldwin, Dr Nick Gould, 2012-12-28 A critical characteristic of human service organizations is their capacity to learn from experience and to adapt continuously to changing external conditions such as downward pressure on resources constant reconfiguration of the welfare state and rapidly changing patterns of social need This invaluable groundbreaking volume discusses in detail the concept of the learning organization in particular its relevance to social work and social services Contributors join together from across Europe North America and Australia to explore the development of the learning organization within social work contexts and its use as a strategic tool for meeting problems of continuous learning supervision and change The volume addresses a range of important topics from strategies for embedding learning and critical reflection in the social work learning organization to the implications of the learning organization for the new community based health and social care agenda Teaching Reflective Learning in Higher Education Mary Elizabeth Ryan, 2014-11-05 This book is about understanding the nature and application of reflection in higher education It provides a theoretical model to guide the implementation of reflective learning and reflective practice across multiple disciplines and international contexts in higher education The book presents research into the ways in which reflection is both considered and implemented in different ways across different professional disciplines while maintaining a common purpose to transform and improve learning and or practice The Readers will find this book is innovative and new in three key ways Firstly in its holistic theorisation of reflection within the pedagogic field of higher education Secondly in conceptualising reflection in different modes to achieve specific purposes in different disciplines and finally in providing conceptual guidance for embedding reflective learning and reflective practice in a systematic way across whole programmes faculties or institutions in higher education The book considers important

contextual factors that influence the teaching of forms and methods of reflection. It provides a functional analysis of multiple modes of reflection including written, oral, visual, auditory and embodied forms. Empirical chapters analyse the application of these modes across disciplines and at different stages of a programme. The theoretical model accounts for students' stage of development in the disciplinary field along with progressive and cyclical levels of higher order thinking and learning and professional practice that are expected within different disciplines and professional fields. Secondly, in conceptualising reflection in different modes to achieve specific purposes in different disciplines. It provides a functional analysis of multiple modes of reflection including written, oral, visual, auditory and embodied forms. Empirical chapters analyse the application of these modes across disciplines and at different stages of a programme in terms of demonstrating levels of reflection. The book includes images, diagrams and different text forms to support the creative applications of reflection. And thirdly, the book is innovative in providing conceptual guidance for embedding reflective learning and reflective practice systematically across whole programmes, faculties or institutions in higher education contexts across the world.

Reflective Social Work Practice Richard Ingram, Jane Fenton, Ann Hodson, 2017-09-16. This book provides social workers with a framework for reflecting on their day to day practice. Using a social worker's diary as a starting point, it provides valuable insight into how reflection enhances skills and how factors such as values and emotions can shape social work practice.

Critical Reflection In Health And Social Care White, Sue, Fook, Jan, Gardner, Fiona, 2006-07-01. The book makes an excellent contribution to the library of those keen to delve further into the realm of critical reflection, understand various interpretations of interdisciplinary practices and use these to aid their own and others' professional practice exploration and development. Learning in Health and Social Care: How can professionals reflect critically on the aspects of their work they take for granted? How can professionals practise with creativity, intelligence and compassion? What current methods and frameworks are available to assist professionals to reflect critically on their practice? The use of critical reflection in professional practice is becoming increasingly popular across the health professions as a way of ensuring ongoing scrutiny and improved concrete practice skills transferable across a variety of settings in the health, social care and social work fields. This book showcases current work within the field of critical reflection throughout the world and across disciplines in health and social care as well as analyzing the literature in the field. Critical Reflection in Health and Social Care reflects the transformative potential of critical reflection and provides practitioners, students, educators and researchers with the key concepts and methods.
