Reflexology A Practical Guide:

Emotional Reflexology a Practical Guide 2nd Edition Jenny Talkington, 2021-02-15 Emotional Reflexology A practical Guide second edition by Jenny Talkington Jenny is a reflexologist workshop leader and artist with over 20 years of experience After completing her initial reflexology training at The Oxford School of Reflexology in 1998 she had an excellent grounding in reflexology that covered not only the physical aspects of Reflexology but its emotional aspects too Since then through treating her colleagues it became apparent that the basic one year training available no longer incorporated what Jenny took for granted regarding the emotional links and she was constantly being asked about them She was asked by many to write down what she clearly and accurately saw and felt on the feet So she published her first book in 2010 and has run workshops on her first book As a result Jenny has developed and tested her theories on the emotional links even further In this second edition Jenny explains her theories and ideas on the deeper dimensions to a reflexology treatment and offers suggestions and tips to help your clients even more This book is written to help my fellow reflexology colleagues and anyone who is interested in reflexology to gain a deeper understanding of the emotional links that can be found on the feet and how to help balance them More information is available via www.jennytalkington.co.uk **Emotional Reflexology** Jenny Talkington, 2010-03 This guide is for any student or highly qualified and experienced Reflexologist The emotional balance of a client is as important as any physical imbalances In her extensive training and experience Jenny has noticed and tested her theories on hundreds of individuals and after over a decade of experience has distilled and now shares with you her findings This clear step by step guide will show the reflexes on the feet or hands that relate to particular emotional states and then offers suggestions and ideas as how to best help the client regain their own equilibrium Reflexology Carol Gilbey, 1997
