Regeneration And Conversion:

Regeneration and Conversion Distinguished Edward W. HOOKER, 1853 Regeneration and Conversion. Brief
restatement of the Catholic Doctrine of the former and of the correct view of the latter. Second edition. With an appendix ...
By a Lincolnshire Clergyman, 1876 **By the Grace of Jesus** Rev'd Dr Graham J Whelan OAM, Read with great interest
this excellent critique of Willard J Erickson's work on effectual calling conversion and regeneration from his famous work
Christian Theology Dr Graham Whelan has carefully analysed Dr Erickson's logical order or sequence concerning God's
election and of redeeming His people Dr Whelan turns to the Scriptures to establish God's purpose of election and salvation
The plan of God is the redemption of the elect Careful and detailed scriptural analysis in John 1:1-18 where it is evident that
regeneration comes before conversion and in Romans 3:10-12 where there is no awareness or growth until after regeneration
are only possible after being born again and filled with the Holy Spirit Since everything is God's initiative we learn that Jesus
causes the change The astute observations by Dr Whelan based on careful scriptural analysis challenges Dr Erickson's logical
order by putting regeneration before conversion His sound reasoning has strong academic merit based on the Scriptures and
deserves serious consideration by all who cherish and attempt to understand the Word of God To have a former student with
such depth of perception and ability to carefully analyse what his interests have set before him resulting in a revision of the
Doctrine of Effectual Calling and Grace is truly a heavenly blessing to his mentor and teacher and a wonderfully satisfying

Kim,2019-10-07 The doctrines of covenant faith and the order of salvation are crucial components of early modern Reformed soteriology In seventeenth century England these three major doctrines of Reformed theology which had been taken over undeveloped from the Reformers took a mature shape but aroused controversies among diverse Protestant groups Modern historical scholarship on Reformed orthodoxy has produced little significant research that deals with these doctrines synthetically This examination explores the broader role of faith in relation to these two significant doctrines for salvation in the early modern Reformed theology with specific reference to the thought of Thomas Goodwin To this end Hyo Nam Kim examines Goodwin s life to review his religious experience and to understand his socio theological context Goodwin s soteriology was sharpened by his battles on two fronts The first is the threat of Arminian Neonomian and Socinian soteriologies that tended to place meritorious value on faith and on human acts The second is the Antinomian errors that undervalued faith and human responsibility Goodwin regarded faith as a key concept for his soteriology Faith plays a central role in the covenant theology not only because a lack of faith was the immediate cause of breaking the covenant of works but because saving faith was ordained in the covenant of redemption and actually functions in the covenant of grace as the instrument and a condition for the recovery of the relationship of mankind with God Examination of Goodwin s ordo salutis provides specific insight into the place and function of faith in the covenant of grace since each element of an ordo salutis refers to the blessings prepared for the elect to be finally saved Together with the role of faith in Goodwin s covenant theology therefore the reconstruction of Goodwin s ordo salutis and the close examination of the role of faith in each blessing confirm that although faith may be said to be both an instrument and a condition for salvation faith is the perfect instrument both for making salvation totally God s gracious work and for showing that the elect are not passive objects in the covenant
