Sider, 1997-05-01 *In Harm's Way* Kathleen Kern, 2009-01-01 In 1984 Evangelicals for Social Action founder Ron Sider posed the questions What would happen if we in the Christian church developed a new nonviolent peacekeeping force ready to move into violent conflicts and stand peacefully between warring parties Everyone assumes that for the sake of peace it is moral and just for soldiers to get killed by the hundreds of thousands even millions Do we not have as much courage and faith as soldiers Christian Peacemaker Teams CPT has been trying to answer those questions since 1986 CPT has responded to invitations from grassroots organizers on five continents who are using nonviolent strategies to confront systemic oppression This book provides a glimpse into the mistakes and successes the triumphs and tragedies that teams have shared in with local co workers in various nations It also continues to pose the question What would happen if CPT's efforts were multiplied by millions of Christians with a radical commitment to Jesus's nonviolent gospel **The Christian Consumer**

Laura M. Hartman, 2011-11-29 Consumption the flow of physical materials in human lives is an important ethical issue Out consumption choices affect the well being of humans around the globe in addition to impacting the natural world and consumers themselves In this book Laura Hartman seeks to formulate a coherent Christian ethic of consumption **After Trump** Donald Heinz, 2020-03-18 A black social gospel movement arose after the Civil War to mitigate the broken promises of reparations and the reestablishment of white supremacy After the Gilded Age a new social gospel arose in the early twentieth century that brought together Christian proclamation and an ethic of social justice that became liberal Protestantism's distinctive contribution to world Christianity leaving residues in the New Deal and the Great Society In the face of poverty and bondage in the 1960s Martin Luther King Jr led a second wave of the black social gospel movement and died for it as prophets do It birthed new liberation movements on many fronts Again things fell apart as the Reagan Revolution massively redistributed wealth and social benefits upward and late capitalism flourished In this environment tax cuts for the wealthy and massive inequalities grew and President Trump inherited the resentments of the Christian Right and the opportunism of economic conservatives Would a recurring social gospel have made a difference After Trump American Christianity faces another crisis of decision Will the strange God of the Bible be recalled will the churches relive as social movements that bring good news to all the people will American Christianity recontest the public square and proclaim a new social gospel for our times This book is an invitation and a manifesto Disarming Leviathan Caleb E. Campbell, 2024-07-02 Christian nationalism a worldview rooted in un-Christian ideas about power race and property has taken over large swaths of the United States Introducing the basics of Christian nationalism and its talking points pastor Caleb Campbell equips

Christians to confront these claims with compassion and the truth of the good news of Jesus Wasted Evangelism Chip M. Anderson, 2013-10-04 What is the relationship between the gospel and the church's responsibility toward the poor Can social action be evangelism Wasted Evangelism is an exploration in the Gospel of Mark on the subject of evangelism and social action A proclamation centered definition of evangelism based on the etymology of the word evangelize and a few isolated proof texts is devoid of much of the biblical content that Mark offers to us through his Gospel detaching the concept of evangelism from the narrative meaning that Mark gives to the gospel of Jesus Christ In Wasted Evangelism Chip Anderson develops an exegetically based narrative understanding of biblical evangelism which according to Mark's Gospel includes God's care for the economically vulnerable and his concern for the issues of poverty The studies gathered in this volume propose that social action should not be considered a separate distinct responsibility for the church but is rather a vital component of evangelism A close examination of Mark's Gospel and the biblical texts associated with idolatry poverty and justice provides an opportunity for church leadership to rethink the evangelistic activities of their churches and to reconsider what it means to engage their surrounding communities as agents of God's kingdom **White Evangelicals and Right-Wing Populism** Marcia Pally, 2022-05-04 How did America's white evangelicals from often progressive history come to right wing populism Addressing populism requires understanding how its historico cultural roots ground present politics How have the very qualities that contributed much to American vibrancy an anti authoritarian government wariness and energetic community building turned under conditions of distress to defensive us them worldviews Readers will gain an understanding of populism and of the socio political and religious history from which populism draws its us them policies and worldview The book ponders the tragic cast of the white evangelical story i the distorting effects of economic and way of life duress on the understanding of history and present circumstances and ii the tragedy of choosing us them solutions to duress that won't relieve it leaving the duress in place Readers will trace the trajectory from economic status loss and way of life duresses to solutions in populist us them binaries They will explore the robust white evangelical contribution to civil society but also to racism xenophobia and sexism White evangelicals not in the ranks of the right their worldview and activism are discussed in a final chapter This book is valuable reading for students of political and social sciences as well as anyone interested in US politics **If Jesus Is Lord** Ronald J. Sider, 2019-07-16 What does Jesus have to say about violence just war and killing Does Jesus ever want his disciples to kill in order to resist evil and promote peace and justice This book by noted theologian and bestselling author Ronald J Sider provides a career capstone statement on biblical peacemaking Sider makes a strong case for the view that Jesus calls his disciples to love and never kill their enemies He explains that there are never only two options to kill or to do nothing in the face of tyranny and brutality There is always a third possibility vigorous nonviolent resistance If we believe that Jesus is Lord then we disobey him when we set aside what he taught about killing and ignore his command to love our enemies This thorough comprehensive treatment of a topic of perennial concern vigorously

engages with the just war tradition and issues a challenge to all Christians especially evangelicals to engage in biblical peacemaking The book includes a foreword by Stanley Hauerwas Heathen Kathryn Gin Lum, 2022-05-17 Philip Schaff Prize American Society of Church History S USIH Book Award Society for U S Intellectual History Merle Curti Award in Intellectual History Organization of American Historians A fascinating book Gin Lum suggests that in many times and places the divide between Christian and heathen was the central divide in American life Kelefa Sanneh New Yorker Offers a dazzling range of examples to substantiate its thesis Rare is the reader who could dip into it without becoming much better informed on a great many topics historical literary and religious So many of Gin Lum s examples are enlightening and informative in their own right Philip Jenkins Christian Century Brilliant Gin Lum s writing style is nuanced clear detailed yet expansive and accessible which will make the book a fit for both graduate and undergraduate classrooms Any scholar of American history should have a copy Emily Suzanne Clark S USIH Society for U S Intellectual History In this sweeping historical narrative Kathryn Gin Lum shows how the idea of the heathen has been maintained from the colonial era to the present in religious and secular discourses discourses specifically of race Americans long viewed the world as a realm of suffering heathens whose lands and lives needed their intervention to flourish The term heathen fell out of common use by the early 1900s leading some to imagine that racial categories had replaced religious differences But the ideas underlying the figure of the heathen did not disappear Americans still treat large swaths of the world as other due to their assumed need for conversion to American ways Race continues to operate as a heathen inheritance in the United States animating Americans sense of being a world apart from an undifferentiated mass of needy suffering peoples Heathen thus reveals a key source of American exceptionalism and a prism through which Americans have defined themselves as a progressive and humanitarian nation even as supposed heathens have drawn on the same to counter this national myth **Faith and Public Life** Alfred Sebahene, 2025-05-31 God s love in Jesus Christ for the salvation and recreation of all things is still the hope of the world This Christian affirmation is the reality that holds all things and holds all things together Yet in today s world it is easy to understand why the church is in pain and declining in its Christian and moral influence Rethinking Church in the 21st Century is the culmination of three years of exploration into the condition of the church around the world today Bringing together a diverse community of Christian voices these essays offer reflections and admonitions to ignite the hearts of pastors and leaders during the dynamic vulnerable and hopeful times we face In this third volume the contributors explore how the church should be engaged in the public space in the face of the new opportunities and fundamental challenges confronting the global church today These realities missional expansion persistent barriers to human progress shifts in the composition and centre of gravity of world Christianity and a growing attention to the need for the church to embrace a radically different way of life call for a new approach to the role of faith in our public life to the different ways of witnessing to Christ and stewarding the mysteries of Christian faith With solid grounding in Scripture and critical reflection for

Theology: Exploring Expressions of the Christian Faith Bonnie Miriam Jacob, Editor, 2020-09-06 This book is an important step in clarifying the issues that come up when addressing the public square It is an early effort towards a coherent theological frame for engagement in socio political issues this time rooted in the richness of a multi faith context like that of India While the church is the primary social context in which the saving power of God is made visible this book equally insists that it is in the larger arena of what God is doing in the world that the kingdom s historic presence is felt It is a fitting tribute to a man who has spent much of his life opening up the spaces where the Word is in vital conversation with the larger world Melba Padilla Maggay PhD Institute for Studies in Asian Church and Culture ISACC **Matthew 25 Christianity** Donald Heinz, 2022-09-23 A new movement in American Christianity calls itself Matthew 25 Christians It follows a long train of new religious movements founded in a rediscovered biblical text that migrates to a new context and sets the church on a new course Good news to the poor is Matthew s story grounded in the entire biblical witness In Jesus s famous last judgment story all the world is questioned whether they saw Christ the king enthroned by way of the cross in the least of these the poor the homeless the hungry the sick the imprisoned Are the corporal works of mercy Jesus requires to become new marks of the church in our times Is Matthew 25 the new John 3 16 a new sign to be held up to the world at football games Following this new social gospel comes another question Will the American church succeed in taking this public as a new errand into the wilderness Could the nonconforming resistance movement that is Christianity find a new voice in the public square collaborate with the academy and politicians and turn Matthew s call for social justice into a new deal for social democracy A Bonhoeffer moment in perilous times for the poor calls for no less Just Capitalism Brent Waters, 2016-10-01 Just Capitalism is a Christian moral defense of economic globalization as a system that is well suited to

provide the necessary material needs that are prerequisite for human community and flourishing Global based market exchange offers the development and distribution of the goods of creation for humans to enjoy and share Globalization also offers the most realistic and promising way of exercising a preferential option for the poor Waters argues that economic globalization and thus capitalism is a necessary condition for sustaining human life but not a sufficient condition for enabling human flourishing Even though globalization is generally compatible with Christian theological and moral claims and can realistically facilitate the well being of the human family it must be reoriented toward koinoniahuman community communication fellowshipas the global economy s primary goal in order to help actualize human flourishing Readers will gain insight about how economic globalization and thus capitalism is good for the human family and can be made better by certain reorientations that are compatible with Christian moral values Waters provides a mature and civil counterargument against knee jerk condemnations of economic globalization and capitalism
