Search for Belief in the Poetry of Robert Frost Rajendra Nath Mishra, 1992 This Book Plans To Discuss Robert Frost's Constructive Attitude Towards Life As Portrayed In Most Of His Poems The Author Has Given A New Perspective To Frost's Criticism The Sense Of Death Decay Degeneration Devaluation Disintegration And Alienation Has Been The Prominent Wing Of Modern Poetry Frost Is Conscious Of All These Aspects Of Modern Life It Is Not That He Is Unaware Of The Modern Predicament Rather He Is Useless To Call Our Time Bad In His Poetry One Finds A Different Approach To The Problems Of Life In Spite Of The Fact That Life Is Full Of Distressing Aspects Frost Describes Life Worth Living In Birches He Declares Earth's The Right Place For Love I Don't Know Where It's Likely To Go Better This Reveals The Fact That He Is Not One Among The Palayana Panthis Neither Is He A Nirashavadi He Is An Ashavadi Who Believes In This Creation

The Letters of Robert Frost Donald Gerard Sheehy, 2016 In the years covered here publication of Selected Poems New Hampshire and West Running Brook enhanced Robert Frost's stature in America and abroad and the demands of managing his career as public speaker poet and teacher intensified A good portion of the correspondence is devoted to Frost's appointments at the University of Michigan and Amherst College through which he played a major part in staking out the positions poets would later hold in American universities Other letters show Frost helping to shape the Bread Loaf School of English and its affiliated Writers Conference We encounter him discussing his craft with students and fostering the careers of younger poets His observations and reservations about

educators are illuminating and remain pertinent And family life with all its joys and sorrows hardships and satisfactions is never less than central to Frost s concerns Dust jacket flap *Robert Frost* Lesley Lee Francis,2017-09-29 In this volume Lesley Lee Francis granddaughter of Robert Frost brings to life the Frost family s idyllic early years Through their own words we enter the daily lives of Robert known as RF to his family and friends his wife Elinor and their four children Lesley Carol Irma and Marjorie The result is a meticulously researched and beautifully written evocation of a fleeting chapter in the life of a literary family Taught at home by their father and mother the Frost children received a remarkable education Reared on poetry nurtured on the world of the imagination and instructed in the art of direct observation the children produced an exceptional body of writing and artwork in the years between 1905 and 1915 Drawing upon previously unexamined journals notebooks letters and the little magazine entitled *The Bouquet* produced by the Frost children and their friends Francis shows how the genius of Frost was enriched by his interactions with his children Francis depicts her grandfather as a generous devoted and playful man with a striking ability to communicate with his children and grandchildren She traces the family s adventures from their farm years in New Hampshire through their nearly three years in England This enchanting evocation of the Frost family s life together makes more poignant the unforeseen personal tragedies that would befall its members in later years *Robert Frost* Harold Bloom,2003 A collection of critical essays discuss the works of the American poet *Selected Letters* Robert Frost,1964 Contains correspondence between Robert Frost and various individuals from 1873 to 1963 *Robert Frost's Visionary Gift* William F. Zak,2022-01-26 In *Robert Frost s Visionary Gift Mining and Minding the Wonder of Unexpected Supply* William F Zak provides groundbreaking analysis of well over one hundred of Frost s lyrics considering each poem as an interrelated portion of the poet s overarching constellation of intention Beyond biography this book offers extended close readings of Frost s oeuvre building its case incrementally from deftly examined particulars Zak discusses how the pastoral mode Frost adopts is no depleted homespun idiom retreating from modernism s complexities but a self conscious determination to assume the prophetic mantle from his predecessors Shakespeare Milton Wordsworth Emerson and Thoreau Frost s version of pastoral represents no escape from life s stresses but the most constructive and life sustaining means to address life s struggles head on in both sense of that last phrase This book makes a case for Frost as America s preeminent philosophical poet The unfortunate effect of Frost s early detractors claim that he was merely an ironic and equivocal anecdotalist has for too long relegated his work to the second tier of the modernist poetic pantheon This study by contrast supports Robert Graves claim for Frost as the first American poet who could be honestly reckoned a master poet by world standards **Robert Frost and the New England Renaissance** George Monteiro,2021-05-11 A poem is best read in the light of all the other poems ever written So said Robert Frost in instructing readers on how to achieve poetic literacy George Monteiro s newest book follows that dictum to enhance our understanding of Frost s most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems

and essays of the New England Renaissance Monteiro reads Frost's own poetry not against all the other poems ever written but in the light of poems and essays by his precursors particularly Emerson Thoreau and Dickinson Familiar poems such as Mending Wall After Apple Picking Birches Stopping by Woods on a Snowy Evening The Road Not Taken and Mowing as well as lesser known poems such as The Draft Horse The Ax Helve The Bonfire Dust of Snow A Cabin in the Clearing The Cocoon and Pod of the Milkweed are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished sources Frost's insistence that Emerson and Thoreau were the giants of nineteenth century American letters is confirmed by the many poems variously influenced that derive from them His attitude toward Emily Dickinson however was more complex and sometimes less generous In his twenties he molded his poetry after hers But later after he joined the faculty of Amherst College he found her to be less a benefactor than a competitor Monteiro tells a two stranded tale of attraction imitation and homage countered by competition denigration and grudging acceptance of Dickinson's greatness as a woman poet In a daring move he composes out of Frost's own words and phrases the talk on Emily Dickinson that Frost was never invited to give In showing how Frost's work converses with that of his predecessors Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience
