**The Labyrinth of North American Identities** Philip Resnick, 2012-04-25 What exactly does it mean to be North American Europeans have been engaged in a long running debate about the meaning and nature of Europe The Labyrinth of North American Identities generates a similar discussion in the context of North America what do we learn about North America as a unit and its individual countries when we explore the idea of a shared North American identity Combining cultural anthropological historical political economic and religious considerations Philip Resnick acknowledges the relative differences in power and influence of the United States and its North American neighbours but digs deeper to uncover shared characteristics that constitute a labyrinth of North American identities unrestricted by national boundaries To date discussions of North America have largely revolved around the often technical implications of the North American Free Trade Agreement NAFTA or US homeland security What has been lacking by contrast is a culturally driven set of reflections This book examines the legacy of indigenous cultures the role of organized religion pathways to independence the role of imperial languages manifest destiny market capitalism and its limitations democratic practices and failures diverging uses of the state new world utopias and dystopias regional identities and civilizational perspectives What results is a vision of North America that defies any top down attempt to impose a homogeneous North Americanness

**World Literature Decentered** Ian Almond, 2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet World Literature Decentered is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world

Concise Encyclopedia of Latin American Literature Verity Smith, 2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature those who read and studied in the English speaking world
