Publishing from the South Sarah Nuttall, Isabel Hofmeyr, 2024-11 In 2022 Wits University Press marked its centenary making it the oldest most established university press in sub Saharan Africa While in part modelled on scholarly publishers from the global North it has had to contend with the constraints of working under global South conditions marginalisation within the university budgetary limitations small local markets unequal access to international sales channels and the privileging of English language publishing over indigenous languages This volume explores what the Press has achieved and what its modes of reinvention might look like In widening and deepening our understanding of the Press as an example of a

global South scholarly publisher this volume asks how publishing can contribute to a broader understanding of Southern knowledge production Featuring contributions from scholars publishers and authors this multi voiced volume showcases the history of the Press s publishing activities over 100 years from documenting its evolution through book covers and giving credence to some of the leading black intellectuals and writers of the early 20th century and the success of those works in spite of their authors racial marginalisation to the role of women both in publishing and in the spaces afforded to women s writing on the Press s list The collection concludes with essays by contemporary authors who detail not only their experiences of working with Southern publishers but also the politics and influences governing their decisions to choose the Press over a Northern publisher Publishing from the South shows the strategies deployed by the Press to professionalise Southern knowledge making and in the process demonstrating how university presses in the global South support the scholarly missions of their universities for both local and global audiences

The Hero of Esthonia: Preface. Introduction. pt. I. The hero of Esthonia [The Kalevipoeg] pt. II. Esthonian fold-tales I-II William Forsell Kirby,1895 Cancer Characteristics and Selection of Cases ,2001 *Martin Luther on Reading the Bible as Christian Scripture* William M. Marsh,2017-07-17 Above all else that the sixteenth century German Reformer was known for Martin Luther was a Doctor of the Holy Scriptures One of the most characteristic features of Luther s approach to Scripture was his resolved christological interpretation of the Bible Many of the Reformer s interpreters have looked back upon Luther s Christ centered exposition of the Scriptures with sentimentality but have often labeled it as Christianization particularly in regards to Luther s approach of the Old Testament dismissing his relevance for today s faithful readers of God s Word This study revisits this assessment of Luther s christological interpretation of Scripture by way of critical analysis of the Reformer s prefaces to the Bible that he wrote for his translation of the Scriptures into the German vernacular This work contends that Luther foremost believes Jesus Christ to be the *sensus literalis* of Scripture on the basis of the Bible s messianic promise not enforcing a dogmatic principle onto the scriptural text and its biblical authors that would be otherwise foreign to them This study asserts that Luther s exegesis of the Bible s letter i e his engagement with the biblical text is primarily responsible for his conviction that Christ is Holy Scripture s literal sense

T.S.Eliot and Mysticism Paul Murray,1991-01-01 At last we have a study that tackles these questions and does so with a wealth of learning a poet s sensibility and a thorough theological literacy Murray has given us a superb study Rowan Williams *Doctrine and Life* His point of view is always that of someone practised in meditation and his book is in consequence one of the half dozen really valuable guides to Eliot s poetry Stephen Medcalf *Times Literary Supplement* The story of the composition of *Four Quartets*

in relation to mysticism constitutes one of the most interesting pages in modern literary history T S Eliot drew his inspiration not only from the literature of orthodox Christian mysticism and from a variety of Hindu and Buddhist sources but also from the literature of the occult and from several unexpected and so far unacknowledged sources such as the mystical symbolism of Shakespeare's later plays and the visionary poetry of Rudyard Kipling But the primary concern of this study is not with sources as such nor with an area somewhere behind the work but rather with that point in *Four Quartets* where Eliot's own mystical attitude and his poetry unite and intersect

Isaiah 40-66 Mark W. Elliott, Thomas C. Oden, 2014-02-19 As interpreted by the ancient church fathers Isaiah 40-66 leads readers to a deeper understanding of God's judgment and salvation The excerpts included in this ACCS volume offer us a rich array of differing styles principles and theological emphases from Theodoret of Cyr to Eusebius and Procopius to Cyril of Alexandria Jerome and Augustine
