## **Selections From Russell Gates Of Wisdom:**

*Selections From Bertrand Russell (The Gates Of Wisdom)* Bertrand Russell, Salgaonkar V D, 1957      Educational Philosophy of Dr S Radhakrishnan Dr V N Deshpande, 2017 The spiritual homelessness of modern man cannot last long thus believed Dr Sarvepalli Radhakrishnan 1888 1975 a prominent philosopher educationalist and one of the makers of modern India His solution to the problems of humanity is a return to the religion of spirit to be achieved through the right kind of education Radhakrishnan advocated a sound educational philosophy aimed at harmonious development of the human personality with utmost emphasis on moral and spiritual education This book effectively presents Radhakrishnan's thoughts highlighting their relevance to the present day The author has at length discussed Indian philosophy in comparison with the Western thought and successfully established that the East West synthesis as propagated by Radhakrishnan is the need of the hour to arrest the self destructive tendency of the world and ensure development and peace Readers will also get an account of Radhakrishnan's life story in the backdrop of the political history of pre and post Independent India      **Indian National Bibliography** Bellary Shamanna Kesavan, 1966      International Books in Print , 1990      **Ontario Library Review and Book Selection Guide** , 1916      **Have You Discovered Your Assignment with Destiny?** Anthony Ugochukwu O. Aliche, 2012-07-27 The subject of destiny has attracted various explanations from diverse schools of thought While some believe in and espouse the philosophy of predestination others hold that man is the architect of his own destiny and still others fail to believe in the concept at all Even among those who believe in the concept of destiny there is lack of consensus about its definition and its workings given the critical nature of the subject of destiny There is a need for man to clearly understand and employ the knowledge in his journey from mortality to immortality In *Have You Discovered Your Assignment with Destiny* author Anthony Ugochukwu O Aliche thoroughly examines the concept of destiny and seeks to guide others to an understanding of how this important aspect of our existence functions The journey begins with Aliche's lamentation of man's inability to acknowledge and define his destiny with particular reference to his assignment with himself his obligation with his environment and his assignment with the Creator and the entire cosmos He believes that life lived without discovering one's assignment with destiny is life lived without putting God first and consequently a life tragically wasted He opens our eyes to the fact that so many lives could make a quantum leap if only they could turn to God and nature for the discovery and manifestation of their destiny The world would be a better place if we all discovered that we have a role to play individually and collectively and that we can only achieve if we strive to discover our assignment with destiny      **The Elevator Constructor** , 1926      The Chapel Bell , 1927      **The Iron Age** , 1902      *First Supplement to the Finding List of the Providence Public Library*, 1882 Providence Public Library, 2025-07-08 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage      The Athenaeum , 1883
