The Australian Country

Girl: History, Image, Experience Catherine Driscoll, 2016-03-23 The Australian Country Girl History Image Experience offers a detailed analysis of the experience and the image of Australian country girlhood In Australia country girl names a field of experiences and life stories by girls and women who have grown up outside of the demographically dominant urban centres But it also names a set of ideas about Australia that is surprisingly consistent across the long twentieth century despite also working as an index of changing times For a long period in Australian history well before Federation and long after it public and popular culture openly equated Australian character with rural life This image of Australian ness sometimes went by the name of the bush man now a staple of Australian history This has been counterbalanced post World War II and increased immigration by an image of sophisticated Australian modernity located in multicultural cities These images of Australia balance rather than contradict one another in many ways and the more cosmopolitan image of Australia is often in dialogue with that preceding image of the bush This book does not offer a corrective to the story of Australian national identity but rather a fresh perspective on this history and a new focus on the ever changing experience of Australian rural life It argues that the country girl has not only been a long standing counterpart to the Australian bush man she has more importantly figured as a point of dialogue between the country and the city for popular culture and for public sphere A History of the Book in Australia, 1891-1945 Martyn Lyons, John narratives about Australian society and identity Arnold, 2001 Collection of essays and case studies outlining Australian book production and consumption from the 1880s to the end of World War II Explores all aspects of print culture including authorship editing design and printing publication distribution bookselling libraries and reading habits Includes photos contributor notes bibliography and index Two further books in the A History of the Book in Australia project are planned Lyons is Professor of History at the University of New South Wales He has previously written with Lucy Taksa Australian Readers Remember Arnold is Deputy Director of the National Centre for Australian Studies Monash University He has previously co edited the Biography of Australian Literature ΑE The Athenaeum James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1905 Handbook of Autoethnography Tony E. Brown, 2013-07-05 This has inspired her to capture on paper some of the once in a lifetime preciously innocent and often times hilarious moments that she survived through while raising her 3 children This is just one book out of a series of three that was inspired by the tender moments she has shared particularly within the first 10 years of her childrens lives So if you need a moment to pretend that all is well in the world turn off the evening news grab your children and snuggle up in a chair real close and drift off into a world full of childish giggles and pure innocent laughter And dont forget to tell your kids just how much you LOVE and ADORE them Reading Race Clare Bradford, 2013-05-09 How do children's books relate to the cultures that produce them and how do they influence those cultures In Reading Race Clare Bradford looks at representations of Australia s indigenous peoples in texts for children She shows how these varying representations have

helped to colour the attitudes beliefs and assumptions of different generations of Australians To what extent have children's books enabled readers to understand Aboriginal culture relations between Aboriginal and non Aboriginal people and relationships between Aboriginality and national identity Bradford draws on examples from popular and literary children's books of all genres fiction non fiction picture books and school texts She reveals that many children's books display the tensions and uncertainties inherent in relations between Aboriginal and non Aboriginal people Bradford also uncovers the different ideologies of race that have informed Australian children's texts from the nineteenth century to currently popular writers demonstrating cultural shifts in the representation of Aboriginality over time. The result is a ground breaking and intelligent picture of how Australian children's books by both white and Aboriginal writers have negotiated the matter of race Reading Race will enhance the ways in which we come to read and understand the complex and delicate issues around Aboriginal white relations. It will be an invaluable resource in the fields of post colonial studies Indigenous and Aboriginal studies literary and cultural studies and children's literature.
