Self As Image In Asian Theory And Practice:

Self as Image in Asian Theory and Practice Roger T. Ames, 1998-04-30 This is the third in a series dealing with the concept of self and its importance in understanding Chinese Japanese and Indian cultures The authors examine the relationship between self and image and its significance in attaining a deeper knowledge of Chinese Japanese and Indian cultures The relationship between self and image is as complex as it is fascinating It takes on different meanings and significances in diverse cultures In this volume the focus of attention is largely on representational practices and symbolic media such as literature cinema art and dance By examining both classical and contemporary works associated with China India and Japan the authors seek on the one hand to demonstrate the intricate relationship between self and image and on the other to make use of that relationship to further our understanding of these cultures *Self as Person in Asian Theory and Practice* Roger T. Ames, Wimal Dissanayake, Thomas P. Kasulis, 1994-01-25 This book is a sequel to *Self as Body in Asian Theory and Practice* SUNY 1992 and anticipates a third book *Self as Image in Asian Theory and Practice* In order to address issues as diverse as the promotion of human rights or the resolution of sexism in ways that avoid inadvertent lapses into cultural chauvinism alternative cultural perspectives that begin from differing conceptions of self and self realization must be articulated and respected This book explores the articulation of personal character within the disparate cultural experiences of Japan China and South Asia *Self as Body in Asian Theory and Practice* Thomas P. Kasulis, Roger T. Ames, Wimal Dissanayake, 1993-01-01 This book is an investigation of the relationship between self and body in the Indian Japanese and Chinese philosophical traditions The interplay between self and body is complex and manifold touching on issues of epistemology ontology social philosophy and axiology The authors examine these issues and make relevant connections to the Western tradition The authors allow the Asian traditions to shed new light on some of the traditional mind body issues addressed in the West **Self and Deception** Roger T. Ames, Wimal Dissanayake, 1996-01-01 Distinguished scholars discuss the problem of self deception or rather self and deception **Mono no Aware and Gender as Affect in Japanese Aesthetics and American Pragmatism** Johnathan Flowers, 2023-03-20 *Mono no Aware and Gender as Affect in Japanese Aesthetics and American Pragmatism* places the naturalistic pragmatism of John Dewey in conversation with Motoori Norinaga's *mono no aware* a Japanese aesthetic theory of experience to examine gender as a felt experience of an aware or an affective quality of persons By treating gender as an affect Johnathan Charles Flowers argues that the experience of gendering and being gendered is a result of the affective perception of the organization of the body in line with cultural aesthetics embodied in Deweyan habit or Japanese *kata* broadly understood as culturally mediated transactions with the world On this view how the felt sense of identity aligns with the affective organization of society determines the nature of the possible social transactions between individuals As such this book intervenes in questions of personhood broadly and identity specifically by treating personhood itself as an affective sense In doing so this book demonstrates how questions of

personhood and identity are themselves affective judgments By treating gender and other identities as aware this book advocates an expanded recognition of the how to be in the world through cultivating new ways of perceiving the affective organization of persons

[Feminism/Femininity in Chinese Literature](#), 2016-08-22 The present volume of Critical Studies is a collection of selected essays on the topic of feminism and femininity in Chinese literature Although feminism has been a hot topic in Chinese literary circles in recent years this remarkable collection represents one of the first of its kind to be published in English The essays have been written by well known scholars and feminists including Kang I Sun Chang of Yale University and Li Ziyun a writer and feminist in Shanghai China The essays are inter and multi disciplinary covering several historical periods in poetry and fiction from the Ming Qing periods to the twentieth century In particular the development of women's writing in the New Period post 1976 is examined in depth The articles thus offer the reader a composite and broad perspective of feminism and the treatment of the female in Chinese literature As this remarkable new collection attests the voices of women in China have begun calling out loudly in ways that challenge prevalent views about the Chinese female persona

Democracy as Culture Sor-hoon Tan, John Whalen-Bridge, 2008-11-04 Using a multidisciplinary approach contributors to this volume explore the significance of John Dewey's Pragmatism for the contemporary world They examine such issues as whether Classical Pragmatism justifies global democracy whether Dewey's idea of democracy so intimately linked to American culture has any relevance for other cultures and whether democracy can take other forms than those found in Europe and America Contributors focus on Dewey's cross cultural experience and affinities with Descartes and modern Neo Confucians to provide a glimpse of how Dewey's influence outside America has stimulated other cultures heralding a new stage in the growth of Pragmatism

Shan'ge, the 'Mountain

Songs' Yasushi OKI, Paolo Santangelo, 2011-02-17 *Mountain Songs* is a collection of folk songs edited by the famous writer Feng Menglong 1574-1646. By this innovative work, mainly written in the Suzhou dialect, he aimed to revitalize poetry through the power of popular songs. This collection is very significant to the understanding of the characters of the mobile society of Jiangnan and the vitality of its intellectual world. The songs deal with the lives of common people: women, often prostitutes; boatmen; peasants; hunters; fishers; and paddlers. Their spirit is far from the orthodox moral intents that Zhu Xi advocated for interpreting the Shijing, and their language is often vulgar and full of crude expressions or salacious double meanings and contains allusions to sexual and erotic behaviour.

Intimacy or Integrity Thomas P. Kasulis, 2002-03-31 How can I know something? How can I convince someone of the rightness of my position? How does reality function? What is artistic creativity? What is the role of the state? It is well known that people from various cultures give dissimilar answers to such philosophical questions. After three decades in the cross-cultural study of ideas and values, Thomas Kasulis found that culture influences not only the answers to these questions but often how one arrives at the answers. In generalizing cultural difference, Kasulis identifies two kinds of orientation: intimacy and integrity. Both determine how we think about relations among people and among things, and each is reasonable, effective, and consistent. Yet the two are so incompatible in their basic assumptions that they cannot successfully engage each other. Cultural difference extends beyond nations. Cultural identities crystallize in relation to religion, occupation, race, gender, class. Rather than attempt to transcend cultural difference, Kasulis urges a deeper awareness of its roots by moving beyond mere cultural relativism toward a cultural bi-orientationality that will allow us to adapt ourselves to different cultural contexts as the situation demands. Wonderfully clear and unburdened by jargon, *Intimacy or Integrity* is accessible to readers from a variety of perspectives and backgrounds. By analyzing the synergy between thought and culture, it increases our understanding of cultural difference and guides us in developing strategies for dealing with orientations different from our own.

Materials for an Anatomy of Personality in Late Imperial China Paolo Santangelo, 2010-01-11 How was the concept of personality perceived in late imperial China? Reconstructing the main features describing the individual, this volume, firmly based in textual sources, is a reflection on personality and its attributes in China. It discusses terms that express the propensity, inclinations, predispositions, and temperament of subjects, departing from the descriptions that represent one's and the other's self, as well as terms that describe or label a person's main qualities or defects. As judgments contribute to formulate the image of ourselves and others when talking of personality, not only individual characters, biological traits, cultural basis, innate and acquired traits, and habits are looked into, but also social values and collective mentality, as well as individual and group subjectivity.

Appreciating the Chinese Difference Jim Behuniak Jr., 2018-09-01 A wide-ranging exploration and critical assessment of the work of a major figure in Chinese and comparative philosophy. In this volume, prominent philosophers working in Chinese thought and related areas critically reflect upon the work of Roger T. Ames, one of the most significant contemporary figures working in the field of Chinese philosophy.

Through his decades of collaborative work in comparative methodology and cross cultural interpretation along with a number of pathbreaking translations of Chinese philosophical texts Ames has managed to challenge standing paradigms and open fresh avenues of research into the Chinese tradition His work will be read and studied for years to come The original essays presented here which are substantive philosophical contributions in their own right cover the full range of Ames s scholarly output They address methodological questions as well as specific issues in textual interpretation including ample discussion of Ames s most recent and provocative contribution Confucian role ethics In the final section of the book Ames responds to each essay The result is a conversation and engagement that both underscores the vitality of his thinking and indicates the directions it may take in the future Altogether this work provides a snapshot of a remarkable career and an invitation to continue reflecting upon its meaning and importance This is an outstanding collection critically and constructively engaging a scholar whose work has shaped the entire field of Chinese philosophy Franklin Perkins author of *Heaven and Earth Are Not Humane The Problem of Evil in Classical Chinese Philosophy* *The Oxford Handbook of Japanese Philosophy* Bret W. Davis, 2020 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online

The Oxford Handbook of Modern Indian Literatures Ulka Anjaria, Anjali Nerlekar, 2024 The Oxford Handbook of Modern Indian Literatures is a compilation of scholarship on Indian literature from the 19th century to the present in a range of Indian languages On one hand because of reasons associated with national academic structures publishing resources and global visibility English writing gets privileged over all the other linguistic traditions in the scholarship on Indian literatures On the other hand within the scholarship on regional language literary productions in Hindi Marathi Bengali etc the critical works and the surveys focus only on that particular language and therefore frequently suffer from a lack of comparative breadth and or global access Both reflect the paradigm of monolingualism within which much literary scholarship on Indian literature takes place This handbook instead focuses on the multilingual pathways through which modern Indian literature gets constituted It features cutting edge literary criticism from at least seventeen languages and on traditional literary genres as well as more recent ones like graphic novels It shows the deep connections and collaborations across genres languages nations and regions that produce a literature of diverse contact zones generating innovations on form aesthetics and technique Foregrounding themes such as modernity and modernism gender caste diaspora and political resistance the book collects an array of perspectives on this vast topic
