Mason, Ph.D.,2001-06-20 A practicing specialist in the health and education fields for over thirty five years Nicholas J Mason Ph D has typically worked with clients who feel lost in the bewildering environment of their lives They say they don t know what they feel or what they want from life They are unclear about where they are going and they don t know for sure where they have been These clients complain of feeling helpless out of control confused disoriented and generally unhappy They are not fulfilled souls They need a treasure map to lead them back to a more productive and satisfying path Other clients feel comfortable with their personal lives but have conflicts at work or difficulty getting their careers on track Some are happy enough personally and professionally but want to eliminate destructive habits or gain greater control over their bodies Some feel they know what they need to do but lack motivation Others have severe health problems They all would prosper from a treasure map that would show them the most productive way to achieve whatever is best for them in whatever realm of life where they require it Dr Mason has developed such a comprehensive Treasure Map to create gratifying lifestyles Specifically the Treasure Map reveals that by maintaining heightened conscious awareness respecting

our bodies and spirits and invoking the powers of our subconscious we can learn what we really really want in life and use that knowledge to reach our optimum levels of fulfillment In his experience Dr Mason has found that people who accept this principle and develop the skills to put it into practice solve many of their problems and greatly enhance the quality of their lives Therefore the book's primary purpose is to show readers how to create a lifestyle that enables them first to recognize and then realize their deepest ambitions After the introductory chapters readers learn how to use their Treasure Map to achieve autonomy and optimize health careers and relationships Each chapter presents anonymous case studies from Dr Mason's practice and includes specific exercises and practical techniques as well as narrative explanations

Ready to change your life So empowering Loved the book The book is well written and keeps you interested It brings new approaches as well as reminds us of lessons already learned but put aside Just buy it There are very few people who escape this physical life without having the experience of feeling like giving up Life can get so hectic and out of control at times that we feel like we don't have any control at all What we believe about ourselves becomes our reality and in so many ways what we believe about ourselves forms our future I'm not speaking in airy fairy New Age terms here I am talking about the real deal Our paradigms drive us one way or the other You have to willfully choose how you want to be steered If you are the captain of your boat called life then your hands need to firmly remain on the wheel that moves the rudder You can't be the captain of your boat called life if you allow other people to form your paradigms your beliefs about Self Don't allow others to shape your beliefs about yourself Read The Empowered Life Success coach Cassandra Blizzard offers an intensive look at how we inadvertently give away our personal power and how we can regroup and bring ourselves back into balance This book is the culmination of years of working with people and teaching clients how to trust in their Soul live a more balanced life and find fulfillment and happiness in the world Build a bridge of trust with your own Soul become self actualized and take charge of your life like never before Learn how to get rid of old baggage and break up old belief systems that hold you back and be bold about moving forward in positive ways You can have the good life a balanced life and an emotionally healthy life Cassandra shows readers how to appreciate respect and value Self how to lay down positive boundary lines in relationships and how to transform your life overall Break through wrong thinking overcome obstacles restore hope and create personal success Using this book together with The Empowered Life The Workbook you can transform yourself and your life reconnect with your Soul and develop inner peace Wouldn't you like to feel better about your life Empowerment is just a choice away

Sometimes we make major changes in life just by taking one small step or making one simple decision But those decisions are not always easy to make We tend to cater to other people s whim or we are afraid of hurting someone s feelings Afraid to take a risk to step out of that dead end job and aim for something higher Afraid to make a decision to get out of a bad relationship Afraid fearful anxious Too often these are the emotions that rule our lives and make our decisions for us But it doesn t have to be that way You can empower yourself to be more in control of your life to be more centered to make more positive decisions for self and to understand how the soul works in your life to bring you to a better place always Whether in business relationship or just within yourself you can learn how to take control and be a much more balanced much happier person Relationship Self Esteem Depression Empowerment Healing Confidence Personal Power Intuition
