He used music to entertain and connect people through love. It was his sincere desire to share his spirituality with his fans. In *Blue Star Love* his wish now comes true. Take this incredible journey with Elvis as he describes his home in another world which he calls the Blue Star. Learn of Elvis's deepest innermost self and beliefs about life, love and reality. In *Blue Star Love* you will learn all you ever wanted to know about Elvis but never knew to ask. Maia has taken Elvis's words and thoughts, combining them with great understanding and realness, intertwined his beliefs and put a perspective to it all to look past our questions and find the answers we need. That is what Elvis tried to do. Elvis, I know, is smiling that little nod of approval. I highly recommend everyone, Elvis fan or not, read this book. Wanda June Hill, author of *We Remember Elvis* and *Elvis Face to Face*. *The Astrological Dynamics of the Universe* Demian Allan, 2012-10-26 The *Astrological dynamics of the Universe* looks at how the astrological cycles of planets in signs have had a major impact on the Western World since the period of 1970 to 2020. Relating how particular planetary cycles in the last forty years have changed our society can give us an indicator of what to expect and how we will respond over the next eight years. The book includes the natal charts of the UK and the USA with an explanation and predictions. There is also a chapter on how each of the twelve zodiac signs can survive and get the best from the next eight years. The book also looks at aspects, houses and historical and cultural reference points from the past to the present. The book is designed for astrologers and anyone who has a little astrological knowledge can pick up this book. The ethos of the book is to show how astrology works as a collective unconsciousness tool that has a direct bearing on humanity as a whole. The idea for the book came from my regular astrology column in the Watkins Review Mind Body Spirit magazine which has developed quite a cult following with positive feedback. *Utopia and Revolution* Melvin Lasky, 2018-04-17 The most comprehensive study of ideology and utopia since Karl Mannheim's work of the 1930s. *Utopia and Revolution* can be understood as turning classical political theory on its head or perhaps inside out. Instead of the usual summary of how English radical theologies contributed to the revolutionary process, Lasky shows how such political theology of the mid-seventeenth century became the backbone of the natural history of revolutionary disasters. In a remarkable feat of scholarship in intellectual history, Lasky

charts the course of this historic entanglement over some five turbulent centuries of Western history In so doing he traces the ideological extension of the human personality through the writings of political theorists philosophers poets and historians
