Redeemed Other Sketches:

Historic China, and Other Sketches Herbert Allen Giles, 2019-11-27 In *Historic China and Other Sketches* Herbert Allen Giles presents a rich tapestry of China's history, culture, and philosophy meticulously chronicled through a blend of scholarly analysis and personal narrative. This work is a reflection of Giles' nuanced and engaging prose which invites readers to traverse the intricate landscapes of ancient and modern China. The essays encompass various dimensions of Chinese life from notable historical events to the subtleties of Confucian thought, employing a distinctive literary style that combines observation with deep cultural insight, framing China's multifaceted heritage in a manner both accessible and thought-provoking. Herbert Allen Giles was a prominent sinologist and translator whose extensive engagement with Chinese language and culture profoundly influenced his writings. His experiences living in China during the late 19th century cultivated an in-depth understanding of the nation's complexities which he conveys in this compilation. Giles' commitment to bridging Eastern and Western perspectives positions him as a pivotal figure in the dissemination of Chinese culture to the Western world. His scholarship not only reflects profound respect for his subject but also a desire to challenge misconceptions about China. This book is recommended for anyone seeking to deepen their understanding of China's historical and cultural landscape. Giles' eloquent storytelling and insightful analysis make it an essential read for scholars, students, and general readers alike, offering a timeless glimpse into the heart of a civilization that continues to shape the modern world. *Twentieth Century Fiction* George Woodcock, 1983-04-01

The Mainstream Companion to Scottish Literature Trevor Royle, 2012-01-06 The *Mainstream Companion to Scottish Literature* is the most comprehensive reference guide to Scotland's literature, covering a period from the earliest times to the early 1990s. It includes over 600 essays on the lives and works of the principal poets, novelists, dramatists, critics, and men and women of letters who have written in English, Scots, or Gaelic. Thus, as well as such major writers as Robert Henryson, William Dunbar, Gavin Douglas, Allan Ramsay, Robert Fergusson, Robert Burns, Walter Scott, Robert Louis Stevenson, and Hugh MacDiarmid, the Companion also lists many minor writers whose work might otherwise have been overlooked in any survey of Scottish literature. Also included here are entries on the lives of other, more peripheral writers such as historians, philosophers, diarists, and divines whose work has made a contribution to Scottish letters. Other essays range over such general subjects as the principal work of major writers, literary movements, historical events, the world of printing and publishing, folklore, journalism, drama, and Gaelic. A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works. This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader.
