The Redemptive Self Dan P. McAdams, 2013-02-14 In this revised and expanded edition of *The Redemptive Self* McAdams shows how redemptive stories promote psychological health and civic engagement among contemporary American adults

**The Redemptive Self** Dan P. McAdams, 2006      *The Redemptive Self* Dan P. McAdams, 2006      **Undocumented Migration as a Theologizing Experience** Eunil David Cho, 2024-09-02 In *Undocumented Migration as a Theologizing Experience* Eunil David Cho examines how Korean American undocumented young adults tell religious stories to cope with the violence of uncertainty and construct new meanings for themselves Based on in depth interviews guided by narrative inquiry the book follows the stories of ten Korean American DACA Deferred Action for Childhood Arrivals recipients who have found their lives in limbo While many experience narrative foreclosure believing My story is over Cho highlights how telling religious stories enables them to imagine and create new stories for themselves not as shunned outsiders but as beloved children of God

**Narrative □ State of the Art** Michael Bamberg, 2007-03-14 *Narrative State of the Art* which was originally published as a Special Issue of *Narrative Inquiry* 16 1 2006 is edited by Michael Bamberg and contains 24 chapters with a brief introduction by the editor that look back and take stock of developments in narrative theorizing and empirical work with narratives The attempt has been made to bring together researchers from different disciplines with very different concerns and have them express their conceptions of the current state of the art from their perspectives Looking back and taking stock this volume further attempts to begin to deliver answers to the questions i What was it that made the original turn to narrative so successful ii What has been accomplished over the last 40 years of narrative inquiry iii What are the future directions for narrative inquiry The contributions to this volume are deliberately kept short so that the readers can browse through them and get a feel about the diversity of current narrative theorizing and emerging new trends in narrative research It is the ultimate aim of this edited volume to stir up discussions and dialogue among narrative researchers across these disciplines and to widen and open up the territory of narrative inquiry to new and innovative work

*Cultural Methods in Psychology* Kate C. McLean, 2022 As I sat down to write this chapter about the use of life story methods for capturing cultural historical aspects of LGBTQ identity development I was transported back in time It was a hot summer day in 2004 I had travelled back from the big city where I was attending university to visit my family This was my first summer away from home At that moment my family and I sat in the parking lot of a diner having just finished breakfast at a local greasy spoon a ritualistic send off before I started my four hour return drive In those moments our car felt unusually cramped My dad was in the back seat with me my mom and brother in the front I didn't have much of an appetite that morning knowing that in mere minutes I would come out to my family as gay On our way out of the restaurant walking to our separate cars I somehow managed to muster up the courage to tell my family there was something important I wanted them to know So there I was in the backseat of the car with a message for my family Looking back on it the message was more like

an ultimatum They could learn to love this new version of me as I had done or our routine see you later might be a goodbye This is the beginning of my story both my coming out story and in some ways my life story Thankfully my family is still an important part of this story

**Varieties of Narrative Analysis** James A. Holstein, Jaber F. Gubrium, 2011-08-05 Narrative research has become increasingly popular in the social sciences While no part of the process is easy researchers often struggle to make sense of data that can seem chaotic and without a discernable pattern This book shows how to analyze stories storytelling and stories in society bringing together a variety of approaches to both texts and narrative practice under one cover

**Reshaping Philosophy: Michael Boylan's Narrative Fiction** Wanda Teays, 2022-05-25 This volume offers original essays exploring what fictive narrative philosophy might mean in the research and teaching of philosophy The first part of the book presents theoretical essays that examine Boylan's recent books Teaching Ethics with Three Philosophical Novels and Fictive Narrative Philosophy How Literature can Act as Philosophy The second and third part offer essays on how Boylan executes his theory in the practice within his novels from his two series De Anima and Arch The book clearly shows the unique aspects of the fictive narrative philosophy approach First it makes story telling accessible to wide audiences Second story telling techniques invoke devices that can set out complicated existential problems to the reader that offer an additional approach to thorny problems through the presentation of lived experience Third the discussion of these devices is a way to explore philosophical problems in a way that many can profit from The book concludes with an essay in which Boylan responds to the critical challenges set out in Part One and the practical criticism set out in Parts Two and Three Boylan addresses the key claims made by his objectors and defends his position He engages with the authors in the way his theory is matched against his actual novels This is useful reading for both philosophers and professors of literature teaching introductory as well as upper level courses in the fields of philosophy literature and criticism

Life and Narrative Brian Schiff, A. Elizabeth McKim, Sylvie Patron, 2017 Life and Narrative examines the perennial mystery of how people encounter manage and inhabit a self and a world of their own and others creation and the ramifications of these creations From both literary and social science perspectives this volume grapples with the process of how life and narrative interact with each other

*The Life Story, Domains of Identity, and Personality Development in Emerging Adulthood* Michael W. Pratt Ph.D., M. Kyle Matsuba Ph.D., 2018-05-30 The Life Story Domains of Identity and Personality Development in Emerging Adulthood focuses on individuals' formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood In this book authors Michael W. Pratt and M. Kyle Matsuba present a series of chapters exploring how one's life story manifests across the many components of their developing identity including their religion, morality, vocation, society, and the relationships they have with their parents, peers, and romantic partners Taking their cue from Erik Erikson's model of adolescent and adult development, the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual's personality and development during this formative phase of life Organized around a set of life contexts where personality is manifested, i.e., adjustment, personal ideology, close relationships, occupation, and civic life, this book draws on the authors' own longitudinal research on the development of the life story in emerging adulthood Throughout the book, they incorporate fascinating case studies and historical examples, e.g., Darwin, Pope Francis, Martin Luther King Jr., Jane Fonda, of individuals' unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context

*The Handbook of Life-Span Development, Volume 2*, 2010-08-09 In the past fifty years, scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomena as more profitably studied over time and in relation to other processes The Handbook of Life-Span Development, Volume 2: Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers, counselors, and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan

**Peace and Conflict Studies Research** Laura L. Finley,Robin

Cooper,2014-05-01 This edited book is a new and valuable resource for students teachers and practitioners providing a detailed exploration of how qualitative research can be applied in the field of peace and conflict studies This book explores considerations and components of designing conducting and reporting qualitative research in this field and also provide exemplars of recent empirical research in peace and conflict studies that employed qualitative methods Scholars and

researchers in peace and conflict studies and peace education face unique challenges in teaching designing and conducting qualitative research in these fields This edited book discusses tips in designing qualitative studies in this area and for teaching emerging peace researchers best practices of qualitative inquiry In addition the book discusses some of the trends challenges and opportunities associated with research in peace and conflict studies and peace education Written at a level appropriate for both graduate students and active researchers the primary audience for this book is those teaching and learning about the application of qualitative methods to peace and conflict studies as well as those conducting research in this field There are currently approximately 230 graduate programs in peace and conflict studies This book also provides a useful tool for researchers and students in other academic disciplines who are interested in qualitative research Such disciplines might include education sociology criminology gender studies psychology political science and others Ethical Excellence Heidi M. Giebel, 2020-11-24 Why do some people achieve ethical excellence while others fail For example how did Gloria Lewis overcome a lifetime of difficulty and go on to found a non profit focused on feeding the homeless while Danny Starrett despite a seemingly ideal childhood became a rapist and murderer Why did some Germans rescue their Jewish neighbors while others stood by One recent study found that four personal variables taken together differentiated Nazi era bystanders from rescuers with startling 96 1% accuracy social responsibility altruistic moral reasoning empathic concern and risk taking traits related to ethical excellences virtues like justice benevolence and courage Drawing from the combined wisdom of classical Socratic and Confucian philosophy recent work in psychology and the lived experience of recognized moral heroes the book focuses on how each of us can work toward ethical excellence becoming more like Lewis and neighbor rescuers than like Starrett and Nazi era bystanders The ancient Socratic and Confucian philosophical traditions offer surprisingly sophisticated advice regarding moral education Because research in psychology helps us assess the feasibility of cultivating virtue in ourselves and those we influence Ethical Excellence focuses on combining sound philosophical analysis of ethical virtue and related concepts with relevant empirical research on how these concepts are manifested and developed in everyday practice Willpower for example contributes to development of temperance or moderation grit relates to perseverance and empathy is connected to benevolence Finally the study of ethically exceptional people moral heroes or exemplars serves as living proof that ethical excellence is possible and exemplars can provide inspiration to attempt it ourselves and guidance regarding how to do so successfully Relevant stories and excerpts from the author s own interviews with award winning ethical exemplars complement the use of philosophical virtue theory and psychological research on virtue relevant practice Together these three approaches philosophy psychology and biography help to triangulate ethical excellence and its achievement presenting a much clearer and more complete picture than we can get from any one of these methods alone *Cultivating Virtue* Nancy E. Snow, 2015 Though virtue ethics is enjoying a resurgence the topic of virtue cultivation has been largely neglected by philosophers This book features essays by philosophers theologians and

psychologists at the forefront of research into virtue Publisher s description      Stereotypes and the Construction of the Social World Perry R. Hinton,2019-10-16 Stereotypes and the Construction of the Social World explores the complexity of stereotypes guiding the reader through issues of definition and theoretical explanations from psychology and other disciplines The book examines why people use stereotypes which have often been represented as inaccurate rigid and discriminatory If that is what they are then why would people employ such faulty or biased views of others Whilst this book presents a detailed and comprehensive analysis of the psychological research into the individual use of stereotypes it also presents this research within its ideological and historical context revealing the important sociocultural factors in what we mean by stereotypes From the politics of representation and inter group power relations alongside individual social cognitive issues the book provides a comprehensive and cross disciplinary account of stereotypes and stereotyping Featuring a wealth of real world examples it will be essential reading for all students and researchers of stereotypes      The Cult of CrossFit Katie Rose Hejتمانek,2025-03-11 Based on seven years of research on CrossFit this book uses the fitness regimen as a window into the way American historical legacies are meaningful today This includes cultural Christianity frontier ideology superheroism scientific expertise entrepreneurial capitalism militarism and end of times rhetoric These ideologies are embodied one workout at a time
