Rediscovering Birth

Sheila Kitzinger

Rediscovering Birth:

Rediscovering Birth Sheila Kitzinger,2011 For thousands of years women have given birth among people they know in a place they know well Knowledge is shared between the participants and birth is a social event In this new revised edition of her classic book Sheila Kitzinger explores the universal experience of pregnancy and birth She looks closely at the place of birth what is done to help women in childbirth and examines the bond traditionally formed between mothers and midwives

The Complete Book of Pregnancy & Childbirth Sheila Kitzinger,2003-12-30 A complete manual of physical and emotional preparation for childbirth Joy at Birth Susan Crowther,2019-09-02 To be at the birth of a baby is special yet there is an increasing secularisation and reliance on technology in contemporary maternity care particularly in the western context Through exploration of experiences at birth this book explores joy at birth which is often ignored and overlooked beyond the activities that help to ensure survival This book draws on a collection of stories of birth from mothers birth partners obstetricians and midwives that demonstrate joy at birth across professional groups and in different types of births and locations with or without technological interventions Each chapter introduces stories of joy that highlight embodied spatial and relational meanings Employing the Heideggerian notion of a human being it sketches out an ontological focus that draws our gaze to the everyday taken for granted ways of being at birth Based on phenomenological experiential data and rigorous interpretive analysis underpinned by seminal philosophical writings this book calls for readers to attend to the wholeness of birth in all situations and at all births in ways not attempted before It will be of great interest to midwives and those working in and studying maternity obstetrics and neonatology as well as social and medical anthropology sociology cultural organisational and clinical psychology and spirituality *The Birth Partner* Penny Simkin,2001 Definitive guide for preparing to help a woman through childbirth and the essential manual to have at hand during the event **Supporting a**

Physiologic Approach to Pregnancy and Birth Melissa D. Avery,2013-03-28 Supporting a Physiologic Approach to Pregnancy and Birth A Practical Guide provides an overview of current evidence and a range of practical suggestions to promote physiologic birth within the United States healthcare system Presenting the latest evidence available on practical approaches and minimal interventions this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience Contributors discuss recent research and other published information and present a range of ideas tools and solutions for maternity care clinicians including midwives nurses physicians and other members of the perinatal team An invaluable resource Supporting a Physiologic Approach to Pregnancy and Birth is a must have practical guide for those involved in all aspects of pregnancy and birth **Normal Childbirth** Susan Downe,2008-05-30 This new edition builds on the strengths of the popular first edition with updated national and international data and the most recent debate around the controversial area of childbirth With the increasing risk of litigation there can be a tendency to classify women as at risk if they present with even a hint of a problem This is a contentious area

and midwives need to be aware of the wide parameters of normal in order to practise autonomously effectively and safely This book provides an evidence based source for all midwives and other health professionals with an interest normal birth Explores the wider range of normal childbirth that is unique to individual mothers and babies Challenges the assumptions underpinning current beliefs and attitudes Updated statistics both national and international Latest research and debate

Gentle Birth, Gentle Mothering Sarah Buckley,2013-02-20 An authoritative guide to natural childbirth and postpartum parenting options from an MD who home birthed her own four children Sarah Buckley might be called a third wave natural birth advocate A doctor and a mother she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body Using current medical and epidemiological research plus women s experiences including her own she demonstrates that what she calls undisturbed birth is almost always healthier and safer than high technology approaches to birth Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship

Birth and Death Kath Woodward,Sophie Woodward,2019-12-05 Usually conceived in opposition to each other birth as a hopeful beginning death as an ending this book brings them into dialogue with each other to argue that both are central to our experiences of being in the world and part of living Written by two authors this book takes an intergenerational approach to highlight the connections and disconnections between birth and death adopting a relational approach allows the book to explore birth and death through the key relationships that constitute them personal and social private and public the affective and social norms the actual and the virtual and the ordinary and profound Of interest to academics and students in the fields of feminism phenomenology and the life course the book will also be of relevance to policy makers in the areas of birth activism and end of life care Drawing from personal stories everyday life and publicly contested examples the book will also be of interest to a more general readership as it engages with questions we all at some point will grapple with

Imagery, Ritual, and Birth Anna M. Hennessey,2018-12-11 Every human being is born and has gone through a process of birth Yet the topic of birth remains deeply underrepresented in the humanities overshadowed by a scholarly focus on death This book explores how imagery is used ritualistically in religious secular and nonreligious ways during birth through analysis of a wide variety of art iconography poetry and material culture Objects central to the book s study include religious figurines paintings about birth and other items representative of pregnancy crowning or giving birth that have an historical or original meaning connected to religion Contemporary artists are also creating new art in which they represent birth and mothering as nonreligious events that are sacred or divine Framed through the concept of social ontology which examines the nature of the social world and studies how people create meaning out of the various objects images and processes that make up human social life the book theorizes a social ontology of birth focusing on how the meaning of imagery undergoes metamorphosis between the spheres of religion secularity nonreligion and the sacred when used during birth as a rite of

passage Included in the study are more than thirty images of birth some of which have never been written about before

Evidence Based Midwifery Helen Spiby, Jane Munro, 2009-10-13 Evidence based practice is now widely accepted as a fundamental tenet of midwifery The importance of evidence in defining midwifery policy and practice in the UK health system and others is acknowledged and enduring While the development and evaluation of research in midwifery is well charted the question of how such evidence is incorporated into practice has to date received less attention and discussion in the midwifery profession Answering this need Evidence Based Midwifery focuses on the dissemination and use of evidence for midwifery practice and explores midwives experiences in using the evidence base to inform policy and enhance clinical practice Written by a highly regarded and diverse group from the UK and international midwifery community Evidence Based Midwifery addresses issues of relevance to all midwives whether clinical practitioners or educators students or supervisors researchers or managers Issues that influence evidence based midwifery are discussed and topics covered include problem based learning implementation of evidence based guidelines and the involvement of service users Edited by founder members of the Evidence Based Midwifery Network International collaboration with contributions from the UK Greece Canada and the Netherlands Primary focus on the incorporation of evidence into midwifery practice Real life examples throughout

Spirituality and Childbirth Susan Crowther, Jenny Hall, 2017-09-13 Highlighting aspects of birth often taken for granted ignored or left silenced this book questions the art and meaning of childbirth Addressing spirituality in and around the start of life from a variety of thought provoking perspectives it examines the apparent paradox of impersonal biomedical technocratic systems operating alongside the meaningful experiences encountered by those involved Themes covered include Notions of holism and spirituality culture religion and spirituality Childbirth significance at societal level Spiritual care in maternity care provision Birth environment mood space and place Spiritual experience of all those involved including health professionals Spiritual experience when birth is complex and challenging When birth and death are juxtaposed Although there is considerable literature on spirituality at the end of life this is the only book that draws together a global and multidisciplinary selection of academic researchers and practitioners to reflect on spirituality at the start of life Each chapter explores the relevant theoretical background and makes links to practice using case studies from research and practice The chapters conclude by discussing how spiritual care is and should be provided in this context what practice approaches are beneficial cross cultural perspectives and future directions for research It is an important read for all those interested in childbirth maternity care social science perspectives on health and illness and spirituality

**Nurturing
Massage for Pregnancy: A Practical Guide to Bodywork for the Perinatal Cycle Enhanced Edition** Leslie

Stager, 2020-06-30 Nurturing Massage for Pregnancy is one of the most comprehensive books available for massage students and licensed massage therapists who treat pregnant laboring and postpartum clients The author is a highly skilled perinatal massage instructor who is also a registered nurse childbirth educator and doula

Birth Sylvie Donna, 2010-10 A book for

pregnant women who would prefer to give birth with as little intervention as possible so as to make things as good as possible for both themselves and their babies The countdown takes the reader through 10 key topics and all discussion of issues is supplemented with birth stories and comments from all kinds of women and professionals too The tone is practical reassuring and even inspirational because the many positive birth stories show how it is possible to have a really happy healthy experience of birth Contributions come from Janet Balaskas the woman who realised we're better off not lying down when we give birth Michel Odent pioneer of water births and Bill Bryson the travel writer as well as from many other experts and ordinary but extraordinary mothers who made this book possible The advice is based on current research evidence and in any cases where the evidence is controversial the research and relevant issues are discussed in an optional extra notes section at the back of the book There is a comprehensive Glossary of pregnancy terms and a user friendly Index so as to make it an optimally useful book in all sense of the word In short this is a handbook which could make a real difference to a pregnant woman's experience and also to that of her baby A comment from an antenatal teacher What every woman will want to know put simply and clearly A comment from a midwife perinatal researcher and adjunct professor Betty Anne Daviss Sylvie has created a prescription for healthy birth in a 10 step approach to keep parents focused on what is important in a potentially disastrous birth environment She has provided us with a book that encapsulates anything you wanted to know about keeping your birth normal and healthy And a comment from a mother Had a very late night Friday as I could not put your book down Wow

Supporting Women to Give Birth at Home Mary Steen, 2012-03-12 *Supporting Women to Give Birth at Home* describes and discusses the main challenges and issues that midwives and maternity services encounter when preparing for and attending a home birth To ensure that a home birth is a real option for women midwives need to be able to believe in a woman's ability to give birth at home and to promote this birth option providing evidence based information about benefits and risks This practical guide will help midwives to have the necessary skills resources and confidence to support homebirth The book includes the present birth choices a woman has the implications homebirth has upon midwifery practice how midwives can prepare and support women and their families the midwife's role and responsibilities national and local policies guidelines and available resources pain management options With a range of recent home birth case studies brought together in the final chapter this accessible text provides a valuable insight into those considering homebirth *Supporting Women to Give Birth at Home* will be of interest to students studying issues around normal birth and will be an important resource for clinically based midwives in particular community based midwives home birth midwifery teams independent midwives and all who are interested in homebirth as a genuine choice

Improving Maternity Services Denis Walsh, Sheila Kitzinger, Norman Ellis, 2017-11-22 This title includes Foreword by Sheila Kitzinger Writer Researcher Activist and Honorary Professor Wolfson School of Health Sciences Thames Valley University Birth centres are suitable for every woman whose birth is straightforward which accounts for around 75 per cent of all women This inspirational guide shows

how small scale maternity provision has a profound clinical and organisational advantage over large scale hospital provision including saving of time and money by reducing intervention rates It presents the thoughts and feelings of midwives and patients and how both enjoy the humane and compassionate care of the birth centre ethos The book is invaluable for midwives obstetricians doulas maternity care assistants and maternity service planners and managers It also provides enlightening information for general practitioners and other health and social care professionals maternity service users groups and academics with an interest in midwifery and health services What birth centres do best is simply providing humane childbirth care There are no high tech gadgetry doctors or dramatic stories of childbirth rescues that make it into the media Yet miracles happen inside their walls every day as women have their babies after normal labours and births Until now there have been very few books detailing what happens in birth centres so that women and childbirth professionals can be introduced to an alternative beyond the large hospital model This book provides a window in on the birth centre model and there are some exciting things to find there about childbirth care in the 21st century Denis Walsh in the Preface Denis Walsh has one of the most incisive analytical and brilliant minds in nursing and midwifery research today He demonstrates the difference between a quality environment for birth where a woman can create her own nest and a technocratic bureaucratically controlled highly medicalised and risk oriented birth culture dominated by the clock which is most women s experience today Sheila Kitinger in the Foreword

Evidence-based Care for Normal Labour and Birth Denis Walsh, 2007-04-19 Evidence based care is a well established principle in contemporary healthcare and a world wide health care movement However despite the emphasis on promoting evidence based or effective care without the unnecessary use of technologies and drugs intervention rates in childbirth are rising rapidly Evidence based Care for Normal Labour and Birth brings to light much of the evidence around what works best for normal birth which has until now remained largely hidden and ignored by maternity care professionals Beginning with the decision about where to have a baby through all the phases of labour to the immediate post birth period it systematically details research and other evidence sources that endorse a low intervention approach The book highlights where the evidence is compelling discusses its application where women question its relevance to them and where the practitioner s expertise leads them to challenge it gives background and context before discussing the research to date includes questions for reflection and practice recommendations generated from the evidence Using research data Evidence based Care for Normal Labour and Birth critiques institutionalised scientifically managed birth and endorses a more humane midwifery led model Packed with up to date and relevant information this controversial book will help all students practising midwives and doulas keep abreast of the evidence surrounding normal birth and ensure their practice takes full advantage of it

Inappropriate Bodies Art, Design and Maternity Buller Rachel Epp, 2019-09-01 This edited collection examines conflicting assumptions expectations and perceptions of maternity in artistic cultural and institutional contexts Over the past two decades the maternal body has gained currency in popular culture and the

contemporary art world with many books and exhibitions foregrounding artists experiences and art historical explorations of maternity that previously were marginalized or dismissed In too many instances however the maternal potential of female bodies whether realized or not still causes them to be stigmatized censored or otherwise treated as inappropriate cultural expectations of maternity create one set of prejudices against women whose bodies or experiences do align with those same expectations and another set of prejudices against those whose do not Support for mothers in the paid workforce remains woefully inadequate yet in many cultural contexts social norms continue to ask what is wrong with women who do not have children In these essays and conversations artists and writers discuss how maternal expectations shape both creative work and designed environments and highlight alternative ways of existing in relation to those expectations **Bump** Kate Evans, 2014-04-01 Kate Evans celebrated author of the breastfeeding bestseller *The Food of Love* acclaimed cartoonist and mother turns her attention to the joys and pains of growing a baby Evans deftly handles the physical and emotional changes that come with being pregnant looking at the practicalities of every stage as well as the challenges that may arise Her no nonsense quirky and accessible text is illustrated throughout with detailed artwork to guide the reader through the intricacies of human reproduction whilst her customary laugh out loud cartoons demystify the complexities of pregnancy and birth The book includes a graphic guide to conception practical help for those trying to conceive early pregnancy advice stop telling me what to do food glorious food the call of the duvet engaging with the professionals abortion rights and wrongs miscarriage support screening and scans are you ready to have a baby the physical preparations ripening and readying waiting well past your due date the art of birth labor push it real good the Caesarean section **As If Already Free** Holly High, Joshua O. Reno, 2023-10-20 Contains precious insights into what made David Graeber the most innovative social thinker of our time and why the legacy of his ideas will inspire projects of emancipation for generations David Wengrow Professor University College London co author with David Graeber of *The Dawn of Everything* A must read for anyone who believes in the power of academia as activism Sophie Chao University of Sydney David Graeber 1961 2020 was an American anthropologist and anarchist activist who left us with new ways to understand humankind This collection of new writing brings together his insights into one book showing how deeply his work continues to influence us today Graeber s writing resonates with scholars and activists looking to shake things up The impact of his work is broad in scope from birth to banking and he picks open social hierarchy and political power to expose what really makes human society tick In today s neoliberal world we can turn to his legacy to provide a way for us to understand what went wrong and how to fix it This collection of writings is both an introduction to his life and works a guide to his key ideas and an inspiring example of how people are continuing to use his work today Holly High is an Associate Professor at Deakin University Australia She has written two books *Fields of Desire* and *Projectland* Joshua O Reno is a Professor at Binghamton University US A socio cultural anthropologist he is the author of *Waste Away* *Military Waste* and co author of *Imagining the Heartland* **Oh**

Baby Kathy Fray, 2016-02-29 Much recommended by new mothers this is the only book you ll need for the best baby advice Now completely revised and updated Refreshingly honest openly frank and candidly blunt this book has been written by a mother who is also an experienced midwife for other mothers It oozes warm fuzzies exudes realism in every paragraph and is refreshing in its guiltless honesty Modern first time mothers are often alone devoid of once traditional motherhood knowledge and practical support Often previously self confident women find themselves isolated fumbling over everyday mothering tasks enduring sleep deprivation feeling desperately despondent and aching and leaking everywhere This book provides supportive caring advice one mum to another while at the same time serving as an encyclopaedic medical reference regarding the mother and baby Checked thoroughly by medical professionals this book is a unique blend like having access to a kind and gentle GP as well as to all the gems of wisdom of years of mothers coffee groups This title clearly and compassionately explains the ups as well as the downs which are perfectly normal aspects of giving birth and mothering in today s society

Rediscovering Birth Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rediscovering Birth has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rediscovering Birth has opened up a world of possibilities. Downloading Rediscovering Birth provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rediscovering Birth has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rediscovering Birth. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rediscovering Birth. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rediscovering Birth, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rediscovering Birth has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rediscovering Birth Books

What is a Rediscovering Birth PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rediscovering Birth PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rediscovering Birth PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rediscovering Birth PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rediscovering Birth PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
