Reducing Urban Unemployment What Works At The Local Level:

Reducing Urban Unemployment William H. McCarthy, 1985-01-01 This booklet considers the problems of urban unemployment and presents 21 case studies of urban areas dealing with the problem The first chapter defines urban unemployment and classifies barriers to employment trends in unemployment and types of unemployed persons Chapter 2 describes some general principles necessary to successfully combat the problem on the local level There are two major considerations which make a program successful 1 differentiating the groups needing help i e disadvantaged youth hard to employ adults and dislocated workers and within these groups identifying the problem specific to where they live and work and 2 specifically tailoring the programs to meet the needs identified above Chapters 3 4 and 5 present the case studies subdivided according to the particular group served disadvantaged youth hard to employ adults dislocated workers Each case study is presented in a summarized form and a contact person is listed at the end of each The sources of initiative for the variety of programs surveyed include local elected officials responsible for nine of the 21 private industry responsible for six community based organizations responsible for five and foundations responsible for one CG **The Ghetto Underclass** William Julius Wilson, 1993-08-17 Sponsored by the American Academy of Political and Social Science William Julius Wilson is a leader in the study of the urban underclass His controversial thesis states that the fragmentation of the black community along class lines has resulted in a group of blacks who have left the inner city for middle class suburban life leaving behind the ghetto underclass of very disadvantaged poor This thesis has had an enormous impact on the study of urban life race and society Originally published as a special issue of the Annals of the American Academy of Political and Social Science The Ghetto Underclass addresses questions from theoretical empirical and policy perspectives Wilson and other leading social scientists cover demographic and industrial transitions family patterns sexual behavior immigration and homelessness of the urban underclass Wilson s introduction updates recent work on this topic since publication of the Annals issue The Ghetto Underclass should be read by all students and professionals of urban studies ethnic studies sociology policy studies political science social work social welfare and education *An Anthology Regarding Merit Goods* Wilfried Ver Eecke, 2007 Merit Goods are those goods and services that the government feels that people will under consume and which therefore ought to be subsidized or provided free at the point of use The consumption of merit goods is thought to generate positive externality effects where the social benefit from consumption exceeds the private benefit Examples of merit goods are health services education public libraries and inoculations against certain diseases Van Eecke has assembled a collection of articles and papers that covers the issue of merit goods from a variety of perspectives and has provided a single source for researchers and economist interested in the issue The work begins with a thorough look at Musgrave s notion of merit goods The subsequent sections expand the definition of merit goods and provide information on the application of merit goods theory in economic philosophical social and religious terms The reference also has an extensive bibliography *Resources in*
