 Recruitment to legislative office is one of the core functions of political systems yet we know little about how the process varies from one country to another *Passages to Power* provides a comparative account of legislative recruitment which applies a common analytical framework and new survey data to nineteen advanced democracies  
 Legislative recruitment refers to the critical step as people move from lower levels of politics into parliamentary careers Who succeeds in becoming a politician Who fails And why Based on original research which adopts a new institutionalist perspective this 1997 book compares these issues in a wide range of countries This important study brings together an outstanding group of international scholars to look at recruitment around the world The countries examined in depth include Australia Canada Finland Germany Japan the Netherlands New Zealand the United Kingdom and the United States along with a comparison of all member states in the European Union      *A Contrived Countryside* Keith Hoggart, 2021-03-26  
 This book shows how governance regimes before the 1970s suppressed rural prospects of housing improvement and created conditions for middle class capture Using original archival sources to reveal the intricacies of local and national policy processes weak rural housing performances are shown to owe more to national governance regimes than local underperformance Looking behind the scenes at policy processes highlights neglected principles in national governance and shows how investigating rural housing is fundamental to understanding the national scene With original insights and a new analytical perspective this volume offers evidence and conclusions that challenge mainstream assumptions in public policy housing rural studies and planning      **Pushing Back the Boundaries** Mike Mannin, 1999  
 Missionary families were an integral component of the missionary enterprise both as active agents on the global religious stage and as a force within the enterprise that shaped understandings and theories of mission itself Taking the family as a legitimate unit of historical

analysis in its own right for the first time Missionary families traces changing familial policies and lived realities throughout the nineteenth century and powerfully argues for the importance of an historical understanding of the missionary enterprise informed by the complex interplay between the intimate the personal and the professional By looking at marriage parenting and childhood along with professionalism vocation and domesticity this first in depth study of missionary families reveals their profound importance to the missionary enterprise and concludes that mission history can no longer be written without attention to the personal emotional and intimate aspects of missionary lives      **Reports from Committees** Great Britain.
