Nursing: Decision-Making Skills for Practice Karen Holland,Debbie Roberts,2013-05-30 Decision making is a key skill for today s nurses Nursing Decision Making Skills for Practice is an essential guide for student nurses that prepares them to make effective decisions on the ward and in the community This new title in the Prepare for Practice series details the fundamental knowledge and skills needed to make good decisions across a variety of nursing areas from involving patients in decision making to using the best evidence in care planning Case studies activities and exercises ensure that theories of decision making are brought into real world nursing situations Evidence based and with links to core NMC competencies throughout this textbook will help undergraduate and qualified nurses to make confident decisions and boost their academic personal and professional development *Nurse-Led Clinics* Richard Hatchett,2013-06-17 In recent years there has been a huge growth in nurse led clinics within hospital outpatient departments general practitioner surgeries and health centres The government has endorsed the use of such

clinics as a way for the public to access specialist health care and treatment more quickly and also as an effective way to manage chronic ill health. However, there is a lack of uniform structure in educational preparation for nurses interested in taking up nurse led practice and a dearth of literature offering practical guidance. This text provides a much needed overview of this new arena for nursing and includes case studies from practitioners running nurse led clinics. Topics covered include Setting up a clinic, Public protection issues, Nurse education, Managing medicines, Effectiveness and evaluation. The text allows the reader to explore key practice issues which directly affect the quality of service provided. It will be an invaluable handbook for nurses directly involved in running clinics for those responsible for the provision of nurse led services and for nurse educators.

Contexts of Nursing John Daly, 2009. Contexts of Nursing 3e builds on the strengths of previous editions and continues to provide nursing students with comprehensive coverage of core ideas and perspectives underpinning the practice of nursing. The new edition has been thoroughly revised and updated. New material on Cultural Awareness and Contemporary Approaches in Nursing has been introduced to reflect the realities of practice. Nursing themes are discussed and are supported by illustrated examples and evidence. Each chapter focuses on an area of study within the undergraduate nursing program and the new edition continues its discussion. *Learning and Teaching in Social Work Practice* Audrey Beverley, Aidan Worsley, 2007-10-26. With the increasing importance of learning on practice placement, this new book provides students, practitioners and their assessors with a practical understanding of how people learn best in the workplace, the principles involved in work based teaching and assessing and the contribution of other disciplines to work based learning.

Bailliere's Study Skills for Nurses and Midwives Sian Maslin-Prothero, 2010-01-21. Whether you are a first time student or returning to study, it can seem very daunting. This book can help you get the most from studying and shows how to make good use of your time and achieve success. This 4th edition has been thoroughly revised and updated. It demonstrates how to develop and build on existing strengths and experiences to get the most out of any course. Using a down to earth and user friendly style, it concentrates on what you need to know. It can help you to get the most from reading and lectures, access libraries, use the Internet and databases, develop IT skills, learn through reflection, develop a portfolio, prepare assignments, get the most from placements, activities, reflection points, case studies, annotated further reading, useful websites. This new edition reflects recent changes in nursing and midwifery policy and practice, including aspects such as ePortfolios, the European Computer Driving Licence and podcasts. The majority of the chapters have been rewritten with either a student or a practitioner to reflect the need for greater evidence of practice and its importance to midwifery and nursing students. More emphasis on clinical nursing and midwifery practice by relating skills to clinical placements and employment with a new chapter on Clinical Skills. New chapter on Getting ready to study.
