Building the Prison State Heather Schoenfeld, 2024-05-31 The United States incarcerates more people per capita than any other industrialized nation in the world about 1 in 100 adults or more than 2 million people while national spending on prisons has catapulted 400 percent Given the vast racial disparities in incarceration the prison system also reinforces race and class divisions How and why did we become the world s leading jailer And what can we as a society do about it Reframing the story of mass incarceration Heather Schoenfeld illustrates how the unfinished task of full equality for African Americans led to a series of policy choices that expanded the government s power to punish even as they were designed to protect individuals from arbitrary state violence Examining civil rights protests prison condition lawsuits sentencing reforms the War on Drugs and the rise of conservative Tea Party politics Schoenfeld explains why politicians veered from skepticism of prisons to an embrace of incarceration as the appropriate response to crime To reduce the number of people behind bars Schoenfeld argues that we must transform the political incentives for imprisonment and develop a new ideological basis for punishment

Pitiful Plaintiffs Susan Gluck Mezey, 1999-03-15 Focusing on a class action lawsuit against the Illinois child welfare system B H v Johnson Pitiful Plaintiffs examines the role of the federal courts in the child welfare policymaking process and the extent to which litigation can achieve the goal of reforming child welfare systems Beginning in the 1970s children s advocates asked the federal courts to intervene in the child welfare policymaking process Their weapons were for the most part class action suits that sought widespread reform of child welfare systems This book is about the tens of thousands of abused and neglected children in the United States who enlisted the help of the federal courts

to compel state and local governments to fulfill their obligations to them Based on a variety of sources the core of the research consists of in depth open ended interviews with individuals involved in the Illinois child welfare system particularly those engaged in the litigation process including attorneys public officials members of children s advocacy groups and federal court judges The interviews were supplemented with information from legal documents government reports and publications national and local news reports and scholarly writings Despite the proliferation of child welfare lawsuits and the increasingly important role of the federal judiciary in child welfare policymaking structural reform litigation against child welfare systems has received scant scholarly attention from a political science or public policy perspective Mezey s comprehensive study will be of interest to political scientists and public policy analysts as well as anyone involved in social justice and child welfare

*Courageous Judicial Decisions in Alabama* Dr. Jack Kushner,2011-02-23 When one reads the history of the state of Alabama courageous judicial decisions appears to be an oxymoron because there have not been many such decisions Most that did occur were related in some fashion to the racial problems that have existed in Alabama from the very beginning of statehood It is important that we understand just what we mean when we speak of courage Sustained courage emanates from character which in itself takes a lifetime to build Courage can be defined as the moral strength that permits one to face fear and difficulty Courage requires a certain amount of leadership and this leadership behavior is admirable and excellent Making judicial decisions that changed ways of living in Alabama during the days of segregation required courage These decisions could have severe consequences for ones safety and could affect ones family Yet despite the potential consequences there were at least four judges in Alabama who made decisions based on what they thought was the right thing to do and would lead Alabama in the right direction The judges whose names come immediately to the forefront are George Stone Thomas G Jones James E Horton Jr and Frank M Johnson
