**Issues in Web-Based Pedagogy** Robert A. Cole, 2000-06-30 There has been an explosion of Web based courses in higher education Aiming at an interdisciplinary audience the contributors draw upon diverse philosophical and empirical backgrounds to make claims about Web based pedagogy Among the points they raise is the concern that education is more easily commodified through Internet technologies implying that traditional faculty roles in teaching and research are at risk Moreover current understandings of what it means to be a teacher or a student are undergoing redefinition as a result of these new distance learning technologies The contributors note that Web based pedagogy is associated with sound instruction when particular strategies are adopted As a corollary this form of teaching is least effective when attempts are made to directly translate traditional styles of teaching Political social and economic interests are competing to shape the direction that online education will take The authors argue that opportunities exist for administrators and faculty to define the terms under which Web based learning will occur in their institutions

**The Death of Luigi Trastulli and Other Stories** Alessandro Portelli, 2010-03-30 Portelli offers a new and challenging approach to oral history with an interdisciplinary and multicultural perspective Examining cultural conflict and communication between social groups and classes in industrial societies he identifies the way individuals strive to create memories in order to make sense of their lives and evaluates the impact of the fieldwork experience on the consciousness of the researcher By recovering the value of the story telling experience Portelli s work makes delightful reading for the specialist and non specialist alike

**Interacting Factors For Social Development** B.C. Mahapat, 2008 The terms social engineering is now coined first time in the state elections It gives a very big point to be thought over What is social engineering and why it is being needed As that of many of the big issues have been raised in today s life regarding social structure As we all know that Indian society is very complex society in all the means We have orthodoxal issues labour issues child and development issues gender equality mother worship issues at the same time

Handbook of Distance Education Michael Grahame Moore, William G. Anderson, 2003-04-02 The second edition of this award winning book

continues the mission of its predecessor to provide a comprehensive compendium of research in all aspects of distance education arguably the most significant development in education over the past quarter century While the book deals with education that uses technology the focus is on teaching and learning and how its management can be facilitated through technology This volume will be of interest to anyone engaged in distance education at either the K 12 or college level It is also appropriate for corporate and government trainers and for administrators and policy makers in all these environments
