What's Different about This Book? This modular reference book and series for co-parents and human service professionals is unique in the genre of stepfamily media for seven reasons. It is the only current resource that is based on a 30 years clinical research including over 17,000 hours consultation with over 1,000 typical divorced and stepfamily adults and some of their kids. b. five widespread re-marital hazards and c. 12 Projects to neutralize the hazards. This volume integrates six core concepts: proven family systems principles and an inner family concept of human personalities linked to a definition of high nurturance families; a framework of seven effective thinking and communication skills; healthy three-level grieving and healing blocked grief; and a framework of stepfamily realities, meanings, and merger adjustment tasks. A fifth uniqueness is that the book provides Internet addresses to over 150 experience-based stepfamily articles, worksheets, and other resources to augment its contents. This is one of several guidebooks for a free 8-module self-study course for people interested in healing and self-growth. Lesson 7 focuses on evolving high nurturance stepfamilies. And this book is different because of my personality, writing style, training (BSME and MSW) and 72 years life experience, engineering, business teaching, and 30 years practice of psychotherapy with hundreds of stepfamily clients.
