 Burns, James Connelly, 2016-12-22 Leo Strauss was a political philosopher who died in 1973 but came to prominent
 attention in the United States and also Britain around the beginning of the War in Iraq Charges began emerging that
 architects of the war such as Paul Wolfowitz and large numbers of staff in the US State and Defense Departments had
 studied with or been influenced by the academic work of Strauss and his followers A vague but powerful idea was generated
 in the popular press that a group known as the Straussians had been instrumental in the long range strategic planning of
 American foreign policy both to advance American interests and to encourage democratic revolutions outside the West This
 volume of essays opens up the topic of Leo Strauss and the Straussians to those outside the relatively narrow circles who
 have been concerned with him and his followers up to now **European and Latin American Social Scientists as**
Refugees, Émigrés and Return-Migrants Ludger Pries, Pablo Yankelevich, 2018-10-28 During the 1930s thousands of
 social scientists fled the Nazi regime or other totalitarian European regimes mainly towards the Americas The New School
 for Social Research NCSR in New York City and El Colegio de México Colmex in Mexico City both were built based on
 receiving exiled academics from Europe Comparing the first twenty years of these organizations this book offers a deeper
 understanding of the corresponding institutional contexts and impacts of emigrated exiled and refugee academics It
 analyses the ambiguities of scientists situations between emigration return migration and transnational life projects and
 examines the corresponding dynamics of application adaptation or amalgamation of travelling theories and methods these
 academics brought Despite its institutional focus it also deals with the broader context of forced migration of intellectuals

and scientists in the second half of the last century in Europe and Latin America In so doing the book invites a deeper understanding of the challenges of forced migration for scholars in the 21st century *The Jews' Indian* David S.
